Russian Literature 1995 2002 On The Threshold Of The New Millennium:

Russian Literature, 1995-2002 N. N. Shneidman, 2004-01-01 Despite the many challenges besetting it Shneidman argues convincingly that literary activity in Russia continues to be dynamic and vibrant *Contemporary World Fiction* Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions In a globalized world knowledge about non North American societies and cultures is a must *Contemporary World Fiction A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh, 2007 The aim of this book is to explore some of the main pre occupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introd **The New Russian Book** Birgitte Beck Pristed, 2017-08-01 This book takes up the obtrusive problem of visual representation of fiction in contemporary Russian book design By analyzing a broad variety of book covers the study offers an absolutely unique material that illustrates a radically changing notion of literature in the transformation of Soviet print culture to a post Soviet book market It delivers a profound and critical exploration of Russian visual imaginary of classic popular and contemporary prose Among all the carelessly bungled covers of mass published post Soviet series the study identifies gems from experimental designers By taking a comparative approach to the clash of two formerly separate book cultures the Western and the Soviet that results both in a mixture of highbrow and lowbrow forms and in ideological re interpretations of the literary works this book contributes to opening an East West dialogue between the fields of Russian studies contemporary book and media history art design and visual studies *Toward the Geopolitical Novel* Caren Irr, 2013-12-17 Caren Irr s survey of more than 125 novels outlines the dramatic resurgence of the American political novel in the twenty first century She explores the writings of Chris Abani Susan Choi Edwidge Danticat Junot Diaz Dave Eggers Jeffrey Eugenides Aleksandar Hemon Hari Kunzru Dinaw Mengestu Norman Rush Gary Shteyngart and others as they rethink stories of migration the Peace Corps nationalism and neoliberalism revolution and the expatriate experience Taken together these innovations define a new literary form the geopolitical novel

More cosmopolitan and socially critical than domestic realism the geopolitical novel provides new ways of understanding crucial political concepts to meet the needs of a new century **Historical Dictionary of the Russian Federation** Robert A. Saunders, Vlad Strukov, 2010-05-13 Historical Dictionary of the Russian Federation provides insight into this rapidly developing country The volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present as well as detailed entries covering the country's expansive geography unique culture diverse ethnic groups and complex political and social environment This is done through a chronology an introductory essay maps a bibliography and over 600 cross referenced dictionary entries on significant persons events places and organizations **Canadian Books in Print. Author and Title Index**, 1975 **Russian Literature, 1995-2002** Norman N. Shneidman, 2004-12-15 Writers have a difficult time making a living in contemporary Russia Market driven publishing companies have pushed serious domestic prose to the fringes of their output and few people have money to buy books The disintegration of the Soviet Union in 1991 led Russian society to become polarized between an increasingly prosperous minority and a very poor majority This divide is also mirrored within the writing community with some writers supporting conservative nationalist pro Soviet thinking and others liberal democratic pro Western thought N N Shneidman in the tradition of his previous volumes Soviet Literature in the 1970s Soviet Literature in the 1980s Russian Literature 1988 1994 investigates the Russian literary scene with special emphasis on the relationship between thematic substance and the artistic quality of recently published prose Despite the many challenges besetting it Shneidman argues convincingly that literary activity in Russia continues to be dynamic and vibrant The future development of Russian literature may depend on general economic political and social factors but a new generation of talented writers is fast moving past older forms of ideology and embracing new ways of thinking about Russia **Twentieth-Century Russian Poetry** Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandelstam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume

explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date *Canadian-American Slavic Studies* ,2008 A quarterly journal devoted to Russia and East Europe
