# Qualitative Gerontology

**Graham D. Rowles**

## **Qualitative Gerontology:**

**Qualitative Gerontology** Graham D. Rowles, 2001-09-24 The authors provide a contemporary perspective on the status of qualitative research in gerontology The second edition examines recent trends in the application of qualitative methodologies and the emergence of new qualitative techniques such as focus groups studies of personal histories and the use of photography Chapters include discussions of critical and feminist perspectives practice issues ethical issues and the contribution of qualitative research to the progress of science

## **Research Design in Aging and Social Gerontology**

Joyce Weil, 2017-02-24 This text provides a review of methodological approaches and data collection methods commonly used with older adults in real life settings

## The Encyclopedia of Aging

Richard Schulz, 2006 Print CourseSmart *Gerontology* Kenneth Ferraro, Janet Wilmoth, 2013-04-26 This newest edition of a core graduate level textbook has added six new chapters to further enrich the gerontological imagination and encourage an interdisciplinary approach to the study of aging

Academically rigorous yet clear and accessible the text provides the most current findings from leading gerontological researchers and practitioners New and updated chapters examine biology exercise science nutrition communication science geriatric medicine and nursing demography anthropology economics human development psychology political science sociology social work and law to provide broadly drawn perspectives on the study of aging Special emphasis is placed on current challenges regarding policy and service delivery in the face of fiscal uncertainty Additionally this new edition covers international outlooks on aging given the increasing influence of globalization on individual lives By interweaving knowledge from a broad range of disciplines Wilmoth and Ferraro have created a comprehensive picture of gerontology today that will enhance course instruction and provide a new window into the future of the discipline New chapters address Geriatric medicine and nursing Communication disorders and aging International and cross cultural perspectives on aging Public policy and the needs of diverse aging populations Geriatric social work Legal perspectives on aging Key Features

Interweaves current gerontological research and ideas from multiple disciplines Addresses biology psychology human development sociology and economics as they relate to gerontology Presents additional disciplinary perspectives including exercise science nutrition communication science geriatric medicine and nursing demography anthropology political science social work and law Includes Ferraro's classic chapter on The Gerontological Imagination

## The Short Guide to Aging and Gerontology

Kate de Medeiros, 2016-11-09 The Short Guide to Aging and Gerontology provides a concise and authoritative overview of key issues related to age including how old age has been viewed historically and across cultures what we know about health and function in later life and how older age is financed throughout the world among other questions Also including current research on policy and practice and detailed suggestions for further reading it is an important resource both for anyone new to gerontology as well as established scholars and practitioners in the field

## **Annual Review of**

**Gerontology and Geriatrics, Volume 13, 1993**, 1993-10-22 During the past few decades the dramatic social changes with

regard to our aging population and changes in the family unit have made both demographic and socioeconomic consequences as well as an effect on matters of social policy The prestigious editors George L Maddox and M Powell Lawton have assembled an impressive group of expert contributors whose chapters address topics from the latest theory and research findings to the changing balance of work and families as well as patterns of kinship

**Narrative Gerontology in Research and Practice** Kate de Medeiros, 2014 This book will no doubt support a growing number of us who see narrative gerontology as a field with much potential within and outside of academia Kathy D Lohr Ed D East Carolina University Educational Gerontology What is meant by narrative How can one elicit a narrative or analyze it in research How can narrative work best be facilitated among older adults This is the only text to provide comprehensive information about the applications of narrative approaches in community and long term settings writing in the virtual world and such individual work as journaling or poetry The book explores the theories of narratives across many disciplines research practices and analytical strategies and applications in work with older adults It has been written by a prominent researcher of the narrative construction of self in old age whose studies have been funded by the NIH the Brookdale Foundation and the Alzheimer s Association among other related achievements The book brings together a unique blend of interdisciplinary perspectives and practices not found in other books on life stories autobiography and or narrative approaches to understanding one s experiences Specifically it focuses on the myriad theoretical underpinnings of narrative provides a developmental history of narrative use in gerontology and details various ways to use narratives in a variety of research settings Each chapter includes step by step guides on who to analyze and report on and how to write up narrative data It also discusses ways to incorporate narratives in varied practice settings such as writing workshops in retirement communities individual writing projects and others Key Features Offers a hands on research tool that guides the reader from theory to research to practice Describes the theoretical underpinnings and practical applications of narrative with older adults Illustrates how narrative gerontology is fundamentally different in practice than narrative research with younger participants Addresses the breadth of available narrative methods and how to apply them in a research settings Designed for use in qualitative methods service learning and gerontological research courses

