**Self-Realization** Paul Breer,2018-06-21 Beyond Self Realization In his previous book on philosophy The Spontaneous Self the author argued that the concept of free will is an illusion while detailing what it might imply for our thoughts feelings and behavior to dispel that belief The present volume takes the argument further With equal emphasis on theory and practice it illustrates how giving up one s identity as a free willing inner I can serve as a stepping stone to the state of enlightenment To experience enlightenment we have to go beyond self realization and that can happen only if we change the way we define ourselves Given the ubiquitous value placed on the self in our Western culture that is not an easy task If the path to enlightenment can be envisioned as a trail leading to the top of a mountain the self can be seen as a large rock blocking the way To get to the top we have to either blast our way through the rock or go around it Most spiritual traditions opt for the latter In Beyond Self Realization the author lays out a plan for blasting our way through The plan consists of two steps first a gradual shrinking of the self illusion and second a total uprooting of the self tree The techniques used include meditation contemplation linguistic exercises and group work in which members look for signs that the self illusion is present in their behavior Once a sign is detected the other techniques are brought to bear on removing the rock When applied with persistence the practice is designed to release one from the cage of quiet desperation in which most of us are trapped Once released we are free to discover who we really are      **Lovebliss** Jan Esmann,2011-10-06 The book answers the question what Self realization is and which stages lie before and beyond It contributes to the field of such books by focusing on lovebliss and the spiritual energy of the Self Shakti rather than simply pure being or the now It is written solely from experience Further it contributes by putting the insights of the first two thirds of the book into perspective with new readable

the existential and ontological dimensions of their thought Heine asserts that Heidegger and Dogen are uniquely suited for critical comparative and cross cultural study because both attempt to overcome their respective philosophical traditions that express unacknowledged and deficient presuppositions concerning time And both reorient our understanding of all phases of existence and experience in terms of time and temporality death and dying and finitude and impermanence Heine provides new insight into Dogen s philosophy as seen in the Uji chapter of Dogen s Shorogenzo The book features a new annotated translation of the Uji and a glossary of Japanese terms

Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 2 John P. Keenan,2022-09-09 This is volume 2 of a wide ranging interfaith reading of the Letter to

the Ephesians a New Testament text whose words have inspired and enhanced Christian spiritual life and liturgy over the centuries Unfortunately at the same time Ephesians has provided apparent scriptural support to those who would defend slavery patriarchy misogyny and the physical power of Christ over the cosmos How on earth are today's Christians to receive and understand such a text as this Earthing the Cosmic Christ of Ephesians The Universe Trinity and Zhiyi's Threefold Truth draws upon a broad array of scientific theological and philosophical thinkers who enable us both to marvel at today's ever expanding knowledge of our vast cosmos and to appreciate the importance of the Ephesian letter in the canon of our Christian scriptures even while we acknowledge the archaic geocentric cosmology that underlies its claims about the cosmic Christ and reject its accommodation to the patriarchal misogynistic and slaveholding norms of its first century culture Throughout this reading of Ephesians we look to Chinese Buddhist master Zhiyi and his threefold truth to enhance our understanding of trinity and the nascent trinitarian themes within this letter As a whole this work constitutes a new appreciation for Ephesians as well as a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons

*Ripples In The Lake Of Eternity* Colin Drake, 2015-11-21 The aim of this book is to act as a stand alone guide to and practices for realizing and loving the Source Pure Consciousness and is composed of new articles and replies to questions since the publication of *The Simplicity of Awakening* The thrust of the book is that the initial awakening which reveals that in essence we are Pure Awareness is very simple to obtain This needs to be established by repeated awakenings due to the natural tendency to nod off and re identify oneself as a separate object in a universe of separate objects When one is awake then anxiety and unnecessary mental suffering disappear for these are caused by misidentification which causes us to see the world through a murky filter of self interest concern promotion aggrandizement loathing the list is almost endless It is this that causes the anxiety and mental suffering based on concern for the future and feeling we are bound by the past The book also contains practices for developing and feeling love for the Absol

*HOW AMERICA BECAME ANTI-CHRISTIAN AND SELF-DESTRUCTIVE* Dr. George Joseph K PhD, 2015-12-10 The American dream of a free world will be defeated if Christianity will be defeated in USA USA cannot survive unless the current perceptions of freedom and secularism undergo a drastic change There is freedom to promote almost everything except the Christian truth Ten Commandments are banned But yoga is promoted at all levels This kind of selective discrimination against the truth will destroy the very foundations of any society Strange motivations of the anti supernatural secularist lobby in the governmental institutions and their complicity in side lining Christian faith cannot be ruled out Thus ironically the undefeatable America tends to defeat itself In its rejection of Christian truth and values USA made truth a lie and the lie a truth If the current trends of self hatred of Christian faith by higher criticism and liberal theology and destruction of churches continue in 20 years USA will be overrun by the values and culture of Hinduism and Islam And USA will go down in history as the most powerful empire which had the best values in its custody since the days of its foundation but subjected itself to a silent death

executed by its experts and enjoyed by its people who went after thrillers fantasies romances and other vain imaginations neglecting the truth Remember it was the hatred to Christian values that instigated the anti supernatural liberal theology from within and without the church which ultimately resulted in the Nazi Holocaust Beware when the Christian faith and values are suppressed the very survival of the societies at large is endangered This is the lesson of the entire world history
