Sacred Work Planned Parenthood And Its Clergy Alliances:

Sacred Work Tom Davis, 2005 In *Sacred Work* Tom Davis brings to light the ways in which the Planned Parenthood Federation of America a leading reproductive rights organization and the clergy are not as incongruent as they often are construed to be Beginning with Margaret Sanger's efforts to include mainline clergy in the fight to provide information about contraceptives to the general public Davis details the religious and historical dimensions of this long alliance up through current debates

After Roe Mary Ziegler, 2015-06-08 In the decade after the 1973 Supreme Court decision on abortion advocates on both sides sought common ground But as pro abortion and anti abortion positions hardened over time into pro choice and pro life the myth was born that *Roe v Wade* was a ruling on a woman's right to choose Mary Ziegler's account offers a corrective

Entangled Ashley Boggan, 2025-05-06 The United Methodist impasse over human sexuality has its roots in two dichotomous ideologies of history and theology This book maps how American Methodists have responded to sexual change since World War II It argues that the current United Methodist impasse over human sexuality has its root in the existence of two dichotomous ideologies of Methodist history and theology one liberal and one evangelical which come to the foreground in discussions of human sexuality It offers evidence about how these ideologies have sought to reconcile their sexual ethic with sexual change since the birth control movement of the 1920s In post WWII America most Methodists upheld a limited notion of family life and sexuality one that allowed for the use of artificial contraception within marriage and for divorce In response to the sexual revolution liberal leaning Methodists upheld a new sexual ethic the new morality which peaked with radical new approaches to sex education a full endorsement of abortion rights and support of the homophile movement However the new morality coincided with an increased presence of and a new voice for evangelical Methodists Charles Keysor and the Good News Movement Evangelical Methodists critiqued the new morality as value neutral and anti Scripture The evangelical desire for a rules based morality solely reliant on Scripture collided with the new morality and led to intense debates over sex education abortion and the inclusion of LGBTQ persons within the United Methodist denomination from the 1970s onward Since 1972 United Methodists have continually debated human sexuality at each General Conference primarily through the advocacy efforts of political caucus groups This author hopes that an historical examination of how Methodists have confronted sexual change will enlighten current conversations about human sexuality

Abortion & Life Jennifer Baumgardner, 2025-07-01 Baumgardner's groundbreaking new book includes abortion testimonials by Ani DiFranco Barbara Ehrenreich Gloria Steinem and others In her role as author and activist Jennifer Baumgardner has permanently changed the way people think about feminism and will shape the next hundred years of politics and culture The Commonwealth Club of California hailing Baumgardner as one of Six Visionaries for the Twenty First Century In *Abortion Life* author and activist Jennifer Baumgardner reveals how the most controversial and stigmatized Supreme Court decision of our time cuts across eras classes and race Stunning portraits by photographer Tara Todras

Whitehill of folk singer Ani DiFranco authors Barbara Ehrenreich and Gloria Steinem and others accompany their elucidating accounts of their own abortion experiences In this bold new work Baumgardner explores some of the thorniest issues around terminating a pregnancy including the ones that the pro choice establishment has been the least sensitive or effective in confronting

Abortion Mary Fissell,2025-03-13 An ancient entertainer robbed of her livelihood while pregnant a medieval holy woman performing a miraculous termination an abortion provider prosecuted as a witch during the Reformation a Victorian midwife saving her patients from the workhouse Women have always sought to end pregnancies and have long succeeded This book tells their stories From enslaved and Indigenous herbal knowledge on early plantations to Planned Parenthood's unlikely alliance with postwar churches Mary Fissell reveals abortion's long politics uncovering how Western societies have policed the practice or chosen not to For long periods in our past abortion was widely tolerated by authorities and ordinary people and far from black and white in Christian morality it was not a crime in Britain until 1803 nor a religious issue in America until the twentieth century But those histories of calm have been punctuated by moments of acute repression as we're seeing today From France and Scotland to Germany and Italy abortion controls through the centuries have always emerged from wider panics around social change whether times of war revolution and economic upheaval or patriarchal anxiety about women's growing independence As restrictions tighten once more this vividly illuminating history reminds us that such limits never endure

Broadcasting Birth Control Manon Parry,2013-08-23 Traditionally the history of the birth control movement has been told through the accounts of the leaders organizations and legislation that shaped the campaign Recently historians have begun examining the cultural work of printed media including newspapers

magazines and even novels in fostering support for the cause Broadcasting Birth Control builds on this new scholarship to explore the films and radio and television broadcasts developed by twentieth century birth control advocates to promote family planning at home in the United States and in the expanding international arena of population control Mass media Manon Parry contends was critical to the birth control movement s attempts to build support and later to publicize the idea of fertility control and the availability of contraceptive services in the United States and around the world Though these public efforts in advertising and education were undertaken initially by leading advocates including Margaret Sanger increasingly a growing class of public communications experts took on the role mimicking the efforts of commercial advertisers to promote health and contraception in short plays cartoons films and soap operas In this way they made a private subject fertility control appropriate for public discussion Parry examines these trends to shed light on the contested nature of the motivations of birth control advocates Acknowledging that supporters of contraception were not always motivated by the best interests of individual women Parry concludes that family planning advocates were nonetheless convinced of women s desire for contraception and highly aware of the ethical issues involved in the use of the media to inform and persuade

From Reconciliation to Revolution David P. Cline, 2016-09-19 Conceived at the same conference that produced the Student Nonviolent Coordinating Committee SNCC the Student Interracial Ministry SIM was a national organization devoted to dismantling Jim Crow while simultaneously advancing American Protestant mainline churches approach to race In this book David P Cline details how between the founding of SIM in 1960 and its dissolution at the end of the decade the seminary students who created and ran the organization influenced hundreds of thousands of community members through its various racial reconciliation and economic justice projects From inner city ministry in Oakland to voter registration drives in southwestern Georgia participants modeled peaceful interracialism nationwide By telling the history of SIM its theology influences and failures Cline situates SIM within two larger frameworks the long civil rights movement and the even longer tradition of liberal Christianity s activism for social reform Pulling SIM from the shadow of its more famous twin SNCC Cline sheds light on an understudied facet of the movement s history In doing so he provokes an appreciation of the struggle of churches to remain relevant in swiftly changing times and shows how seminarians responded to institutional conservatism by challenging the establishment to turn toward political activism

Secular Bodies, Affects and Emotions Monique Scheer, Nadia Fadil, Birgitte Schepelern Johansen, 2019-01-10 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com Taking its cue from the study of lived religion *Secular Bodies Affects and Emotions* shows how the idea of a secular public is equally marked by a display and cultivation of affect and emotions Whereas it is widely agreed that religion is often saturated by emotion the secular is usually treated as a neutral background serving as the domain of public rational deliberation This book demonstrates that secularity and secularism are also upheld by bodily practices and emotional attachments Drawing on empirical case studies

this is the first book to ask and explore whether a secular body exists Building on the work of Talal Asad the book argues that the secular is not an absence of religion but a positive entity that comes about through its co constitutive relationship with religion And once we attune ourselves to recognizing its operations as grammar which structures social practice writing an anthropology of the secular could become a new possibility
