**The Quest of the Golden Boy** Richard Whittington-Egan, Geoffrey Smerdon, 1962 [The Life and Letters of William Sharp and "Fiona Macleod". Volume 1: 1855-1894](#) William F. Halloran, 2018-11-27 William Sharp 1855 1905 conducted one of the most audacious literary deceptions of his or any time Sharp was a Scottish poet novelist biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod This was far more than just a pseudonym he corresponded as Macleod enlisting his sister to provide the handwriting and address and for more than a decade Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats and in America E C Stedman Sharp wrote I feel another self within me now more than ever it is as if I were possessed by a spirit who must speak out This three volume collection brings together Sharp s own correspondence a fascinating trove in its own right by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti Walter Pater and George Meredith and the Fiona Macleod letters which bring to life Sharp s intriguing second self With an introduction and detailed notes by William F Halloran this richly rewarding collection offers a wonderful insight into the literary landscape of the time while also investigating a strange and underappreciated phenomenon of late nineteenth century English literature It is essential for scholars of the period and it is an illuminating read for anyone interested in authorship and identity **The Drowned Muse** Anne-Gaëlle Saliot, 2015 The Drowned Muse is a study of the extraordinary destiny in the history of European culture of an object which could seem at first glance quite ordinary in the history of European culture It tells the story of a mask the cast of a young girl s face entitled L Inconnue de la Seine the Unknown Woman of the Seine and its subsequent metamorphoses as a cultural figure Legend has it that the Inconnue drowned herself in Paris at the end of the nineteenth century The forensic scientist tending to her unidentified corpse at the Paris Morgue was supposedly so struck by her allure that he captured in plaster the contours of her face This unknown girl also called The Mona Lisa of Suicide has since become the object of an obsessive interest that started in the late 1890s reached its peak in the 1930s and continues to reverberate today Aby Warburg defines art history as a ghost story for grown ups This study is similarly a ghost story for grown ups narrating the aura of a cultural object that crosses temporal geographical and linguistic frontiers It views the Inconnue as a symptomatic expression of a modern world haunted by the earlier modernity of the nineteenth century It also investigates how the mask s metamorphoses reflect major shifts in the cultural history of the last two centuries approaching the Iconnue as an entry point to understand a phenomenon characteristic of 20th and 21st century modernity the translatability of media Doing so this study mobilizes discourses surrounding the Inconnue casting them as points of negotiation through which we may consider the modern age **The Quest of the Golden Boy. The Life and Letters of Richard Le Gallienne. [With Plates, Including Portraits.]** Richard Whittington EGAN (and SMERDON (Geoffrey)), 1960 **A Bookman's Catalogue Vol. 1 A-L** T. Journey Through Despair, 1880-1914 John Ashby Lester Jr., 2015-12-08 English literary culture from the death of Thomas Carlyle to the First World War was paradoxical and diverse In literature it was a time of confusion and a nervous often frenzied search for new terms on which the imagination could live Professor Lester shows that the literary culture of the period moved steadily from a suspicion that the old bases of significant

imaginative life were indefensible to a widespread conviction that they had collapsed His book is not an exercise in literary criticism Rather it is an attempt to discover the geist of an age to provide a synthesis for the years 1880-1914 His overriding concern is What is the primary force which so unsettles disperses and disorients the imaginative experience of this period Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **A Literary History of England Vol. 4 A.**

