Ancient Rome R. Scott Smith,2014-03-15 Terrific exactly the sort of collection we have long needed one offering a wide
range of texts both literary and documentary and that with the inclusion of Sulpicia and Perpetua allows students to hear the
voices of actual women from the ancient world The translations themselves are fluid the inclusion of long extracts allows
students to sink their teeth into material in ways not possible with traditional source books The anonymous texts inscriptions
and other non literary material topically arranged in the Documentary section will enable students to see how the
documentary evidence supplements or undermines the views advanced in the literary texts This is a book that should be of
great use to anyone teaching a survey of the history of Ancient Rome or a Roman Civilization course I look forward to
teaching with this book which is I think the best source book I have seen for the way we teach these days David Potter
