Smith,1998-01-01 Shows that risk is a valuable and pedagogical experience for children on the playground and for the adults that share that experience with them in preparation for the precarious world which children find beyond the playground **At Home in the Water** George Hebdon Corsan,1910 **As The Bombs Fell** Otto Schmalz,2018-12-03 You almost never get to hear the other side of the story What was it like to be a child living in Germany as the country descended into war What did kids do while their dads were away fighting and the rest of the family was living in either privation or terror or both As the Bombs Fell is a treasure trove of information about life as a child in Nazi Germany told by a man who actually lived the experience Otto Schmalz allows us to see through the innocent eyes of a child the realities of German life in several different circumstances the regimentation and camaraderie of the Jungvolk and the boys camp that children were sent to to get them out of harm s way in the cities the pastoral and relatively idyllic life of the agrarian countryside even though there was a war on the sheer terror of living in a bombed out city that continues to experience nightly raids Hannover was a strategic centre and as such received the attention of nearly one million Allied bombs of every kind His charming yet nerve wracking tale is enhanced with numerous historical photos of Otto his family and friends and of the destruction wreaked upon his city as he paints another fascinating yet seldom seen up close picture of many German lives in war time As the Bombs Fell is a straightforward telling of the other side of the story of the Second World War with the author s insights as he s learned into human nature *Flying Magazine* ,1934-08