Baugh, Kemp Malone, 1959 Hubert Crackanthorpe: Selected Writings William Greenslade, Emanuela Ettorre, 2020-10-19 Hubert Crackanthorpe 1870-1896 made a critically significant contribution to the evolution of the modernist short story in Britain His unexplained death in Paris at the age of 26 cut short a highly promising literary career The striking realism of Crackanthorpe's first collection of short stories *Wreckage* 1893 followed by the psychologically complex *Sentimental Studies* and posthumous *Last Studies* 1896 together with the prose poems of *Vignettes* 1896 were much admired by Henry James and his contemporaries Dowson Johnson and Symonds as the work of a leading innovative writer of critical Decadence Indeed his stories combine an unrelenting realism with a conscious aestheticizing of their often troubling bleak subject matter As co-editor of the short-lived periodical *The Albermarle* and campaigning literary journalist Crackanthorpe was a key critical participant in central literary and artistic debates of the early 1890s facts versus effects in literature the efficacy of realism naturalism questions of taste reticence and the handling of controversial subject matter This fully annotated critical text comprises the most extensive collection to date of Crackanthorpe's writing As well as uncollected stories the volume includes a short story never previously published in book form This edition also contains a selection of Crackanthorpe's critical writings and a bibliographical survey of his work **Oscar Wilde's Elegant Republic** David Charles Rose, 2016-01-14 Why was Paris so popular as a place of both innovation and exile in the late nineteenth century Using French English and American sources this first volume of a trilogy provides a possible answer with a detailed exploration of both the city and its communities who forming a varied cast of colourful characters from duchesses to telephonists artists to beggars and dancers to diplomats crowd the stage Through the throng moves Oscar Wilde as the connecting thread Wilde exploratory Wilde triumphant Wilde ruined This use of Wilde as a central figure provides both a cultural history of Paris and a view of how he assimilated himself there By interweaving fictional representations of Paris and Parisians with historical narrative Paris of the imagination is blended with the topography of the city described by Victor Hugo as this great phantom composed of darkness and light This original treatment of the belle époque is couched in language accessible to all who wish to explore Paris on foot or from an armchair **Fictions of British Decadence** Kirsten MacLeod, 2006-04-21 *Fictions of British*

**Victorian Christianity at the Fin de Siècle** Frances Knight, 2015-10-23 The period known as the fin de siècle defined in this groundbreaking book as chiefly the period between 1885 and 1901 was a fluid and unsettling epoch of optimism and pessimism endings and beginnings as well as of new forms of creativity and anxiety The end of the century has attracted much interest from scholars of literary and cultural studies who regard it as a critical moment in the history of their disciplines but it has been relatively ignored by religious historians Frances Knight here sets right that neglect She shows how late Victorian society often said to be one of the most intensely Christian cultures the world has ever seen reacted to the bold agendas being set by the thinkers of the fin de siècle and how prominent Church figures during the era first identified many of the concerns that have preoccupied Christians latterly These include an active interest in social justice and the creation of new types of communities increasingly open discussion of the sexual exploitation of children debates about society's decadence new ideas about the role of women and the belief in the redemptive powers of art pioneered by figures as diverse as P T Forsyth Percy Dearmer and Samuel and Henrietta Barnett Examining in particular the Christian world of fin de siècle London the author offers penetrating insights into a society in which the ritual and culture of Christianity sometimes permeated the aesthetic movement and where devotees of the aesthetic movement like Walter Pater Oscar Wilde and their disciples often revealed a fascination with Christianity She argues that the long 1890s was a decisive decade in which various sections of Christian opinion both on the progressive and the more conservative wings of the faith began to express views which set the tone for attitudes which would become commonplace in the twentieth century

**Victorian Christianity at the Fin de Siècle** is the focussed treatment of religion and culture at the end of the nineteenth century that the field has long needed It will be welcomed by scholars of church history social and cultural history and the history of ideas

1895 Nicholas Freeman,2011-10-12 Oscar Wilde s libel suit against the Marquess of Queensberry and its disastrous repercussions dominated British newspapers during the spring of 1895 but as this innovative study reveals the Wilde scandal was by no means the only event to capture the public s imagination Freak weather a flu epidemic a General Election industrial unrest sex novels and New Women trials of murderers and fraudsters accidents anarchists bombers balloonists and bicyclists were all topics of interest and alarm Drawing on strikingly diverse primary sources Nicholas Freeman examines the recurrent preoccupations of a turbulent year showing how 1890s Britain is at once far removed from our own day and yet strangely familiar
