paradigm which focuses on a general understanding of the cosmos and the implications for entities such as human beings This entails the observation and explanation of human and cosmic evolution as viewed in unity or inter connectedness where macro and micro are essentially interlinked Laszlo s philosophical work extends to sociology when describing concurrent worldwide issues closely related to the existence of the Akashic Field His humanist ideals are evidenced by his efforts to help humans understand the context and causes for their recent challenges and the possibilities that may lie ahead Ervin Laszlo s half century of exceptional philosophical work gives us the most coherent picture of the nature of the world to date
