Spaces and Meanings Olga Lavrenova, 2019-03-25 This book examines the problem of relationships between culture and space Highlighting the use of semiotics of culture as a basic concept of research it describes the power of the cultural landscape in the context of culture philosophical research Opening with a discussion of the existence of culture in space it establishes basic concepts such as noosphere and pneumatosphere The author acknowledges the early contributions of thinkers like Vladimir Vernadsky and Pierre Teilhard de Chardin who first observed that human activity has become a geological force Introducing time and space to the discussion the author then describes the nature of mythological time eternity versus timelessness and the semantics of sacred landscapes space and ritual These concepts are further developed in discussions of the metaphorical nature of cultural landscape and the city as metaphor The

book explores semiotics in the cultural landscape examining the genesis of concepts from geographical images to signs and the axiological dimension of geographical images In her approach to the idea of cultural landscape as text she provides detailed examples including the Russian landscape as agent provocateur of the text and the culture philosophical aspects and semantics of travel It establishes the cultural landscape as a phenomenon of culture that is fixed in geographical space with the help of semiotic mechanisms a specific area of culture of life possessing functional and ontological self sufficiency This book appeals readers and researchers interested in the philosophy of culture semiotics of space and the philosophical dimensions of culture and geography

The Religious Dimension Donald Broadribb,2006 An examination of various world and ethnic religions with special attention to their historical development and to the psychology underlying them

All My Relatives David Posthumus,2022-05 *All My Relatives* demonstrates the significance of a new animist framework for understanding North American indigenous culture and history and how an expanded notion of personhood serves to connect otherwise disparate and inaccessible elements of Lakota ethnography

World Religions Thomas A. Robinson,Hillary P. Rodrigues,2022-11-15 This masterful survey of world religions presents a clear and concise portrait of the history beliefs and practices of Eastern and Western religions The authors both respected scholars of world religions have over 50 years of combined teaching experience Their book is accessibly written for introductory classes can be easily adapted for one or two semester courses and employs a neutral approach for broad classroom use The third edition has been revised throughout with updated material on the history and contemporary configurations of each tradition and new sections addressing gender sexuality and the environment It also includes effective sidebars photographs timelines charts calendars glossaries and a spelling guide Online resources through Baker Academic s Textbook eSources include Powerpoint Keynote slides new maps and videos and a large question bank of multiple choice test questions available to professors upon request

Asian Religions Randall L. Nadeau,2014-01-28 *ASIAN RELIGIONS* A unique introduction to Asian religions combining the scholarly rigor of an established historian of Asian religions with the willingness to engage empathetically with the traditions and to suggest that readers do the same Joseph A Adler Kenyon College Randall L Nadeau has accomplished what only a few have tried but which has been much needed in the study of religions He has written a genuinely novel approach to the religions of Asia This is a work that should find its way into Asian humanities history religion and civilization courses Ronnie Littlejohn Belmont University This all embracing introduction to Asian religious practices and beliefs takes a unique approach not only does it provide a complete overview of the basic tenets of the major Asian religions but it also demonstrates how Asian spiritualities are lived and practiced exploring the meaning and significance they hold for believers In a series of engaging and lively chapters the book explores the beliefs and practices of Confucianism Taoism Hinduism Buddhism and Japanese religions including Shint Using a comparative approach it highlights the contrasts between Asian and Western modes of thinking and living and debates the influence of religion on real world issues including work economic

growth the environment human rights and gender relations Nadeau a leading figure in this field takes an empathetic approach to Asian religious and cultural traditions and considers Asian spiritualities to be viable systems of belief for today's global citizens Integrating exercises activities and an appealing mixture of examples such as novels and biographies this refreshing book leads readers to an enhanced understanding of the ideas and practice of Asian religions and of their continuing relevance today *The Astrological Imagination* Brad Hiljanen Kochunas,2008-10-02 Many books today simply widen the field of astrology by promoting newly created techniques or championing older historical methods for investigating every possible nook and cranny of a horoscope In contrast this award winning writer points the reader in a new direction toward deepening the way that we approach and think about astrology in these post modern times Drawing upon the archetypal perspectives of Mircea Eliade James Hillman and Thomas Moore the author presents a truly psychological astrology an astrology of soul that can plumb the depths of our being sounding out our centers in a manner that enriches our struggle to fully engage what it means to be human *Timing Grace* Johan Cilliers,2019-08-13 In this companion volume to *A Space for Grace* Johan Cilliers delves into some of the most profound theological underpinnings of preaching Drawing on his extraordinary depth and breadth of scholarship Cilliers examines the aesthetic qualitative and relational dimensions of sermon time Faithful preaching he argues is an art of speaking the now of grace which is inextricably linked to past and future but is simultaneously a dynamic event filled with the revelatory presence of God Along with helpful reflections on pieces of visual art Cilliers provides numerous sample sermons as well as several detailed sermon analyses *From the River of Heaven* David Frawley,2000-11 This text presents an overview of Indian spiritual tradition and its relevance to the modern mind It introduces Vedic knowledge as the root of many mystical traditions and as a complete system of spiritual science including the practice of yoga as part of a field of spiritual culture *While There's Still Time* Robert Colacurcio,2018-09-24 This collection of essays is intended to be a sequel to my previous book *On the True Nature of the Soul* Essays for the Seriously Curious The basic themes are the illusory nature of time its swift passing and ways to make better use of it while we have it The addendum at the end of each essay is meant to give the reader a way to practically apply the ideas in the essay Everything I have written including this book is a development of two basic ideas 1 we are here to see through the illusion of our separateness and 2 the soul is the potential to be one with all things The subject matter of these essays can be succinctly stated as the timeless nature of the soul incarnate as it struggles to realize that nature in time

