Sinopsis :

The author first met Orson Welles in Dublin's Gate Theatre during the late 1930s, and established a long and stormy relationship with him. When the film of "Othello" was planned by Welles, the author was hired as Iago. This book is an account of the travails attendant on the production, which constantly ran out of money, and is also an acerbic and witty assessment of Welles himself.

What Ever Happened to Orson Welles? Joseph McBride, 2014-04-23 A personal and passionate account of the *Citizen Kane* director s years as an expatriate and self funded filmmaker *Los Angeles Times* At twenty five Orson Welles directed co wrote and starred in *Citizen Kane* widely considered the best film ever made But Welles was such a revolutionary filmmaker that he found himself at odds with the Hollywood studio system and his work was so far ahead of its time that he never regained the popular following he once enjoyed Frustrated by Hollywood and falling victim to the postwar blacklist Welles left for a long European exile But he

kept making films functioning with the creative freedom of an independent filmmaker before that term became common and eventually preserving his independence by funding virtually all his own projects. Because he worked defiantly outside the system, Welles has often been maligned as an errant genius who squandered his early promise. Film critic Joseph McBride, who acted in Welles's unfinished film *The Other Side of the Wind*, challenges conventional wisdom about Welles's supposed creative decline in this first comprehensive examination of the films of Welles's artistically rich yet little-known later period. During the 1970s and 80s, Welles was breaking new aesthetic ground, experimenting as adventurously as he had throughout his career. McBride's friendship and collaboration with Welles and his interviews with those who knew and worked with him make *What Ever Happened to Orson Welles* a portrait of rare intimacy and insight. Reassessing Welles's final period in the context of his entire life and work, this revealing portrait of this great film artist will change the terms of how Orson Welles is regarded. An anecdotal, illuminated account of Welles's later years. *The Washington Post*. Joseph McBride has a clearer understanding of Welles and his films than almost anyone. *Martin Scorsese: A definitive study*. *Milwaukee Journal Sentinel*.

An Anchor Books Original. Seventy-four distinguished writers tell personal tales of books loved and lost, great books overlooked, under-read, out of print, stolen, scorned, extinct, or otherwise out of commission. Compiled by the editors of *Brick: A Literary Magazine*, *Lost Classics* is a reader's delight, an intriguing and entertaining collection of eulogies for lost books. As the editors have written in a joint introduction to the book, "being lovers of books, we've pulled a scent of these absences behind us, our whole reading lives, telling people about books that exist only on our own shelves or even just in our own memory. Anyone who has ever been changed by a book will find kindred spirits in the pages of *Lost Classics*. Each of the editors has contributed a lost book essay to this collection, including Michael Ondaatje on Sri Lankan filmmaker Tissa Abeysekera's *Bringing Tony Home*, a novella about a mutual era of childhood. Also included are Margaret Atwood on sex and death in the scandalous *Doctor Glas*, first published in Sweden in 1905; Russell Banks on the off-beat travelogue *Too Late to Turn Back* by Barbara Greene, the slightly ditzy cousin of Graham; Bill Richardson on a children's book for adults by Russell Hoban; Ronald Wright on William Golding's *Pincher Martin*; Caryl Phillips on Michael Mac Liammoir's account of his experiences on the set of Orson Welles's *Othello*; and much, much more.
