There is no such thing as the ivory tower Rather there sit side by side numerous windowless towers of knowledge each seeming to have only a small entrance and no discernable exit Paul Martin Multilingual multicultural and vast Canada enjoys a rich diversity of literatures So why does Canadian Literature as it has been taught fail to encompass a common geography history and government yet reveal the diverse experiences of its immigrants long term residents and original peoples Martin's research interviews with 95 professors in 27 universities maps the institutional chasms in communication and the nature of their persistence His own example of venturing out from his tower to dialogue with colleagues shows a way toward cultivating a conception of the literatures of Canada that is expansive and inclusive Canadianists professors of English French Postcolonial and Comparative Literatures and leaders in education will profit from Martin's frank investigations *History of Literature in Canada*

Reingard M. Nischik, 2008 The development of literature in Canada with an eye to its multicultural multiethnic multilingual nature From modest colonial beginnings literature in Canada has arrived at the center stage of world literature Works by English Canadian writers both established writers such as Margaret Atwood and new talents such as Yann Martel make regular appearances on international bestseller lists French Canadian literature has also found its own voice in the North American and francophone worlds CanLit has likewise developed into a staple of academic interest pursued in Canadian Studies programs in Canada and around the world This volume draws on the expertise of scholars from Canada Germany Austria and France tracing Canadian literature from the indigenous oral tradition to the development of English Canadian and French Canadian literature since colonial times Conceiving of Canada as a single but multifaceted culture it accounts for

specific characteristics of English and French Canadian literatures such as the vital role of the short story in English Canada or that of the chanson in French Canada Yet special attention is also paid to Aboriginal literature and to the pronounced transcultural ethnically diverse character of much contemporary Canadian literature thus moving clearly beyond the traditions of the two founding nations Contributors Reingard M Nischik Eva Gruber Iain M Higgins Guy Laflèche Dorothee Scholl Gwendolyn Davies Tracy Ware Fritz Peter Kirsch Julia Breitbach Lorraine York Marta Dvorak Jerry Wasserman Ursula Mathis Moser Doris G Eibl Rolf Lohse Sherrill Grace Caroline Rosenthal Martin Kuester Nicholas Bradley Anne Nothof Georgiana Banita Gilles Dupuis and Andrea Oberhuber Reingard M Nischik is Professor of American Literature at the University of Constance Germany *The One and the Many* Gerald Lynch, 2001-05-02 The search for the Great Canadian Novel has long continued throughout our history Controversially to say the least Gerald Lynch maintains that a version of it may already have been written as a great Canadian short story cycle In this unique text the author launches into a fascinating literary historical survey and genre study of the English Canadian short story cycle the literary form that occupies the middle ground between short stories and novels This wide ranging volume has much to say about the continuing relationship between place and identity in Canadian literature and culture Initially Lynch employs Stephen Leacock's *Sunshine Sketches of a Little Town* for illustrative purposes and begins by discussing two definitive features of short story cycles the ways in which their form conveys meaning and the paramount function of their concluding stories which are here called return stories Lynch then devotes five discrete but related chapters to six Canadian short story cycles spanning some one hundred years from Duncan Campbell Scott to Thomas King and tracing some surprising continuities in this distinctive genre A number of the works are discussed extensively for the first time within the tradition of the Canadian short story cycle which has never before been accorded book length study in English This engaging and intelligent volume will be of interest to the general reader as well as specialists in Canadian literature **Because I Care** X.