**Environmental Gerontology in Europe and Latin America** Diego Sánchez-González, Vicente Rodríguez-Rodríguez, 2015-11-03 This book looks at the relationships between the physical social environment and the elderly in Europe and Latin America from the Environmental Gerontology perspective and through geographical and psychosocial approaches It addresses the main environmental issues of population ageing based on an understanding of the complex relationships adjustments and adaptations between different environments home residence public spaces landscapes neighbourhoods urban and rural environment and the quality of life of the ageing population associated with residential strategies and other aspects related to health and dependency The different levels of socio spatial analysis are also explored macro urban and rural environments regions and landscapes meso neighbourhood public space

and micro personal home and institution New theoretical and methodological approaches are proposed to analyse the attributes and functions of the physical social environment of the elderly as well as new ways of living the ageing process All will have to respond to the challenges of urbanisation globalisation and climate change in the 21st century Also the different experiences and challenges of public planning and management professionals involved with the growing ageing population are presented and will require greater association and collaboration with the academic and scientific fields of Environmental Gerontology

Aging Education in a Global Context Dena Shenk, Lisa Groger, 2013-12-19 A selection of proceedings from the 2004 Association for Gerontology in Higher Education annual conference Aging Education in a Global Context is a carefully considered set of papers based on selected proceedings from the 2004 Association for Gerontology in Higher Education annual conference Each forward thinking presentation provides unique perspectives on teaching resources and education presenting a wellspring of creative ideas for new and experienced teachers in gerontology and aging education Respected educators present cutting edge concepts and effective strategies in gerontology curriculum development and cross cultural perspectives for advancing gerontology as a field of study Over the next twenty years the world's aging population will increase dramatically requiring increased attention to global aging issues To prepare gerontologists around the world for future challenges Aging Education in a Global Context provides educators with fresh viewpoints and practical information on which to base the latest teaching strategies Each presentation provides a multitude of valuable ideas perfect for incorporating into aging education curriculums such as how to use films and literature for teaching about aging how to enfold global perspectives into aging courses and how to avoid cross cultural misunderstandings when teaching gerontology in a host country This invaluable resource is extensively referenced Aging Education in a Global Context examines aging education issues and ageism topics such as the consequences of globalization for older people a course design incorporating cross cultural anthropological approaches to understanding aging an approach to teach about death and dying through the cross cultural viewpoint of various religious faiths a study of fourteen international films that provides gerontologists with models of successful aging to pass on in coursework teaching cross cultural aging using Chilean literary portrayals of elders the evolution and present state of gerontology education in Japan gerontology research and cooperative education in Kenya educating about community based long term care in China Aging Education in a Global Context presents a wealth of new ideas for all gerontology educators and educators addressing cross cultural aging issues within discipline based courses in sociology social work anthropology public policy and psychology

**The Culture of Long Term Care** J Neil Henderson, Maria D. Vesperi, 1995-08-30 This is the only collection of its kind to offer an inside view of life and work in contemporary nursing homes with the purpose of developing a theory of the culture of long term care The anthropological research in nursing homes presented here produces a seldom seen native view of patients staff and the day to day workings of American nursing homes The use of ethnographic methods penetrates the reality barriers found in industry descriptions

muck raking discourse and general societal aversion toward nursing homes The tensions found between and within staff culture and patient culture are explored in terms of adaptations to institutional life in the context of current policy and the larger American ageist culture      **Handbook on Ageing with Disability** Michelle Putnam,Christine Bigby,2021-03-10 Mainstream gerontological scholarship has taken little heed of people ageing with disability and they have also been largely overlooked by both disability and ageing policies and service systems The Handbook on Ageing with Disability is the first to pull together knowledge about the experience of ageing with disability It provides a broad look at scholarship in this developing field and across different groups of people with disability in order to form a better understanding of commonalities across groups and identify unique facets of ageing within specific groups Drawing from academic personal and clinical perspectives the chapters address topics stemming from how the ageing with disability experience is framed the heterogeneity of the population ageing with disability and the disability experience issues of social exclusion health and wellness frailty later life and policy contexts for ageing with disability in various countries Responding to the need to increase access to knowledge in this field the Handbook provides guideposts for researchers practitioners and policy makers about what matters in providing services developing programmes and implementing policies that support persons ageing with long term disabilities and their families      *Disciplining Old Age* Stephen Katz,1996 The conference was organized cooperatively with the Surface Engineering Division of the ASM and as part of Materials Week and so was attended by a wider range of scientists from academia and engineers from industry than usual Funding cuts affecting travel budgets in many institutions however reduced the overall number those who were not able to attend can begin saving for the proceedings The 43 papers cover ultrahard coatings surface treatment and alternative processes corrosion resistant coatings characterizing coatings the surface engineering of powders laser processing vapor deposition and plasma methods and thermal spray coating and coatings for composites Annotation copyrighted by Book News Inc Portland OR

