**Soul by Soul** Walter JOHNSON, 2009-06-30 Soul by Soul tells the story of slavery in antebellum America by moving away from the cotton plantations and into the slave market itself the heart of the domestic slave trade Taking us inside the New Orleans slave market the largest in the nation where 100 000 men women and children were packaged priced and sold Walter Johnson transforms the statistics of this chilling trade into the human drama of traders buyers and slaves negotiating sales that would alter the life of each What emerges is not only the brutal economics of trading but the vast and surprising Slavery, Surveillance and Genre in Antebellum United States Literature interdependencies among the actors involved Kelly Ross, 2023-01-23 This book argues for the existence of deep often unexamined interconnections between genre and race by tracing how surveillance migrates from the literature of slavery to crime gothic and detective fiction not only through the traditional concept of surveillance top down but also the tactics of sousveillance watching from below Globalization Hoda Mahmoudi, Steven Mintz, 2019-04-08 Globalization has carried vast consequences for the lives of children It has spurred unprecedented waves of immigration contributed to far reaching transformations in the organization structure and dynamics of family life and profoundly altered trajectories of growing up Equally important globalization has contributed to the world wide dissemination of a set of international norms about children's welfare and heightened public awareness of disparities in the lives of children around the world This book's contributors leading historians literary scholars psychologists social geographers and others provide fresh perspectives on the transformations that globalization has produced in children s Black Cultures and Race Relations James L. Convers, 2002 The essays in this book examine black cultural issues lives from the inside out rather than from a majority perspective Topics are grouped into four categories historical studies on race policy economics and race educational studies and race and social and cultural studies on race Readers of this volume will gain a deeper understanding of the past and present realities experienced by black people in the United States Sweeping changes have taken place in American society but much work remains to be done before black Americans will no longer face the daily challenges created by racist stereotyping and assumptions This book will furnish absorbing reading for anyone who

seeks a better understanding of black white relations in the United States from the mid nineteenth century to the present A Burnham Publishers book The Frederick Douglass Papers Frederick Douglass, 2018-01-01 A second volume of the collected correspondence of the great African American reformer and abolitionist features correspondence written during the Civil War years The second collection of meticulously edited correspondence with abolitionist author statesman and former slave Frederick Douglass covers the years leading up to the Civil War through the close of the conflict offering readers an illuminating portrait of an extraordinary American and the turbulent times in which he lived An important contribution to historical scholarship the documents offer fascinating insights into the abolitionist movement during wartime and the author's relationship to Abraham Lincoln and other prominent figures of the era Music in Black American Life, 1600-1945, 2022-08-23 This first volume of Music in Black American Life collects research and analysis that originally appeared in the journals American Music and the Black Music Research Journal and in the University of Illinois Press s acclaimed book series Music in American Life In these selections experts from a cross section of disciplines engage with fundamental issues in ways that changed our perceptions of Black music The topics includes the culturally and musically complex Black music making of colonial America string bands and other lesser known genres practiced by Black artists the jubilee industry and its audiences and innovators in jazz blues and Black gospel Eclectic and essential Music in Black American Life 1600 1945 offers specialists and students alike a gateway to the history and impact of Black music in the United States Contributors R Reid Badger Rae Linda Brown Samuel A Floyd Jr Sandra Jean Graham Jeffrey Magee Robert M Marovich Harriet Ottenheimer Eileen Southern Katrina Dyonne Thompson Stephen Wade and Charles Wolfe Richard Stott, 2009-09-21 Jolly fellows a term that gained currency in the nineteenth century referred to those men whose more colorful antics included brawling heavy drinking gambling and playing pranks Reforms especially the temperance movement stigmatized such behavior but pockets of jolly fellowship continued to flourish throughout the country Richard Stott scrutinizes and analyzes this behavior to appreciate its origins and meaning Stott finds that male behavior could be strikingly similar in diverse locales from taverns and boardinghouses to college campuses and sporting events He explores the permissive attitudes that thrived in such male domains as the streets of New York City California during the gold rush and the Pennsylvania oil fields arguing that such places had an important influence on American society and culture Stott recounts how the cattle and mining towns of the American West emerged as centers of resistance to Victorian propriety It was here that unrestrained male behavior lasted the longest before being replaced with a new convention that equated manliness with sobriety and self control Even as the number of jolly fellows dwindled jolly themes flowed into American popular culture through minstrelsy dime novels and comic strips Jolly Fellows proposes a new interpretation of nineteenth century American culture and society and will inform future work on masculinity during this period The Discourse of Slavery Carla Plasa, Betty J. Ring, 2013-12-19 First published in 1994 The Discourse of Slavery is an innovative collection of

fascinating essays addressing the problematic of slavery within literary cultural and political writings For the first time slavery is examined critically within both the British and the American context and related to contemporary concerns around race and gender Writers discussed include Aphra Behn William Blake Mary Wollstonecraft Charlotte Bronte Elizabeth Gaskell Toni Morrison William Faulkner Harriet Jacobs Harriet Beecher Stowe Frederick Douglass The Discourse of Slavery will be an invaluable and intriguing volume for students of literature gender race and ethnicity
