The Musical Worlds of Lerner and Loewe Gene Lees, 2005-01-01 Biography of lyricist Alan Jay Lerner and composer Frederick Loewe creators of memorable Broadway and motion picture musicals [The Oxford Handbook of Musical Theatre Screen Adaptations](#) Dominic McHugh, 2019-06-14 Hollywood's conversion to sound in the 1920s created an early peak in the film musical following the immense success of *The Jazz Singer* The opportunity to synchronize moving pictures with a soundtrack suited the musical in particular since the heightened experience of song and dance drew attention to the novelty of the technological development Until the near collapse of the genre in the 1960s the film musical enjoyed around thirty years of development as landmarks such as *The Wizard of Oz* *Meet Me in St Louis* *Singin' in the Rain* and *Gigi* showed the exciting possibilities of putting musicals on the silver screen *The Oxford Handbook of Musical Theatre Screen Adaptations* traces how the genre of the stage to screen musical has evolved starting with screen adaptations of operettas such as *The Desert Song* and *Rio Rita* and looks at how the Hollywood studios in the 1930s exploited the publication of sheet music as part of their income Numerous chapters examine specific screen adaptations in depth including not only favorites such as *Annie* and *Kiss Me Kate* but also some of the lesser known titles like *Li'l Abner* and *Roberta* and problematic adaptations such as *Carousel* and *Paint Your Wagon* Together the chapters incite lively debates about the process of adapting Broadway for the big screen and provide models for future studies

From El Dorado to Lost Horizons Ken Windrum, 2019-03-25 Investigates how musicals war films sex comedies and Westerns dealt with contentious issues during a time of change in Hollywood The era known as the Hollywood Renaissance is celebrated as a time when revolutionary movies broke all the rules of the previous classical era as part of the ferment of the late 1960s and early 1970s Yet many films during this era did not overtly smash the system but provided more traditional entertainment based on popular genres for a wider audience than the youth culture who flocked to more transgressive fare Ken Windrum focuses on four genres of traditionalist movies big budget musicals war spectacles naughty sex comedies and Westerns From El Dorado to Lost Horizons shows how even seemingly innocuous family oriented films still participated in the progressive aspects of the time while also holding a conservative point of view Windrum analyzes representations of issues including gender roles marriage sexuality civil rights and Cold War foreign policy revealing how these films dealt with changing times and reflected both status quo positions and new attitudes He also examines how the movies continued or deviated from classical principles of structure and style Windrum provides a counter history of the Hollywood Renaissance by focusing on a group of important films that have nevertheless been neglected in scholarly accounts This book is detailed and insightful in discussing the traditional classical and maverick but ultimately recuperative qualities of the mainstream films of the period Windrum's discussion of the narrative structure and stylistic elements of the films both classical and innovative is a highlight of the book Glenn Man author of Radical Visions American Film Renaissance 1967 1976 **Roadshow!** Matthew Kennedy, 2015-09-02 In Roadshow The Fall of Film Musicals in the 1960s film historian Matthew Kennedy explores the downfall of a beloved genre caught in the hands of misguided creators who glutted the American film market with a spate of

expensive and financially unrewarding musicals between 1967 and 1972 In doing so it offers an alternative view of this era in the world of American popular entertainment telling of the cultural importance of the studios death grip on the film business rather than dwelling on the failures of the flops themselves *Our Musicals, Ourselves* John Bush Jones,2011-04-17 Our Musicals Ourselves is the first full scale social history of the American musical theater from the imported Gilbert and Sullivan comic operas of the late nineteenth century to such recent musicals as The Producers and Urinetown While many aficionados of the Broadway musical associate it with wonderful diversionary shows like The Music Man or My Fair Lady John Bush Jones instead selects musicals for their social relevance and the extent to which they engage directly or metaphorically contemporary politics and culture Organized chronologically with some liberties taken to keep together similarly themed musicals Jones examines dozens of Broadway shows from the beginning of the twentieth century to the present that demonstrate numerous links between what played on Broadway and what played on newspapers front pages across our nation He reviews the productions lyrics staging and casts from the lesser known early musicals the gunboat musicals of the Teddy Roosevelt era and the Cinderella shows and leisure time musicals of the 1920s and continues his analysis with better known shows including Showboat Porgy and Bess Oklahoma South Pacific West Side Story Cabaret Hair Company A Chorus Line and many others While most examinations of the American musical focus on specific shows or emphasize the development of the musical as an art form Jones s book uses musicals as a way of illuminating broader social and cultural themes of the times With six appendixes detailing the long running diversionary musicals and a foreword by Sheldon Harnick the lyricist of Fiddler on the Roof Jones s comprehensive social history will appeal to both students and fans of Broadway