**Fundamentals of Social Work Research** Rafael J. Engel,Russell K. Schutt,2014-01-14 Designed to help students develop skills in evaluating research and conducting studies this brief version of Rafael J Engel and Russell K Schutt s popular *The Practice of Research in Social Work* makes principles of evidence based practice come alive through illustrations of actual social work research With integration of the CSWE Competencies the text addresses issues and concerns common to the discipline and encourages students to address diversity and ethics when planning and evaluating research studies The Second Edition includes a focus on qualitative research a new chapter on research ethics new sections on mixed methods research and community based participatory research and more      *The SAGE Handbook of Case-Based Methods* David Byrne,Charles C Ragin,2009-06-18 Case based methods have a long history in the social sciences They are extensively used and raise many practical and theoretical questions This book provides a comprehensive critical examination of case oriented research It offers concrete proposals about the best research methods and provides an unparalleled guide to the emergence

and complexity of the field The Handbook Situates the reader in the essential theoretical and practical issues Demonstrates the unity and diversity of case oriented research through an examination of case based methods Distinguishes between case based and case study research Elucidates the philosophical issues around case based methods Examines case based work in the context of both social theory and theories of research methods      *Research on Adulthood and Aging* L. Eugene Thomas,1989-01-01 By borrowing from a wide range of disciplines such as psychology sociology anthropology psychiatry and the humanities this book gives a more human personal voice to the many experiences of aging The result is a new sort of social science research one which often reads more like literature than social science Indeed the author uses a wide variety of techniques borrowed from the humanities from hermeneutics to oral histories in addition to the more traditional social science methods      *Mental Health: Psycho-Social Perspective (Volume 7: Ageing: Issues and Interventions)* Aradhana Shukla,Anubhuti Dubey,2025-08-20 About the series Mental health issues are the major concerns of present day society because they help a person to lead the life successfully This series named as Mental Health Psychosocial Perspective deals with approximately all walks of life where mental health can be noticed In this series Six volumes are appeared and the present volume is the Seventh one Volume One deals with psychological issues and Interventions regarding mental health It is followed by the Second volume in which an exhaustive analysis of the mental health of multicultural societies have been made The Third volume deals with the strength and resources that facilitate mental health Fourth volume is related to psychological treatments and therapeutic exercises used for mental health promotion programs The Fifth volume presents the mental health of children and adolescents and the Sixth volume deals with the psyche of women s mental health This volume is the Seventh volume named as Ageing Issues and Interventions explains the mental health concerns of old people We hope that the series will be appreciated by the teachers mental health professionals and researchers About the volume This volume deals with the mental health of old people in all walks of life We have made our best attempts to cover each and every aspect of mental health which is experienced by the old people We hope that we have achieved our goals and are anticipating that this volume will help the readers to understand the psyche of the old ones      *Gerontological Practice for the Twenty-first Century* Virginia E. Richardson,Amanda Smith Barusch,2006 Gerontological Practice for the Twenty first Century provides state of the art information on practice approaches with older patients that are age specific and empirically based Part 1 reviews current and classic theories of aging and proposes an original framework to practice that incorporates both individual and policy level interventions Part 2 covers such psychological problems as anxiety depression suicide substance abuse and dementia and describes appropriate evidence based interventions Part 3 discusses working with older families end of life care bereavement and work and retirement and part 4 focuses on core sociopolitical issues in the lives of older people such as economic policy poverty health policy quality of life concerns and social services Designed as a text for students and as a professional resource for practitioners this book is a comprehensive review of the current literature and

