

Real Robert Burns

J. L. Hughes

Real Robert Burns:

The Real Robert Burns James L. Hughes, 2019-12-17 In *The Real Robert Burns* James L Hughes embarks on an exhaustive journey through the life and works of Scotland's national bard Robert Burns. This scholarly treatise weaves together biographical analysis, critical interpretation and cultural context, illuminating the poet's complex character and the tumultuous era in which he lived. Hughes employs a compelling narrative style, integrating narrative elements with poetic analysis to engage both scholars and casual readers alike. The book not only reconstructs Burns's literary contributions but also places them within the broader landscape of the Scottish Enlightenment, allowing readers to appreciate the subtle interplay between literature, politics and societal change in 18th century Scotland. James L Hughes is a distinguished literary scholar known for his in-depth research on Scottish literature and cultural history. His background in both literary criticism and historical context has equipped him with a unique perspective on Burns's life and works. Hughes's passion for demystifying historical figures is evident throughout the text as he carefully examines the factors that shaped Burns's identity, including his staunch advocacy for social justice and his innovative approach to poetry. This book is a must-read for anyone seeking to deepen their understanding of Robert Burns and his enduring impact on literature and society. Hughes's meticulous research and clear prose offer a fresh perspective that will resonate with both avid fans of Burns and newcomers alike, inviting them to discover the poet's profound relevance in contemporary discourse.

Robert Burns Patrick Scott Hogg, 2011-04-01 Following the 250th anniversary of the birth of Robert Burns (1759-96), Patrick Scott Hogg presents the greatest of Scotland's poets within the true context of his times. Exploding the Burns myth, *Robert Burns: The Patriot Bard* replaces the ram-stam-lad of popular cliché with the real living Burns: a Scottish patriot of the heart, an idealist who wished for Freedom and Liberty for his beloved country, but also a man who was pragmatically a British patriot and risked his life for democratic reform. Here Burns is painted in his native colours as a highly complex, hyper-intelligent writer in both prose and poetry, not the semi-confused, contradictory simpleton of previous biographies. The fascinating legend of Burns as a ladies' man is placed where it should be: as less important than the message of the bard. The real day-to-day Burns was irascible, stubborn, minded, independent, controversial and opinionated. He detested many of his social superiors within the feudal order and attacked them as hypocrites and oppressors of the common people. The voice of Burns is always in the language of the people, and his idealist

vision of a better world endeared him as a poet of humanity the world over Drawing from Burns existing canon of poetry and letters plus some newly attributed works suppressed for over two centuries this life story is a roller coaster narrative that charts the success and untimely death of the greatest songwriter of all time the real Robert Burns *The Real Robert Burns* James Laughlin Hughes,1977 **The Real Robert Burns** ,2011 **The Real Robert Burns** J.
