Queen Kate The Titanic Of Ancient Times:

Whispers Across Time Stuart Coates, 2012-05-31 The first time Tiffany Abernathy travels through time is in 1898 right before her parents are killed An automobile runs their carriage off the road Tiffany is thrown into a nearby tree while her parents plunge to their deaths at the bottom of a ravine As Tiffany hangs from its limbs the tree is struck by lightning strangely Tiffany finds herself transported decades into the future It wont be the last time Although Tiffany eventually returns to 1898 in 1910 an even bigger shock comes her way Directly following her wedding an electric shock sends her to the year 2011 Tiffany understands what has occurred but her great granddaughter Kate Dixon does not Suddenly Kate finds herself transported to the year 1910 Not only that but she is inhabiting the body of Mrs Tiffany Abernathy Nichols A modern science experiment has created a black hole deep beneath the surface of Portland Maine Time travel occurs through this black hole but the ramifications are much more severe than body swapping Because of the black hole the trajectory of Earth in 1910 has been thrown into the path of Halleys Comet and certain destruction Will Tiffany and Kate be able to fix what has been done or will they also die each trapped in the body of the other

Hijacking History Kathleen Wellman,2021-08-18 The teaching of history has long been the subject of partisan warfare Religion often plays a prominent role in these debates as secular progressives and conservative Christians disagree over which historical figures are worthy of study how or whether certain events should be portrayed and ultimately how tax dollars should be spent But what about students who are educated outside the public schools either in religious schools or at home How are they learning history and what effect does that have on our democracy *Hijacking History* analyzes the high school world history textbooks produced by the three most influential publishers of Christian educational materials In these books the historian informed by his faith tells the allegedly unbiased story of God's actions as interpreted through the Bible History becomes a weapon to judge and condemn civilizations that do not accept the true God or adopt biblical positions In their treatment of the modern world these texts identify ungodly ideas to be vanquished evolution humanism biblical modernism socialism and climate science among them The judgments found in these textbooks Kathleen Wellman shows are rooted in the history of American evangelicals and fundamentalists and the battles they fought against the tide of secularism In assuming that God sanctions fundamentalist positions on social political and economic issues students are led to believe that that the ultimate mission of America is to succeed as a nation that advances evangelical Christianity and capitalism throughout the world The Christianity presented in these textbooks is proselytizing intolerant of other religions and non evangelical Christians and unquestionably anchored to the political right As *Hijacking History* argues the ideas these textbooks promote have significant implications for contemporary debates about religion politics and education and pose a direct challenge to the values of a pluralistic democracy **Portland Transcript** ,1860
