Quality Middle Schools Open And Healthy:

Quality Middle Schools Wayne K. Hoy, Dennis J. Sabo, Kevin Barnes, John Hannum, James Hoffman, 1998 Building on 20 years of careful research and real world testing the authors show administrators how to assess their school's health The goal is to improve middle schools by making sure the culture is right for all groups students teachers staff The authors call their measurement tools the Organizational Climate Description Questionnaire Revised for Middle Schools for tapping the openness of a school's professional interactions and the Organizational Health Inventory for Middle Schools for capturing the health of interpersonal relationships in schools The climate questionnaire and the health inventory are included in the book both are ready to copy and administer These measurements are user friendly and easy to interpret scoring directions are clearly explained Educators can use the openness OCDQ RM and health OHI RM to view describe and improve the nature and quality of their schools culture and climate The OCDQ RM and OHI M measurements can help administrators and staff better understand their school's professional development needs School leaders especially superintendents and principals can use these hands on tools to understand what's going on in their schools and then make changes as necessary Actual case studies demonstrate how the questionnaires can be used to make every middle school a high quality and positive learning environment

Studies in Leading and Organizing Schools Cecil Miskel, Wayne K. Hoy, 2003-04-01 This volume provides a mix of beginning and established scholars and a range of theoretical perspectives Eight separate but related analyses were selected for publication this year The book begins with a chapter by Sims and Miskel which examines national reading policy as part of a broader federal government agenda on children's literacy Using a model of punctuated equilibrium they trace the peaks of congressional and media attention to literacy Their findings reveal that the broad level of literacy has remained a rather active and durable policy issue for more than three decades When however the analysis shifts to different targets that is from elementary and secondary school students to adults and youth to LEP individuals there are distinct patterns of punctuation and equilibrium The researchers conclude that the specific issue of children's literacy in the 1990s is the latest version or episode of literacy policy produced by shifting images and venues