Healing the Soul Tristan Faith PhD,2017-05-18 This book has been a journey of research pros and cons of the current treatments for trauma and what treatment has facilitated the highest level of recovery The research is well balanced in science and natural laws and addresses the aspect of mind body soul as a complex triad that must be addressed to promote the healing of trauma **Shabbat Shalom** Pinchas Peli,1988 The late esteemed Rabbi Peli author of *Torah Today* and a former *Jerusalem Post* columnist and commentator on religious issues explores the Sabbath and incisively demonstrates how

why it is the basic source of Jewish inspiration These remaining copies are the last in inventory of the renowned author s most important book **Theory and Method in Religious Studies** Frank Whaling,2012-10-25 This paperback edition contains selected articles from the original clothbound editions of Contemporary Approaches to The Study of Religion Vol I The Humanities Vol II The Social Sciences Religion and Reason 27 28 The Three Temples Rachel Elior,2004-03-01 Rachel Elior demonstrates convincingly how the Jewish mystical tradition crystallized in its early stages She attributes its origins to priests prevented by circumstances from serving in the Temple replacing the earthly Temple liturgically and ritually with a heavenly Merkavah and heavenly sanctuaries known as Heikhalot they created a mystical world in which ministering angels replaced Temple priests thereby giving Judaism a new spiritual focus **Quantum Mind** Arnold Mindell, PH.D.,2012-12 Quantum Mind The Edge Between Physics and Psychology This is the second edition with new preface from the author In a single volume Arnold Mindell brings together psychology physics math myth and shamanism not only mapping the way for next generation science but also applying this wisdom to personal growth group dynamics social and political processes and environmental issues Beginning with a discussion of cultural impacts on mathematics he presents esoteric but plausible interpretations of imaginary numbers and the quantum wavefunction In this context he discusses dreams psychology illness shape shifting moving among realities and the self reflecting Universe bringing in not only shamanism but also the Aboriginal Greek and Hindu myths and even sacred geometry from the Masonic orders and the Native Americans The book is enriched by several psychological exercises that enable the reader to subjectively experience mathematics counting discounting squaring complex conjugating physics parallel worlds time travel and shamanism shape shifting **The Professionalization of the English Church from 1560 to 1700** Stewart A. Dippel,1999 It covers church polity in its totality from the parish through the archiepiscopal levels encompassing theology pastoral responsibilities judicial activity low politics from the parish context and high politics relative to the Court and Parliament *Icons - Imaging the Unseen* Dani%ol J. Louw,2014-11-01 The experience of the divine has been referred to by many artists over the centuries whether their subject was the human figure landscape still life or indeed religious or biblical themes Art therefore requires a kind of openness a willingness to mediate rather than to control This sensitivity can best be described as humility an obeisance to something we are part of Therefore to see the unseen in visual arts brings about awe and requires iconic viewing The spiritual realm as portrayed by icons has a healing quality in a world where the news and the arts are so full of tragedy and where the church s message so often sounds escapist or na ve **Worldly Spirits, Extra-Human Dimensions, and the Global Anglophone Novel** Hilary Thompson,2023-12-28 Engaging a diverse range of contemporary anglophone literature from authors of the Asian Middle Eastern and Caribbean diasporas this book explores how such works turn to spirit forces spirit realms and spirit beings were animals mystical birds and snake goddesses as positive forces that assert perceptual dimensions beyond those of the human and present a vision of Earth as agentive and animate With previous scholarship

downplaying these aspects of modern works as uncanny hauntings or symptoms of capitalism's or anthropocentrism's destructiveness or within a blanket rubric of magical realism Hilary Thompson rejects this partitioning of them as products of an exotic East or global South By contrast this book builds a new critical framework for analysis of worldly spirits drawing on anthropological discussions of animism the newly recovered 1930s boundary crossing art movement Dimensionism and multispecies theories of animals diverse perceptual worlds Taking stock of novels published from 2018-2020 by such writers as Amitav Ghosh Andr Alexis Yangsze Choo Azareen Van der Vliet Oloomi Zeyn Joukhadar and Tanya Tagaq Thompson illuminates how these works extend an ecological call to decentre the human and align with multidimensional theories of art and literature to provide ways to read for rather than reduce the extra human dimensions emerging in contemporary fiction A refreshing rejection of ecological apocalypticism this book unsettles typical conceptualizations of both anglophone and Anthropocene literatures by invoking European art theory philosophy and non Western ideas on animism and spirits to put forward perceptions of the extra human as a form of dealing with the many uncertainties of today's different crises

InterMedia in South Asia Rajinder Dudrah, Sangita Gopal, Amit Rai, Anustup Basu, 2013-09-13 The emergence of new media today in South Asia has signalled an event the meaning of which remains obscure but whose reality is rapidly evolving along gradients of intensity and experience Contemporary media in and from South Asia have come to sense a new arrangement of value sensation and force new forms of becoming that might be usefully termed as media ecologies This evolution from nation based forms of communication Doordarshan All India Radio the national feudal romance to simultaneous global ones conform and mutate the structures of feeling of local national diasporic and transnational belonging This collection of original essays is concerned with understanding how people are making meaning from the new media and how subaltern tinkering pirating peer to peer file sharing hacking noise jamming indymedia etc does things to and in the new media This exciting work helps us to make sense of the creation of new publics new affects and new experiences of pleasure and value in convergences of intermedia in a fast developing South Asia context This book was originally published as a special issue of South Asian Popular Culture
