## **Qabala Trilogy:**

The Qabala Trilogy Carlo Suarès, 1985      **Simplified Qabala Magic** Ted Andrews, 2003 The mystical Qabala is one of the most esoteric yet practical systems for expanding consciousness and unfolding spiritual gifts Simplified Qabala Magic offers a basic understanding of what the Qabala is and how it operates It provides techniques for utilizing the forces within the system to bring peace healing power love and magic      *Kabbalah* Ann Williams-Heller, 1990-05-01 The symbolism of the Kabbalistic Tree of Life is explained and its connections to astrology numerology angel lore tarot and the meaning of colors are shown The Tree of Life is a potent tool for self discovery and profound inner knowing as the author shared in her popular workshops      *The Emerald Modem* Richard Leviton, 2004-05-04 Twenty years ago in England author Richard Leviton discovered the planet Following quite specific guidance he began a long process that amounted to an apprenticeship My mentors dispatched me to various specific locations in the Somerset landscape and at all hours of the night and day I sat on hills and valleys and rocks under sunlight moonlight rain snow and fog and had visions I started to see another landscape behind the apparent landscape It was an apparitional landscape with stars planets galaxies angels spirits of Nature mythic deities divinity As time went on he found himself talking with angels visiting celestial cities and following gnomes He came to understand that at one level we are the planet and that both we and it have an intimate relationship with our galaxy I found myself living inside the myths of the world as if they were expert scripts for real life inner adventures I never once thought I was crazy Why should I Quite the opposite I believed I was finally getting grounded in something real But it would take me twenty years to make sense of it That sense is embodied in *The Emerald Modem* The Emerald Modem includes direct correspondences between human chakras and the Earth's energy features and the galactic originalstables listing locations of sacred sites around the planet where you may experience this relationship explanations of world myths which provide clues to this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception sacred sites energy points vertexes etc into a global interactive model that ties human consciousness directly to it Leviton describes 85 subtle features in the planetary landscape places you can go for mystical experiences They are features of the Earth's energy body almost all invisible to conventional sight But psychic cognition can be trained and you can usefully interact with any of these types of sites today without seeing what you're doing Your intent to interact for the benefit of yourself and the planet is all that's required Just as modems dial us into the Internet so the features of the Earth's energy body described in *The Emerald Modem* help us get online with the galaxy You can learn to visit Grail Castles experience a Mount Olympus or walk through the stars in a landscape zodiac and you can learn enough to become confident that you're not traveling alone      **The Eagle's Quest** Fred Alan Wolf, 1992-12 A physicist finds scientific truth at the heart of the Shamanic world      Northrop Frye Robert D. Denham, 2004 The notebooks contents not only expand on ideas laid out in Frye's published works but also touch on subjects most readers would not associate with Frye such as his wide reading both in

Eastern religious texts and in esoteric traditions ranging from astrology to the Kabbalah **BOOK JACKET** *The Secret Dowry of Eve* Glynda-Lee Hoffmann, 2003-04-28 A groundbreaking study of the connection between spirituality psychology and neurophysiology that is coded into the book of Genesis Reveals why Eve was allowed to eat the apple of knowledge forbidden to Adam Uses mythological imagery to reveal the working processes of awareness in the human brain Combines ancient Qabalic techniques and modern scientific brain research to show how Genesis is an operating manual for creating wholeness in the psyche Adam exists within all our psyches as does Eve While Adam represents the masculine component of consciousness pure intellect Eve represents the functions of the brain s frontal lobes the feminine intuitive integrator of the four level human brain If we wish to be whole we must develop and integrate the feminine with the masculine Using her lifelong study of the Qabalah and the secret meanings of the Hebrew alphabet Glynda Lee Hoffmann shows how the Garden of Eden story is actually an instruction manual that explains transcendence as a biological imperative Hoffmann reveals why it was permissible for Eve to eat the apple of knowledge that was forbidden to Adam Eve s desire for integration clarity and transcendence for wisdom is a goal Adam is biologically incapable of pursuing without her Though written as mythology Genesis contains remarkable scientific and psychological correlations that can help an individual integrate the masculine and feminine sides of the psyche and thereby translate potential into actuality **The Geomantic Year** Richard

Brown Ph.D.,2009-04-10 Supplication captures a universal cross cultural approach to spirituality Authored by Dr Patricia Brown The Supplicate Order defines supplication as an expression for the laws and principles that guide a spiritual aspirant toward communion with the sacred mysteries progressing toward an expanded perception of life and grateful reception of blessings positive creativity healing and wisdom It shows how humanity bridges the manifest explicate order and the unmanifest implicate order Offering a fresh perspective on supplication The Supplicate Order carries four messages that pertain to spiritual aspirants at any level Dont abandon

yourself to self loathing or to another persons or groups absolute power over you Start with what you know to do dont be too eager to get exotic or far removed from your resonant spiritual persuasion Never think you know everything Dont give up Brown explains how key universal principles verify the human capacity to bring forth gifts of the spirit while psychological health and development determine invocatory efforts and receptive capacities The Supplicate Order integrates global spiritual wisdom and psychological knowledge with the trends of new science highlighting the human invocation of the sacred

Words with Power Northrop Frye,2008-01-01 Words with Power is the crowning achievement of the latter half of Northrop Frye s career Portions of the work can be found in Frye s notebooks as far back as the mid 1960s when he had just finished Anatomy of Criticism and he completed the book shortly before his death in 1991 Beyond summing up his ideas about the relation of the Bible to Western culture Words with Power boldly confronts a host of questions ranging from the relationship between literature and ideology to the real meaning of words like spirit and faith The first half of the double mirror structure looks at the language in which the Bible is written arguing that it is identical to that of myth and metaphor Frye suggests therefore that given this characteristic the Bible should be read imaginatively rather than historically or doctrinally However he is also careful to point out the ways in which the Bible is more than a conventional work of fiction The second half is an astonishing tour de force in which Frye demonstrates how both the Bible and literature revolve around four primary concerns of human life This edition goes beyond the original in its documentation of Frye s dazzlingly encyclopedic range of reference Profound and searching Words with Power is perhaps the most daring book of Frye s career and one of the most exciting

Voices from the University Heidi Szpek,2002 In this collection more than twenty student essays and papers are brought together to celebrate the legacy of the Hebrew Bible Within such diverse disciplines as art literature philosophical thought gender studies prophecy the nature of God mysticism and the unimaginable domains of the American Frontier and The Jerry Springer Show the students of Central Washington University have revealed that the sacred literature of the Hebrew Bible the Old Testament in Christian tradition has not only imparted its wisdom on the western world of past centuries but is still a vibrant source of inspiration and knowledge speaking to those within contemporary society
