Matisse Portraits John Klein, Henri Matisse, 2001-01-01 An account of Henri Matisse's activity as a maker of portraits and self portraits The author considers the transaction that produces a portrait a transaction between the artist and

the sitter that is social as much as artistic and investigates the social contexts of Matisse's sitters *Matisse and Decoration* John Klein, 2018-01-01 A brand new look at the extremely beautiful if underappreciated later works of one of the most inventive artists of the 20th century Between 1935 and his death at midcentury Henri Matisse 1869-1954 undertook many decorative projects and commissions These include mural paintings stained glass ceramic tiles lead crystal pieces carpets tapestries fashion fabrics and accessories work that has received no significant treatment until now By presenting a wealth of new insights and unpublished material including from the artist's own correspondence John Klein an internationally acclaimed specialist in the art of Matisse offers a richer and more balanced view of Matisse's ambitions and achievements in the often neglected later phases of his career Matisse designed many of these decorations in the innovative and widely admired medium of the paper cut out whose function and significance Klein reevaluates *Matisse and Decoration* also opens a window onto the revival and promotion following World War II of traditional French decorative arts as part of France's renewed sense of cultural preeminence For the first time the idea of the decorative in Matisse's work and the actual decorations he designed for specific settings are integrated in one account amounting to an understanding of this modern master's work that is simultaneously more nuanced and more comprehensive **Modern Art on Display** K. Porter Aichele, 2016-05-19 *Modern Art on Display: The Legacies of Six Collectors* is structured as a sequence of case studies that pair collectors of modern art with artists they particularly favored Duncan Phillips and Augustus Vincent Tack Albert Barnes and Chaim Soutine Albert Eugene Gallatin and Juan Gris Lillie Bliss and Paul C. Zanne Etta Cone and Henri Matisse G. David Thompson and Paul Klee The case studies are linked by a thematic focus on the integral relationship between the collectors' acquired knowledge about the work they amassed and their innovative display models This focus brings a new perspective to the history of collecting and interpreting modern art in America for nearly half a century 1915-1960 By examining the books the collectors themselves read and analyzing archival photographs of their displays the author makes a case for the historical significance of how the collectors presented the art they acquired before their collections were institutionalized **The 20th Century Go-N** Frank N. Magill, 2014-03-05 Each volume of the *Dictionary of World Biography* contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in-depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography **Visual Shock** Michael Kammen, 2009-04-22 In this lively narrative award-winning author Michael Kammen presents a fascinating analysis of cutting edge art and artists and their unique ability to both delight and provoke us He illuminates America's obsession with public memorials and the changing role of art and museums in our society From Thomas Eakins's 1875 masterpiece *The Gross Clinic* considered too

From bestselling author Ross King a brilliant portrait of the legendary artist and the story of his most memorable achievement Claude Monet is perhaps the world's most beloved artist and among all his creations the paintings of the water lilies in his garden at Giverny are most famous Monet intended the water lilies to provide an asylum of peaceful meditation Yet as Ross King reveals in his magisterial chronicle of both artist and masterpiece these beautiful canvases featured in black and white images throughout as well as a 16 pg color insert belie the intense frustration Monet experienced in trying to capture the fugitive effects of light water and color They also reflect the terrible personal torments Monet suffered in the last dozen years of his life Mad Enchantment tells the full story behind the creation of the Water Lilies as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists led by Henri Matisse and Pablo Picasso were challenging the achievements of Impressionism By early 1914 French newspapers were reporting that Monet by then seventy three had retired his brushes He had lost his beloved wife Alice and his eldest son Jean His famously acute vision what Paul Cezanne called the most prodigious eye in the history of painting was threatened by cataracts And yet despite ill health self doubt and advancing age Monet began painting again on a more ambitious scale than ever before Linking great artistic achievement to the personal and historical dramas unfolding around it Ross King presents the most intimate and revealing portrait of an iconic figure in world culture
