

To be depleted in the pursuit of a grander something is never truly exhausting. Certainly the tiredness is real and daunting but the lingering effects of perhaps helping to change and alter lives for the better and the majestic transcend all that. Today I am depleted. But I am also filled with energy and purpose.

American Civil War Spencer C. Tucker, 2013-09-30 This expansive multivolume reference work provides a broad multidisciplinary examination of the Civil War period ranging from pre-Civil War developments and catalysts such as the Mexican American War to the rebuilding of the war-torn nation during Reconstruction. The Civil War was undoubtedly the most important and seminal event in 19th-century American history. Students who understand the Civil War have a better grasp of the central dilemmas in the American historical narrative: states rights versus federalism, freedom versus slavery, the role of the military establishment, the extent of presidential powers, and individual rights versus collective rights. Many of these dilemmas continue to shape modern society and politics. This comprehensive work facilitates both detailed reading and quick referencing for readers from the high school level to senior scholars in the field. The exhaustive coverage of this encyclopedia includes all significant battles and skirmishes, important figures, both civilian and military, weapons, government relations with Native Americans, and a plethora of social, political, cultural, military, and economic developments. The entries also address the many events that led to the conflict: the international diplomacy of the war, the rise of the Republican Party, and the growing crisis and stalemate in American politics, slavery and its impact on the nation as a whole, the secession crisis, the emergence of the total war concept, and the complex challenges of the aftermath of the conflict.

A Christian Worldview Primer for Twenty-First-Century Americans Stephen Heath, 2024-12-20 This primer begins by introducing the basic concepts of worldview. It then outlines Christianity's answers to the worldview questions of origins, purpose, and destiny. As a primer is wider than it is deep, this one sets forth only broadly those concepts that shape the Christian worldview. It seeks to provide a bird's-eye view of the story of God's revelation for those who have begun their faith journey without necessarily having had the benefit of an in-depth instruction in the faith. It makes no claim to be a substitute for lifelong study and hopes ultimately to raise interest in and steer the reader toward that needed deeper understanding. Toward that end, it sets forth that conceptually, Christianity's answers to worldview questions are built on a recognition that Christianity is revealed religion. Its God reveals himself not as one but as three in one. His revelation takes place at specific times and places through chosen individuals and groups. Christianity has a history with a unique focus on the life, ministry, death, resurrection, and ascension of Jesus Christ. The story of the events leading to that focus has been recorded for us in the Hebrew Scriptures, and the story of God's revelation continues to be

spread through the New Testament church The church is sustained by the Holy Spirit through worship and prayer Believers live in a context of faith love and hope Their mission is to serve others and to share with the world God s message of creation and fall judgment and redemption Christianity s understanding of the universe and life and law within it is unique comprehensive and coherent In every age the Christian worldview confronts a competing worldview which wrests authority from God and claims autonomy for humanity itself At this time and place the world on its own opposes the Christian worldview in many ways These ways include matters of authority truth rights sex social justice the relationship between religion and politics and society s dependence on three basic independent institutions the family a religious institution and a civic one This primer seeks to make the believer aware of these relationships and the differences between Christianity s understandings of them and those of the world It ends on a note of hope remembering the words of our Lord Be of good cheer for I have overcome the world
