endured As the last living relative who knew him I felt a responsibility to rescue his story from the shadows before it disappeared forever and to preserve it as a source of pride for my family and me But a second reason for telling my uncle s story materialized as I assembled the details of his journey I came to realize that while many GIs experienced extensive combat operations or the trials of being held in a POW camp very few men survived the amount of combat my uncle experienced and six months in a POW camp Frank s five year wartime journey which included three monumental amphibious invasions six major battle campaigns and six months in three different POW camps was breathtaking in scope The odds against his surviving all this or being seriously wounded out of the war are almost incalculable Despite the unusual scope of Sergeant Shaw s tour of duty his day to day adventures are quite typical of what tens of thousands of combat infantrymen experienced during WWII To that extent the character who emerges in this story is a composite or representative figure an American Odysseus whose mission of extraordinary historical significance requires him to define himself through trial suffering courage and perseverance before he returns home in triumph But the similarity ends at the triumphant return Earlier civilizations celebrated their returning warriors at ceremonial feasts These men were expected to show their wounds and relate their adventures to their countrymen so bards might record them for posterity Such rituals insured the warrior a rightful place in history enshrined his virtues and shed his reflected glory on his community No such salutary ritual greeted a battered Frank Shaw when he returned from the war no one saw his wounds or took his testimony And his silence consigned his deeds to the shadows of time and dimming memory But the ancient customs were correct the hero s deeds are not his alone They are his legacy to his family and his country and they deserve to be honored not shrouded Therefore since Sergeant Frank Shaw like so many of his World War II comrades in arms would not and did not tell his story I did Book Review 1 Col Brian H Cundiff USA Ret editor Blue Spader Newsletter I have just finished reading Fellowship of Dust Retracing the World War II Journey of Sergeant Frank Shaw The book was written by Bill Shaw his nephew with a foreword by General Paul Gorman USA Ret Sergeant Shaw served in Company E of the 26th Infantry for five years and survived the horrors of Europe under austere conditions This is a story that needs to be told and is a must read for all Blue Spaders They were truly the Greatest Generation Blue Spader Newsletter Book Review 2 As the foreword said this is a story that deserved to be told Much more than a biography of a courageous soldier in WW II while focusing on the author s uncle Frank Shaw this book vividly captures the horrors of war the emotions surrounding the battles that young men in Frank Shaw s infantry regiment were forced into their fears day by day per the dangers they encountered and the physical and emotional hardships and scars the war the frontline and POW experiences left as a result Having written the book after the subject s death Bill Shaw must have done an incredible amount of research reading letters e mailing old friends interviewing family friends and colleagues piecing in facts from numerous books newspapers and magazines etc to produce such a comprehensive very readable story This was obviously a labor of love and gratitude the author s dedication to a real hero The writing is very even

and compelling with interesting relevant details helpful dialogue and scenes of real action and danger I was very moved by this book Writer s Digest
