## Queer Forster:

**Queer Forster** Robert K. Martin, George Piggford, 1997-11-24 This groundbreaking volume presents a radical revision of gay criticism and focuses on E M Forster's place in the emerging field of queer studies Many previous critics of Forster downplayed his homosexuality or read Forster naively in terms of gay liberation This collection situates Forster within the Bloomsbury Group and examines his relations to major figures such as Henry James Edward Carpenter and Virginia Woolf Particular attention is paid to Forster's several accounts of India and their troubled relation to the British colonial enterprise Analyzing a wide range of Forster's work the authors examine material from Forster's undergraduate writings to stories written more than a half century later A landmark book for the study of gender in literature Queer Forster brings the terms queer and gay into conversation opening up a dialogue on wider dimensions of theory and allowing a major revaluation of modernist inventions of sexual identity

**Twenty-First-Century Readings of E. M. Forster's 'Maurice'** Emma Sutton, Tsung-Han Tsai, 2020-03-26 This is the first book length study of Forster's posthumously published novel Nine essays focus exclusively on Maurice and its dynamic afterlives in literature film and new media during the twentieth and twenty first centuries Begun in 1913 and revised over almost fifty years Maurice became a defining text in Forster's work and a canonical example of queer fiction Yet the critical tendency to read Maurice primarily as a revelation of Forster's homosexuality has obscured important biographical political and aesthetic contexts for this novel This collection places Maurice among early twentieth century debates about politics philosophy religion gender Aestheticism and allegory Essays explore how the novel interacts with literary predecessors and contemporaries including John Bunyan Oscar Wilde Havelock Ellis and Edward Carpenter and how it was shaped by personal relationships such as Forster's friendship with Florence Barger They close read the textual variants of Forster's manuscripts and examine the novel's genesis and revisions They consider the volatility of its reception analysing how it galvanizes subsequent generations of writers and artists including Christopher Isherwood Alan Hollinghurst Damon Galgut James Ivory and twenty first century online fanfiction writers What emerges from the volume is the complexity of the novel as a text and as a cultural phenomenon

Modernism, Male Friendship, and the First World War Sarah Cole, 2003-08-28 Sarah Cole examines the rich literary and cultural history of masculine intimacy in the twentieth century Cole approaches this complex and neglected topic from many perspectives as a reflection of the exceptional social power wielded by the institutions that housed and structured male bonds as a matter of closeted and thwarted homoerotics as part of the story of the First World War Cole shows that the terrain of masculine fellowship provides an important context for understanding key literary features of the modernist period She foregrounds such crucial themes as the over determined relations between imperial wanderers in Conrad's tales the broken friendships that permeate Forster's fictions Lawrence's desperate urge to make culture out of blood brotherhood and the intense bereavement of the war poet Cole argues that these dramas of compelling and often tortured male friendship have helped to define a particular spirit and

voice within the literary canon      Nation and Citizenship in the Twentieth-Century British Novel Janice Ho, 2018-03-01

Nation and Citizenship in the Twentieth Century British Novel charts how novelists imagined changing forms of citizenship in twentieth century Britain This study offers a new way of understanding the constitution of the nation state in terms of the concept of citizenship Through close readings it reveals how major authors such as E M Forster Virginia Woolf Elizabeth Bowen Sam Selvon Buchi Emecheta Salman Rushdie and Monica Ali presented political struggles over citizenship during key historical moments the advent of democracy the emancipation of women the rise of social welfare provision the institution of the security state during World War II and the emergence of multicultural citizenship during postwar immigration This serves as the first full length monograph to map the interrelations between literary production and public debates about citizenship that shaped Britain in the twentieth century      **Re-Membering Hospitality in the Mediterranean** yasser elhariry, Isabelle Keller-Privat, Edwige Tamalet Talbayev, 2025-07-15

Inheritance Matters Suzanne Lenon, Daniel Monk, 2023-09-21 This book makes a compelling case for placing the social and legal practices of inheritance centre stage to make sense of fundamental questions of our time Drawing on historical literary sociological and legal analysis this rich collection of original interdisciplinary and international contributions demonstrates how inheritance is and has always been about far more than the set of legal processes for the distribution of wealth and property upon death The contributions range from exploring the intractable tensions underlying family disputes and the legal and political debates about taxation to revisiting literary plots in the past and presenting a contemporary artistic challenge of heirship With an introduction that presents a critical mapping of the field of inheritance studies this collection reveals the complexity of ideas about passing on legacies and heirlooms troubles some of the enduring consequences of charitable bequests family money and estate planning and deepens our understanding of the intimate and

