Realm Of Prester John:

The Realm of Prester John Robert Silverberg,2020-12-04 In this modern account of the genesis of a great medieval myth celebrated science fiction author Robert Silverberg s explores the mysterious origins of Prester John the astonishing Christian potentate of the East Prester John was a legendary figure who cast a powerful spell over Latin Christendom for almost five centuries Rumors of the warrior king prelate s fabulous realms first reached Europe in the eleventh century and quickly assumed an exalted status alongside such fabled wonders as El Dorado The Fountain of Youth and the Holy Grail The defeat of a Moslem Turkish tribe by a Buddhist Chinese warlord seems to have been the unlikely historical nugget around which the Prester John myth grew but contributions to this strange saga have also been traced all around the globe to the Apostle Thomas apocryphal preaching in India to the actual existence of small colonies of Nestorian schismatics in central Asia and even to Genghis Khan

Emperor of the World Anne A. Latowsky,2013-02-26 Charlemagne never traveled farther east than Italy but by the mid tenth century a story had begun to circulate about the friendly alliances that the emperor had forged while visiting Jerusalem and Constantinople This story gained wide currency throughout the Middle Ages appearing frequently in chronicles histories imperial decrees and hagiographies even in stained glass windows and vernacular verse and prose In Emperor of the World Anne A Latowsky traces the curious history of this myth revealing how the memory of the Frankish Emperor was manipulated to shape the institutions of kingship and empire in the High Middle Ages The legend incorporates apocalyptic themes such as the succession of world monarchies at the End of Days and the prophecy of the Last Roman Emperor Charlemagne s apocryphal journey to the East increasingly resembled the eschatological final journey of the Last Emperor who was expected to end his reign in Jerusalem after reuniting the Roman Empire prior to the Last Judgment Instead of relinquishing his imperial dignity and handing the rule of a united Christendom over to God as predicted this Charlemagne returns to the West to commence his reign Latowsky finds that the writers who incorporated this legend did so to support or in certain cases to criticize the imperial pretensions of the regimes under which they wrote New versions of the myth would resurface at times of transition and during periods marked by strong assertions of Roman style imperial authority and conflict with the papacy most notably during the reigns of Henry IV and Frederick Barbarossa Latowsky removes Charlemagne s encounters with the East from their long presumed Crusading context and shows how a story that began as a rhetorical commonplace of imperial praise evolved over the centuries as an expression of Christian Roman universalism

Astray Eluned Summers-Bremner, 2023-06-07 A meandering celebration of the indirect and unforeseen path revealing that to err is not just human it is everything. This book explores how far from being an act limited to deviation from known pathways or desirable plans of action wandering is an abundant source of meaning a force as intimately involved in the history of our universe as it will be in the future of our planet. In ancient Australian Aboriginal cosmology in works about the origins of democracy and surviving disasters in ancient Greece in Eurasian steppe nomadic culture in the lifeways of the Roma in the movements of today's refugees and in our attempts to preserve spaces of untracked online freedom wandering is how creativity and skills of adaptation are preserved in the interests of ongoing life. *Astray* is an enthralling look at belonging and at notions of alienation and hope. *Empire of Magic* Geraldine Heng, 2003 Drawing upon feminist and gender theory as well as cultural analyses of race class and colonialism this book revises our understanding of the literary genre of medieval romance. It argues that the romance genre arose in the 12th century as a cultural response to the trauma of war.
