Faith Facing Reality John W. de Gruchy,2022-10-21 The COVID 19 pandemic and the war in Ukraine have starkly reminded us of the realities that threaten our future on planet Earth Christian faith is not a way of escaping these realities but of engaging them in the struggle for justice and peace motivated by love enabled by faith and

sustained by hope This is based on the conviction that in Jesus Christ the reality of God has become redemptively embodied within the reality of the world Written within the context of South Africa but with global vision and in conversation with the legacy of Dietrich Bonhoeffer this book is an attempt to stir up discussion and inform action in connecting worldly and transcendent reality Inevitably this will be controversial not least because that is something that Bonhoeffer risked This is certainly true when it comes to the five realities that provide much of the book's substance the persistence of racism the will to power scientism and soulless technology the conflict in Israel Palestine and the threat of wars and pandemics Is it possible to believe in the God of Jesus Christ in such a world If so what does that mean and how does it help us live creatively redemptively and faithfully To answer these questions the author examines the meaning of faith the human desire for transcendence and the need for conversion wisdom solidarity and responsible freedom
