Reality Quest Teens Making The Facts:

Reality Quest Donna Wells, Bruce C. Morris, 2002-10-01 Today's teens grapple daily with the increasing challenges of a very complex world. Technology liberates at the same time as it constrains. Peers and the media can function as lifelines but also can contribute to confusion even despair and parents can spur a whole gamut of emotions. No wonder teens often don't know where to turn or what to do first. The rapid fire messages that bombard them from minute to minute consistently contradict one another. Be yourself. Fit in. You have all the time in the world. Grow up. *Reality Quest* begins each chapter with actual e-mail exchanges between real teens or in online jargon an IM that relates to the chapter's topic. Then essential details and supporting data provide opportunities for teens to explore the information. Tests complement each chapter helping teens discover how they fit in with what they've learned and giving them an avenue to express their thoughts and feelings. The authors also have a website that ties in with the book and invites teens to express their views. The combined use of factual data teen created IMs and other by teens for teens contributions present a unique product one that respects their intelligence and powers of reasoning and at the same time empathizes at their level. Different from story collections because the contributions included are slice of life rather than literary this book is sure to be a popular teen read. For every teen struggling with these issues and more *Reality Quest* will help them find answers throughout their journey to adulthood.

The Truth About Love and Fear Rudolf Eckhardt, 2018-04-23. We live every day without being aware that fear controls many of our choices and decisions. The consequences our fear-based behavior has on our life and relationships also contributes to the collective fear and distrust in the world. When we recognize fear for what it really is, we can initiate an effort to deal with it. In *The Truth About Love and Fear*, author Rudolf Eckhardt shows how we can take individual responsibility for our issues by addressing our fears and insecurities. This will transform our lives and the lives of those around us. He provides answers to questions about consciousness, life, and relationships and discusses how life is about being and not about doing. You can be a powerful person rather than just engaging in acts of power. True change is different from changing your feelings, perception, thoughts, and behaviors. It feels to experience unconditional love. Fear and guilt have power, and love and fear influence your mind and control your behavior. *The Truth About Love and Fear* leads you to a new understanding of the nature of unconditional love, acceptance, and trust and explains the potential of your personal power and the lack of it in your life. It challenges your present way of thinking, makes you question your perception, and changes your belief of who you are and the way you see your relationships and life. It alters your thoughts of your past, your present, and your future.
