your permission that we spring forth as a part of your life Feel into the depths of your being before you respond Seek inside for an answer for to invite us into your reality as friends and companions will with certainty confound and change your lives and perhaps some of you are quite content with where you are Perhaps you are not really interested in multi dimensional realities and perceive these ideas as vague notions and tidbits of unfounded fiction fracturing and fragmenting a logic you paid so dearly to achieve If that is the case then you may do well to stop short now and put our tale aside Perhaps in another time and place we will meet again If however we have piqued your curiosity and you feel compelled to continue so be it It is best to start with the truth As a matter of fact if there is such a thing it is best to end with the truth as well And how about the middle and all along the way you may ask Well the truth is essential throughout the journey however the ongoing paradox invariably involves your point of view Remember that Now we are travelers through time which is the best way to describe us We call ourselves Pleiadians though we answer to many names and characters We are as real as you believe yourselves to be When we encounter you we meet ourselves located on a slice of time poised as you believe in a solid physical 3 D world You fascinate us and perhaps by the end of our travels and tales you will be fascinated with yourselves as well For now the task of telling is at hand and so the tale begins *Great Pyramid Fundamentals* David Davidson,1932 **New Light on the Great Pyramid** David Webber,N.