political practices of inheritance      **Scanning the Hypnogyph** Nathaniel Wallace,2016-09-07 Nathaniel Wallace s Scanning the Hypnogyph chronicles a contemporary genre that exploits sleep s evocative dimensions While dreams sleeping nudes and other facets of the dormant state were popular with artists of the early twentieth century and long before sleep experiences have given rise to an even wider range of postmodern artwork Scanning the Hypnogyph first assesses the modernist framework wherein the sleeping subject typically enjoys firm psychic grounding As postmodernism begins subjective space is fragmented the representation of sleep reflecting the trend Among other topics this book demonstrates how portrayals of dormant individuals can reveal imprints of the self Gender issues are taken up as well Mainstream heterosexual representations are considered along with depictions of gay lesbian and androgynous sleepers      C.P. Cavafy in the English and American Literary Scenes Foteini Dimirouli,2025-08-05 C P Cavafy in the English and American Literary Scenes Authorizing the Other traces how the Greek Alexandrian poet C P Cavafy achieved global recognition through the writings and advocacy of E M Forster Lawrence Durrell W H Auden Joseph Brodsky Stephen Spender and James Merrill writers who helped shape the 20th century English language literary scene Moving beyond conventional reception studies the book introduces a model of reciprocal authorization these influential writers propelled the steady rise of Cavafy s fame in England and America and in the process reinforced their own identities as authors and cultural arbiters Cavafy s poetry intersected with Forster s modernist life writing Durrell s cosmopolitanism Auden s and Spender s post war explorations Brodsky s meditations on exile and Merrill s queer aesthetics Drawing on published works correspondence and previously unseen archival material this book reveals so far unexplored aspects of the texts and personalities involved in Cavafy s legitimization across languages genres and historical contexts It also presents these literary exchanges as a case study through which to rethink canon formation and transnational cultural validation      *Reader's Guide to Lesbian and Gay Studies* Timothy Murphy,2013-10-18 The Reader s Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report      **Literature and Homosexuality** ,2021-11-01      **British literature and archaeology, 1880-1930** Angela Blumberg,2022-09-27 British literature and archaeology 1880 1930 reveals how British writers and artists across the long turn of the twentieth century engaged with archaeological discourse its artefacts landscapes bodies and methods uncovering the materials of the past to envision radical possibilities for the present and future This project traces how archaeology shaped major late Victorian and modern discussions informing debates over shifting gender roles facilitating the development of queer iconography and the recovery of silenced or neglected histories inspiring artefactual forgery and transforming modern conceptions of authenticity and helping writers and artists historicise the traumas of the

First World War Ultimately unearthing archaeology at the centre of these major discourses this book simultaneously positions literary and artistic engagements with the archaeological imagination as forms of archaeological knowledge in themselves *Margins of Desire* Lynne Hapgood, 2005-05-06 Who said that the suburbs are boring The suburban trick is to look ordinary and be extraordinary as Lynne Hapgood's absorbing discussion of the suburbs in fiction from 1880 1925 reveals *Encyclopedia of Lesbian and Gay Histories and Cultures* George Haggerty, Bonnie Zimmerman, 2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public **The Burdens of Intimacy** Christopher Lane, 1999 Why does passion bewilder and torment so many Victorian protagonists And why do so many literary characters experience moments of ecstasy before their deaths In this original study Christopher Lane shows why Victorian fiction conveys both the pleasure and anguish of intimacy Examining works by Bulwer Lytton Swinburne Schreiner Hardy James Santayana and Forster he argues that these writers struggled with aspects of psychology that were undermining the utilitarian ethos of the Victorian age Lane discredits the conservative notion that Victorian literature expresses only a demand for repression and moral restraint But he also refutes historicist and Foucauldian approaches arguing that they dismiss the very idea of repression and end up denouncing psychoanalysis as complicit in various kinds of oppression These approaches Lane argues reduce Victorian literature to a drama about politics power and the ego Striving instead to reinvigorate discussions of fantasy and the unconscious Lane offers a clear often startling account of writers who grapple with the genuine complexities of love desire and friendship *Wittgenstein and Modernist Fiction* Greg Chase, 2022-02-08 The early decades of the twentieth century were a period of major economic and cultural upheaval across Europe and America Scholars have typically held that novelists responded to these shifts by questioning language's capacity to picture the world accurately But even as modernist novels move away from a view of language as a means of gaining knowledge they also underscore its capacity to grant acknowledgment they treat words as tools for recognizing and responding to the inner lives of others This book brings out this crucial feature of modernism by engaging with the philosophy of Ludwig Wittgenstein and with Stanley Cavell's pioneering interpretation of Wittgenstein's thought The book shows how Wittgenstein's interest in acknowledgment emerges over the course of his career long effort to grapple with the same disorienting conditions of modern life that the experimental fiction of this period registers including world wars industrialization and new conceptions of sexuality It then argues that

modernist novels by E M Forster Virginia Woolf Nella Larsen William Faulkner and others exhibit a similar interest in language s capacity to grant acknowledgment These novels offer readers a way of hearing what Wittgenstein calls the silent soliloquy of others giving us words by which we might acknowledge the otherwise unvoiced inner lives of socially marginalized figures
