*Encountering Buddhism in Twentieth-Century British and American Literature* Lawrence Normand, Alison Winch, 2013-10-24 Encountering Buddhism in Twentieth Century British and American Literature explores the ways in which 20th century literature has been influenced by Buddhism and has been in turn a major factor in bringing about Buddhism's increasing spread and influence in the West. Focussing on Britain and the United States Buddhism's influence on a range of key literary texts will be examined in the context of those societies evolving modernity. Writers discussed include T S Eliot, Hermann Hesse, Virginia Woolf, Jack Kerouac, Allen Ginsberg, J D Salinger, Iris Murdoch, Maxine Hong Kingston. This book brings together for the first time a series of context rich interpretations that demonstrate the importance of literature in this ongoing cultural change in Britain and the United States.

*The Transformative Philosophical Dialogue* Shai

Tubali, 2023-09-25 This book explores dialogue as a transformative form of philosophical practice by unveiling the method behind the unique dialogue developed by mystic and thinker Jiddu Krishnamurti (1895-1986). While Krishnamurti himself generally rejected the cultivation of systems and techniques, Shai Tubali argues that there are easily identifiable patterns through which Krishnamurti strove to realize his dialogical aims. For this reason he refers to this method whose existence has evaded Krishnamurti's followers and scholars alike as the Krishnamurti dialogue. He suggests that these discursive patterns serve to broaden our understanding of the possibilities of philosophical and religious dialogues and further illuminate established forms of dynamic discourse such as the Socratic method. Inspired by Pierre Hadot's revolutionary reading of the classical Greco-Roman texts, the author centers his attention on Plato's Socratic dialogues and the guru-disciple conversations in the Hindu Upanishads which fall within the scope of what may be termed the transformative dialogue. Dialogues that have been written with the intention of bringing about a transformation in the mind of the interlocutor and reader and reorienting their way of life. This text appeals to students as well as researchers and suggests that the Krishnamurti dialogue is not only a continuation and development of the transformative dialogue but that it also amalgamates ingredients of classical Western philosophy and South Asian mysticism. Moreover, this type of dialogue encourages readers to revisit the lost practice of transformative philosophy in that it reveals new pathways of philosophical and religious inquiry that bear thought provoking practical implications.
