Queensland Heritage Sketchbook Evan Winkle, 2003 *Queensland Heritage Sketchbook* Janet Hogan, 1988

Queenslanders Rod Fisher, 2016 In a single timely tome Rod Fisher packs a lot of what is known about the history of the timbered house in Qld the sum of research writing and practice over 4 decades While breaking new ground on its origin and development the first 4 chapters concern several key themes 1 the evolution of a Vernacular class of housing in the north of Australia from aboriginal to modern day comprising a series of styles and the means of identifying each one by era and attribute 2 the historical context to traditional housing using census data and contemporary testimony to amplify its configuration which reflects cyclical condition personal choice and social acceptance 3 the human dimension to the main varieties of habitat and its environment specifically the pros and cons of observers and occupants of the day followed by resolution of their discrepancies 4 whether Brisbane was in any way different from the rest of the state examining which varieties made the greatest imprint from elite and multiple types to the predominant gabled hipped pyramidal and later multi gabled dwellings of the Vernacular tradition The next couple of chapters are case studies illustrating those aspects particularly the evolution of traditional housing and the impact of historical change Though set in Brisbane they reflect larger issues 5 the early inner suburb of Petrie Terrace which exhibits not only changes in timbered housing over time but also the effect of road improvement shopping centre diversion stadium development building renovation and gentrification more generally 6 a timbered dwelling of nearby Bowen Hills which being modified several times in its lifetime and finally removed elsewhere demonstrates change as well as the influence of the locale and the impact of transportation improvements on housing and community At the same time this volume serves as a guide and reference partly by information advice and example but more specifically by means of the handy classification of Vernacular styles in the 1st chapter and ultimately by instructions for researching any house in Qld 7 a step by step guide to historical investigation and exposition using a dwelling in Annerley Tarragindi as the example That practical purpose is reinforced in the final 3 chapters by a Supplement of related material Glossary of requisite terms and Bibliography of relevant sources on both the history and heritage of timbered housing plus plentiful illustrations of course As there hasn't been a work on this intriguing subject for a long time nor anything ever like this one it will serve general readers professionals researchers writers and academics on the one hand and owners occupants renovators restorers and vendors on the other whether in Brisbane Qld or elsewhere in Australia To all and sundry its core message is conveyed by one of Joni Mitchell's bygone ballads Don't it always seem to go That you don't know what you've got Till it's gone They paved paradise And put up a parking lot *Tropical Queensland Sketchbook* Peter Newell, 1971 [Australian National Bibliography](#) , 1990 **Archaeological Perspectives on Conflict and Warfare in Australia and the Pacific** Geoffrey Clark, Mirani Litster, 2022-03-08 When James Boswell famously lamented the irrationality of war in 1777 he noted the universality of conflict across history and across space even reaching what he

described as the gentle and benign southern ocean nations This volume discusses archaeological evidence of conflict from those southern oceans from Palau and Guam to Australia Vanuatu and Tonga the Marquesas Easter Island and New Zealand The evidence for conflict and warfare encompasses defensive earthworks on Palau fortifications on Tonga and intricate pa sites in New Zealand It reports evidence of reciprocal sacrifice to appease deities in several island nations and skirmishes and smaller scale conflicts including in Easter Island This volume traces aspects of colonial era conflict in Australia and frontier battles in Vanuatu and discusses depictions of World War II materiel in the rock art of Arnhem Land Among the causes and motives discussed in these papers are pressure on resources the ebb and flow of significant climate events and the significant association of conflict with culture contact The volume necessarily selective eclectic and wide ranging includes an incisive introduction that situates the evidence persuasively in the broader scholarship addressing the history of human warfare

Bastions and Barbed Wire Tony Pollard,Iain Banks,2009-04-15 Various papers on the archaeology of conflict including battlefield archaeology The main focus of the volume is confinement as expressed by a wide variety of contexts Most obviously these include Nazi concentration camps which are in need of credible archaeological attention the editorial points out the dangers of the misappropriation of archaeological and scientific techniques by Holocaust deniers Other forms of confinement are examined in papers focussing on the archaeology of island defences and siege sites with the sieges of Leith from 1650 and of Fort William from 1646 both recently being subject to archaeological investigation Other contributions include a study of shell holes and field defences from the battle of the Bulge 1944
