Talbert, 2018-11-09 The echo of Luther's hammer resounds in Asia five hundred years after the Wittenberg controversy the cross is a flashpoint in China Korea seeks ecclesiastical reform the mystical union thrives in Laos even Kant whispers in old Batavia The diversity of ideas and influences of the Reformation is as broad and fascinating as the continent resisting reduction to the postcolonial movement and demonstrating an affinity with Protestant foundations that somehow remains uniquely Asian This volume brings together the reflections of Christian academics from the continent to offer a sample of the theological work that remains largely inaccessible to the broader scholarly community with contributions in the fields of theology biblical studies philosophy and Christian higher education If the quincentennial of the Reformation has revealed anything it is the inauguration of Asia as the locus of biblical and theological scholarship for the next five hundred years *Schluss mit Angst* Erich J.
