Parisians in the country Honoré de Balzac, 1901 Father Goriot Honoré de Balzac, 2015-08-24 Father Goriot Honoré de Balzac 1799 1850 One of Balzac's most popular works set around 1815 during the reascendancy of the Bourbon kings following the defeat of Napoleon Said to have been an inspiration to Charles Dickens and Henry James as well as others the novel seeks to portray the realism of scenes and people It is also a commentary upon the changing social strata and mores of the day **Father Goriot** Honoré de Balzac, 2016-05-27T05:06:20Z Father Goriot today considered one of Balzac's most important works is part of his novel sequence The Human Comedy It's the first of Balzac's novels to feature recurring characters a technique that he famously developed in his subsequent novels Set in Paris during the Bourbon Restoration of the early 1800s Father Goriot follows Eugène de Rastignac a student born to noble roots but little means as he tries to climb the social ladder in Paris The impoverished Goriot is staying at the same boardinghouse as Rastignac and Rastignac sees opportunity in Goriot's richly married and elegant daughters The novel has been widely praised for its realist portrayal of Parisian life of various social classes and its deep influence on French literature is still felt today While it had chapter breaks when it was initially serialized Balzac removed them when compiling his definitive edition of The Human Comedy a change that is preserved in this edition This book is part of the Standard Ebooks project which produces free public domain ebooks

Father Goriot Honoré de Balzac, 2024-11-24 Mme Vauquer nee de Conflans is an elderly person who for the past forty years has kept a lodging house in the Rue Neuve Sainte Genevieve in the district that lies between the Latin Quarter and the Faubourg Saint Marcel Her house known in the neighborhood as the Maison Vauquer receives men and women old and young and no word has ever been breathed against her respectable establishment but at the same time it must be said that as a matter of fact no young woman has been under her roof for thirty years and that if a young man stays there for any length of time it is a sure sign that his allowance must be of the slenderest In 1819 however the time when this drama opens there was an almost penniless young girl among Mme Vauquer's boarders That word drama has been somewhat discredited of late it has been overworked and twisted to strange uses in these days of dolorous literature but it must do service again

here not because this story is dramatic in the restricted sense of the word but because some tears may perhaps be shed intra et extra muros before it is over Will any one without the walls of Paris understand it It is open to doubt The only audience who could appreciate the results of close observation the careful reproduction of minute detail and local color are dwellers between the heights of Montrouge and Montmartre in a vale of crumbling stucco watered by streams of black mud a vale of sorrows which are real and joys too often hollow but this audience is so accustomed to terrible sensations that only some unimaginable and well nigh impossible woe could produce any lasting impression there Now and again there are tragedies so awful and so grand by reason of the complication of virtues and vices that bring them about that egotism and selfishness are forced to pause and are moved to pity but the impression that they receive is like a luscious fruit soon consumed Civilization like the car of Juggernaut is scarcely stayed perceptibly in its progress by a heart less easy to break than the others that lie in its course this also is broken and Civilization continues on her course triumphant And you too will do the like you who with this book in your white hand will sink back among the cushions of your armchair and say to yourself Perhaps this may amuse me You will read the story of Father Goriot s secret woes and dining thereafter with an unspoiled appetite will lay the blame of your insensibility upon the writer and accuse him of exaggeration of writing romances Ah once for all this drama is neither a fiction nor a romance All is true so true that every one can discern the elements of the tragedy in his own house perhaps in his own heart During the day a glimpse into the garden is easily obtained through a wicket to which a bell is attached On the opposite wall at the further end of the graveled walk a green marble arch was painted once upon a time by a local artist and in this semblance of a shrine a statue representing Cupid is installed a Parisian Cupid so blistered and disfigured that he looks like a candidate for one of the adjacent hospitals and might suggest an allegory to lovers of symbolism The half obliterated inscription on the pedestal beneath determines the date of this work of art for it bears witness to the widespread enthusiasm felt for Voltaire on his return to Paris in 1777 Whoe er thou art thy master see He is or was or ought to be *Father Goriot* Honore de Balzac,2021-01-01 A masterful study of a father whose sacrifices for his daughters have become a compulsion this novel marks Balzac s real entr e into La Com die Humaine his series of almost one hundred novels and short stories meant to depict the whole pell mell of civilization **Father Goriot** Honoré de Balzac,2015-07-04 *Father Goriot* ... Old Goriot Honoré de Balzac,1909 *Father Goriot* Honoré De Balzac,2017-12-06 The novel takes place during the Bourbon Restoration which brought profound changes to French society the struggle by individuals to secure a higher social status is a major theme in the book The city of Paris also impresses itself on the characters especially young Rastignac who grew up in the provinces of southern France Balzac analyzes through Goriot and others the nature of family and marriage providing a pessimistic view of these institutions Father Goriot Honoré de Balzac,2003-05 *The comedie humaine Scenes from Parisian Life* **Father Goriot** Honoré de Balzac,2020-02-20 The novel takes place during the Bourbon Restoration which brought about profound changes in French society the struggle of

individuals to secure upper class status is ubiquitous in the book The city of Paris also impresses itself on the characters especially young Rastignac who grew up in the provinces of southern France Balzac analyzes through Goriot and others the nature of family and marriage providing a pessimistic view of these institutions
