Community engagement has evolved as a respected field and now occupies a seat at the academic table In the past this work had often been relegated to the institutional fringes of higher education its practitioners marginalized and the work often portrayed as service not scholarly Today higher education community engagement is a dynamic and continually evolving field of scholarship and practice that carries ever increasing academic respect This book contributes to the ever under construction edifice by presenting a scaffolding of the scholarship that has been part of the building process documenting and analyzing the past speculating about the future and framing a continuing conversation about and for the field The three parts of this book are designed to promote a continuing field building conversation a look back at foundational documents of the field a set of provocative questions interrogating those foundational works and a look to the future by the next generation of leaders in the field The central part is the special 20th anniversary issue of the Journal of Higher Education Outreach and Engagement which brings together key documents of the scholarship of engagement with reflections on those documents by key scholars and or the authors of the original works In addition to highlighting the foundations and evolution of the field this work also looks ahead to the next generation of voices and views as input to the conversation with a closing chapter that includes invited essays by nine outstanding community engaged thinkers and writers of the next 20 years who share their ideas about probable futures **Faithful Education** Amy Lynn Dee, Gary Tiffin, 2012-08-24 This book presents nine biblical themes in essays authored by veteran educators who surprise and affirm readers with personal accounts of how these themes shaped their practice in education Culture faith and praxis often inform one another and in an era of increased scrutiny and

criticism of education educators hold tremendous power in shaping the education of students by incorporating these values into daily practice A cycle of improvement follows purposeful attention to biblical principles and provides educators with the means to reclaim and reshape our profession When teachers are willing to examine their practice in light of biblical themes and values learning becomes meaningful and lasting Often that learning goes beyond the formal educational process Educators serve as role models and the experiences we provide for our students shape who they become and how they view life A faithful educator encourages positive dispositions of the heart mind and spirit The charge and responsibility of developing the hearts minds and spirits of those who enter our classrooms and the magnitude of the call to teach these students requires faithful recognition of these biblical themes
