Dark Salutations Riggins Renal Earl, 2001-08-01 Although Henry Louis Gates examined the ways in which African slave language formed the metaphors for African American poetry and fiction in *The Signifying Monkey* there have

been no studies of the theological and ethical significance of the salutations of black Americans until now In *Dark Salutations* Riggins Earl examines black American s ethnocentric verbalized salutary expressions brotherman and sistergirl for example that dominate their ritualistic moments of social encounter The noticeable religious content of some of these salutations drives us to examine blacks understandings of God and brother sisterhood challenges Is God a respecter of persons Or have black people understood God to be faithfully for them and with them politically and spiritually Have black people understood themselves to be trustfully for and with each other spiritually and politically Have black people understood themselves to be trustfully for and with even the whites who oppressed them Earl argues that these salutary expressions show how blacks have lived with the burdensome challenge of having to prove their sisterly and brotherly capacities and with the insatiable desire to be treated as equal siblings in the family of God

Let Us Make Men D'Weston Haywood,2018-09-25 During its golden years the twentieth century black press was a tool of black men s leadership public voice and gender and identity formation Those at the helm of black newspapers used their platforms to wage a fight for racial justice and black manhood In a story that stretches from the turn of the twentieth century to the rise of the Black Power movement D Weston Haywood argues that black people s ideas rhetoric and protest strategies for racial advancement grew out of the quest for manhood led by black newspapers This history departs from standard narratives of black protest black men and the black press by positioning newspapers at the intersections of gender ideology race class identity urbanization the public sphere and black institutional life Shedding crucial new light on the deep roots of African Americans mobilizations around issues of rights and racial justice during the twentieth century *Let Us Make Men* reveals the critical complex role black male publishers played in grounding those issues in a quest to redeem black manhood

Defining Moments Kathleen Ann Clark,2006-05-26 The historical memory of the Civil War and Reconstruction has earned increasing attention from scholars Only recently however have historians begun to explore African American efforts to interpret those events With *Defining Moments* Kathleen Clark shines new light on African American commemorative traditions in the South where events such as Emancipation Day and Fourth of July ceremonies served as opportunities for African Americans to assert their own understandings of slavery the Civil War and Emancipation efforts that were vital to the struggles to define assert and defend African American freedom and citizenship Focusing on urban celebrations that drew crowds from surrounding rural areas Clark finds that commemorations served as critical forums for African Americans to define themselves collectively As they struggled to assert their freedom and citizenship African Americans wrestled with issues such as the content and meaning of black history class inflected ideas of respectability and progress and gendered notions of citizenship Clark s examination of the people and events that shaped complex struggles over public self representation in African American communities brings new understanding of southern black political culture in the decades following Emancipation and provides a more complete picture of historical memory in the South
