The Childs Conundrum G. K. Sutton, 2009-11-16 Amanda Childs Mainville attorney and organist at St Catherine's Episcopal Church was happily Exonerated of charges of federal criminal conspiracy embezzlement and money laundering she has just become engaged to Jon Connor the FBI agent who was investigating the case Her friend and law partner Ralph Carmichael is getting married However just as things seem to be going so well she is felled with the news that William Barnes Sr the head of the conspiracy that took the life of her husband Andrew and almost cost hers as well is fighting the charges and intends as his defense to again pin the blame upon her She renounces her engagement despite Jon's protests to keep Connor's integrity intact She informs him that his credibility on the stand would be tainted if the jury is informed he is dating and engaged to the former prime suspect in the case She painfully resolves for the sake of Andy's memory that nothing will hinder the prosecution and conviction of Barnes In the meantime an old childhood friend faces charges that he murdered his wife Amanda steps in to defend her friend and in so doing is thrown in constant close proximity with another lifelong friend The contact resurrects old memories and repressed feelings between them While still reeling about the revelations of her own paternity Amanda suddenly learns that her deceased husband Andrew's past is shrouded in mystery All her past doubts about Andrew's love for her are revisited when it is learned that he kept certain personal matters secret from her In the meantime she is being shadowed and is accosted by a newspaper reporter about to leak the story of Andrew's famous father Just as Amanda seemingly sees light at the end of the tunnel and makes crucial decisions regarding her future happiness she is mired in suspicion of murder The evidence clearly points to her as the perpetrator Her liberty and very life become in jeopardy and she must rely upon others to try to save her from impending doom
