Multinational Business And Labour:

Multinational Business and Labour (RLE International Business) Peter Enderwick, 2013-01-17 Aimed at senior undergraduate and post graduate students following courses in International Business and Industrial Relations this book examines the labour market effects of multinational business In reflecting the complexity and dynamism of developments in this area the book makes clear the need to underpin analysis of the labour market effects of multinational business with conceptual understanding of the theory of multinational enterprise **Multinational Business Et Labour** Peter Enderwick, 2013 Multinational Business Service Firms Joanne Roberts, 2018-10-26 First published in 1998 this influential volume entered the debate on Foreign Direct Investment in the UK and focuses on the role of Multinational Enterprises MNEs in the service rather than manufacturing and primary sectors While the significance of the service industry had been recognised exceeding 60% of total GDP in some countries at the time of original publication the role of FDI has not Joanne Roberts thus contributed to a woefully under researched field covering areas including international trade the organisational theory of the firm and the UK business sector Multinational Business & Labour Peter Enderwick, 2013 *Labour Migration, Human Trafficking and Multinational Corporations* Ato Quayson, Antonela Arhin, 2013-06-19 Although much literature on human trafficking focuses on sex trafficking a great deal of human trafficking results from migrant workers compelled by economic deprivation in their home countries to seek better life opportunities abroad especially in agriculture construction and domestic work Such labour migration is sometimes legal and well managed but sometimes not so with migrant workers frequently threatened or coerced into entering debt bondage arrangements and ending up working in forced labour situations producing goods for illicit markets This book fills a substantial gap in the existing literature given that labour trafficking is a much more subtle form of exploitation than sex trafficking It discusses how far large multinational corporations are involved whether intentionally or unintentionally in human trafficking for the purposes of labour exploitation They explore how far corporations are driven to seek cheap labour by the need to remain commercially competitive and examine how the problem often lies with corporations subcontractors who are not as well controlled as they might be The essays in the volume also outline and assess measures being taken by governments and international agencies to eradicate the problem Annual Report on the OECD Guidelines for Multinational Enterprises 2011 A New Agenda for the Future OECD, 2012-01-02 The report provides a first assessment of the outcome of the 2011 Update of the Guidelines adopted at the OECD Ministerial Meeting and a compilation of ideas for future implementation It also reports the actions taken by the 42 adhering governments from June 2010 to June 2011 *Annual Report on the OECD Guidelines for Multinational Enterprises 2009 Consumer empowerment* OECD, 2010-05-20 This Annual Report provides an account of the actions the 41 adhering governments have taken over the 12 months to June 2009 to enhance the contribution of the Guidelines to the improved functioning of the global economy It also contains a report on consumer empowerment **Handbook of Institutional**
