Searching Her Own Mystery Mark S. Kinzer, 2015-03-30 Vatican II s Declaration on the Relation of the Church to Non Christian Religions *Nostra Aetate* transformed the Catholic view of the Jewish people and the Jewish religious tradition Asserting that the Church discovers her link to the stock of Abraham when searching her own mystery *Nostra Aetate* intimated that the mystery of Israel is inseparable from the mystery of the Church As interlocking mysteries each community requires the other in order to understand itself In *Searching Her Own Mystery* noted Messianic Jewish theologian Mark S Kinzer argues that the Church has yet to explore adequately the implications of *Nostra Aetate* for Christian self understanding The new Catholic teaching concerning Israel should produce fresh perspectives on the entire range of Christian theology including Christology ecclesiology and the theology of the sacraments To this end Kinzer proposes an Israel ecclesiology rooted in Israel Christology in which a restored ecclesia ex circumcissione the church from the circumcision assumes a crucial role as a sacramental sign of the Church s bond with the Jewish people and genealogical

Israel's irrevocable election The Oxford Handbook of Sacramental Theology Hans Boersma, Matthew Levering, 2015-08-06
 As a multi-faceted introduction to sacramental theology the purposes of this Handbook are threefold: historical, ecumenical, and missional. The forty-four chapters are organized into the following parts: five parts: Sacramental Roots in Scripture, Patristic Sacramental Theology, Medieval Sacramental Theology, From the Reformation through Today, and Philosophical and Theological Issues in Sacramental Doctrine. Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church's practice. In Scripture and the early Church, Orthodox, Protestants, and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox, Protestants, and Catholics today affirm as the foundation of their own faith and practice. Thus, for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions, this Handbook provides an introduction. As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook, it is not thereby without ecumenical and missional value. This book evidences that the story of the Christian sacraments is, despite divisions in interpretation and practice, one of tremendous hope.

Catholic Doctrines on the Jewish People after Vatican II Gavin D'Costa, 2019-10-10
 In this timely study, Gavin D'Costa explores Roman Catholic doctrines after the Second Vatican Council regarding the Jewish people, 1965-2015. It establishes the emergence of the teaching that God's covenant with the Jewish people is irrevocable. What does this mean for Catholics regarding Jewish religious rituals, the land, and mission? Catholic Doctrines on the Jewish People after Vatican II establishes that the Catholic Church has a new teaching about the Jewish people: the covenant made with God is irrevocable. D'Costa faces head-on three important issues arising from the new teaching. First, previous Catholic teachings seem to claim Jewish rituals are invalid. He argues this is not the case. Earlier teachings allow us positive insights into the modern question. Second, a nuanced case for Catholic minimalist Zionism is advanced without detriment to the Palestinian cause. This is in keeping with Catholic readings of scripture and the development of the Holy See's attitude to the State of Israel. Third, the painful question of mission is explored. D'Costa shows the new approach safeguards Jewish identity and allows for the possibility of successful witness by Hebrew Catholics who retain their Jewish identity and religious life.

The New Isaac Leroy Andrew Huizenga, 2009
 Gospel scholarship has long recognized that Matthean Christology is a rich, multifaceted tapestry weaving multifold Old Testament figures together in the person of Jesus. It is somewhat strange, therefore, that scholarship has found little role for the figure of Isaac in the Gospel of Matthew. Employing Umberto Eco's theory of the Model Reader as a theoretical basis to ground the phenomenon of Matthean intertextuality, this work contends that when read rightly as a coherent narrative in its first-century setting with proper attention to both biblical texts and extrabiblical traditions about Isaac, the Gospel of Matthew evinces a significant Isaac typology in service of presenting Jesus as new temple and decisive sacrifice.

Schlesinger, 2016-12-15 The twenty first century church cannot afford to neglect mission When church and culture no longer share a common outlook the only way forward is mission Pope Francis recognizes this in his call for a missionary conversion of the church Responding to this invitation is a constructive work in ecclesiology addressing the relationship between liturgy and mission in the church s life It advances a notion of the church grounded in both liturgy and mission where neither is subordinated to nor collapsed into the other The church s liturgical rites disclose and enact the church s identity as a missionary community Close examination of the sources at the heart of traditional communion ecclesiology Trinitarian theology the sacraments of initiation and eucharistic theology yields an ecclesiology in which the church is constituted by both liturgy and mission These are two distinct ways of participating in the triune life of God which is revealed in the paschal mystery The church s pilgrimage to God s kingdom takes it through the world in mission The church as the body of Christ is given away to God and to the world for the world s salvation The result is a contemporary restatement of traditional ecclesiology transposed into a missional key