contains authoritative information on issues relating to a vulnerable population in need of sophisticated care      **Functional Performance in Older Adults** Bette R Bonder, Vanina Dal Bello-Haas, 2008-10-31 The ideal resource for rehabilitation professionals who are working with or preparing to work with older adults It describes the normal aging process illustrates how health and social factors can impede an aging person's abilities and demonstrates how to develop mechanisms for maximizing the well being of older adults      **Gerontological Concerns and Responses in India** Mala Kapur Shankardass, 2021-09-18 This book discusses gerontological issues and challenges impacting the quality of life of older people in India The chapters provide different disciplinary insights ranging from sociology anthropology psychology health sciences social work demography gender and legal perspectives The chapters are written by experts and practitioners in the field bringing focus to new gerontological insights from an academic and an empirical perspective It engages the reader with the growth of different branches of gerontology along with concerns faced by older people It brings attention to concerns related to ageing of the population in different parts of the country such as among the tribes the LGBT community and conflict zones It highlights gender aspects related to health care and discusses policy responses strategies to empower older persons the role of voluntary organizations issues related to caregiving and family bonding and aspects of social protection for the older people It offers a valuable resource for researchers academics practitioners and policymakers in the areas of gerontology demography and sociology as well as all those interested in the study of ageing populations      Social Work Research with Minority and Oppressed Populations Miriam Potocky, Antoinette Y Rodgers Farmer, 2014-02-04 Learn the latest and most effective strategies and ideas so you can accurately research oppressed and minority populations Social Work with Minority and Oppressed Populations Methodological Issues and Innovations provides social workers social work researchers and graduate students with new methodologies for researching topics related to minority and oppressed populations You will learn how to conduct research with such special populations as ethnic and racial minorities elders women and gay and bisexual men utilizing proven techniques that will yield more precise data and help retain participants in the research program A must for anyone involved in the field of social work Social Work with Minority and Oppressed Populations tackles the unique challenges you may face in conducting research with cross culture populations This valuable text offers innovative and practical techniques for this type of research including methodological issues addressed within the framework of operationalization and conceptualization measurement research design data collection and data analysis how using the anonymous enrollment technique can be applied to intervention research to engage and retain respondents in case studies how Rasch Analysis a statistical method may discern differences in the subjective experiences of members of different racial groups specific examples of how constituent involvement in research projects enhances access to respondents and increases the validity of data why social work practitioners as well as social work researchers must evaluate their knowledge attitudes and skills when dealing with cross cultural populations Discussions on ethical and political issues This

compilation of research on methodological issues not only introduces you to new techniques for working with oppressed or minority populations but also creates new questions and areas of study such as how to develop culture specific instruments that better measure depression and its expression among African American and white populations Social Work with Minority and Oppressed Populations will provide you with the correct methods and strategies to research cross culture populations and enable you to address specific problems that different ethnic groups and minorities face

web sep 27 2020 the given line is written in  $mx + b$  the slope is 2 to find the slope of a perpendicular line find the reciprocal  $-\frac{1}{2}$  the slope of the perpendicular line is  $-\frac{1}{2}$  use the method for writing an equation from the slope and a point on

the line substitute 1 5 for x and y y mx b 5 1 2 1 b

**1 5 equations of lines mathematics libretexts** - Jan 11 2023

web feb 26 2021 to find the equation of the line pictured in figure pageindex 2 select an arbitrary point q x y on the line then compute the slope of the line using left x 1 y 1 right p 0 b and left x 2 y 2 right q x y in the slope formula 1 text slope  $\frac{y_2 - y_1}{x_2 - x_1} = \frac{b - 0}{x - 0}$  nonnumber

10 2 points lines and planes mathematics libretexts - Jul 17 2023

web jun 5 2023 after completing this section you should be able to identify and describe points lines and planes express points and lines using proper notation determine union and intersection of sets in this section we will begin our exploration of geometry by looking at the basic definitions as defined by euclid

points and lines definition and examples byju s - Jan 31 2022

web math article points and lines points and lines in geometry points and lines are the fundamental concepts that we need to learn before we learn about different shapes and sizes a point is a dimensionless shape since it represents a dot only whereas a line is a one dimensional shape

**points lines and planes geometry practice khan academy** - Apr 14 2023

web learn for free about math art computer programming economics physics chemistry biology medicine finance history and more khan academy is a nonprofit with the mission of providing a free world class education for anyone anywhere

forms of linear equations review article khan academy - Apr 02 2022

web find the equation of the line in all three forms listed above two of the forms require slope so let s find that first slope m  $\Delta y / \Delta x = 5 / 4 = 5/2$  9 3 3 now we can plug in m and one of the points say 5 5 to get point slope form  $y - 5 = 5/2(x - 5)$

**linear equations functions graphs khan academy** - Sep 07 2022

web this topic covers intercepts of linear equations functions slope of linear equations functions slope intercept point slope standard forms graphing linear equations functions writing linear equations functions interpreting linear equations functions linear equations functions word problems

find the equation with a point and slope mathway - Jul 05 2022

web step 1 enter the point and slope that you want to find the equation for into the editor the equation point slope calculator will find an equation in either slope intercept form or point slope form when given a point and a slope the calculator also has the ability to provide step by step solutions step 2 click the blue arrow to submit

**desmos graphing calculator** - May 15 2023

web explore math with our beautiful free online graphing calculator graph functions plot points visualize algebraic equations add sliders animate graphs and more

**equation of a straight line math is fun** - Mar 01 2022

web what is the equation for a vertical line the slope is undefined and where does it cross the y axis in fact this is a special case and we use a different equation not y but instead we use x like this  $x = 1.5$  every point on the line has x coordinate 1.5 that is why its equation is  $x = 1.5$

*chillers trane heating air conditioning* - May 28 2023

web the sintesis advantage model cgaf belongs to the trane sintesis air cooled chiller portfolio representing industry leading performance and flexibility for a perfect fit not
