Chechnya - Russia's 'War on Terror' John Russell, 2007-08-07 The Russo-Chechen conflict has been the bloodiest war in Europe since the Second World War. It continues to drag on despite the fact that it hits the headlines only when there is some terrorist spectacular. Providing a comprehensive overview of the war and

War and Peace Lev Tolstoy,2017-09-27 We can know only that we know nothing And that is the highest degree of human wisdom Nothing is so necessary for a young man as the company of intelligent women If everyone fought for their own convictions there would be no war The strongest of all warriors are these two Time and Patience There is no greatness where there is not simplicity goodness and truth The whole world is divided for me into two parts one is she and there is all happiness hope light the other is where she is not and there is dejection and darkness It s not given to people to judge what s right or wrong People have eternally been mistaken and will be mistaken and in nothing more than in what they consider right and wrong Like Pierre was right when he said that one must believe in the possibility of happiness in order to be happy and I now believe in it Let the dead bury the dead but while I m alive I must live and be happy You can love a person dear to you with a human love but an enemy can only be loved with divine love If we admit that human life can be ruled by reason then all possibility of life is destroyed We are asleep until we fall in Love I simply want to live to cause no evil to anyone but myself Everything I know I know because of love Man cannot possess anything as long as he fears death But to him who does not fear it everything belongs If there was no suffering man would not know his limits would not know himself Leo Tolstoy War and Peace

The First World War Peace Settlements, 1919-1925 Erik Goldstein, 2013-10-11 The First World War changed the face of Europe two empires the Austro Hungarian Empire and the Ottoman Empire collapsed in its wake and as a result many of the boundaries of Europe were redrawn and new states were created The origins of many of the international crises in the late twentieth century can be traced back to decisions taken in these critical years Yugoslavia being the most obvious example An understanding of the peace settlements is thus crucial for any student studying international history international relations which is what this book offers This book provides an accessible and concise introduction to this most important period of history
