Reason For Hope The Systematic Theology Of Wolfhart Pannenberg:

Reason for Hope Stanley J. Grenz, 2005-11-15 **Hope for the Oppressor** Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co-opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg Jürgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community

The Postfoundationalist Task of Theology F. LeRon Shults, 1999 In recent years the theological writings of Wolfhart Pannenberg have exerted considerable influence However Pannenberg's work has also been criticized for not taking seriously the postmodern challenge to traditional conceptions of rationality and truth This volume by F LeRon Shults argues that the popular foundationalist reading of Pannenberg is a misinterpretation of his methodology and shows that in fact the structural dynamics of Pannenberg's approach offer significant resources for the postfoundationalist task of theology in our postmodern culture Shults begins by laying out the first comprehensive summary and interpretation of the emerging postfoundationalist model of theological rationality He then revisits Pannenberg's theological method and finds the German theologian to be a surprising ally in the quest to reconstruct a theological rationality along postfoundationalist lines In the course of his discussion Shults challenges views that see the future reason or history as the central concept of Pannenberg's thought and offers instead a new interpretation of Pannenberg's basic theological principle as understanding and explaining all things sub ratione Dei under the aspect of the relation to God an interpretation endorsed by Pannenberg himself in the book's foreword Shults also focuses on Pannenberg's unique way of linking philosophical and systematic theology and demonstrates how the underlying reciprocity of this method can carry over into the postfoundational concern to link hermeneutics and epistemology in the postmodern context The Doctrine of God Veli-Matti Kärkkäinen, 2017-05-16 In

recent years the doctrine of God has once again become a central focus of theological discussion and debate In this ecumenical international and contextual introduction internationally respected scholar Veli Matti Kärkkäinen offers a global survey of understandings of God in Scripture Christian history and contemporary theology This new edition incorporates developments in theological research over the past decade and has been substantially updated throughout **Who's Who**

in Christianity Lavinia Cohn-Sherbok,2003-09-02 Who's Who in Christianity is an invaluable reference guide to the leading men and women who have influenced the course of Christian history including the founding fathers saints popes monarchs philanthropists theologians missionaries and heretics The book encompasses both Eastern and Western churches and the lives and opinions of personalities who have shaped the past twenty Christian centuries from Jesus of Galilee to Pope John Paul II and from Paul of Tarsus to Mother Teresa

Natural and Cosmic Theodicy Jongseock James Shin,2022-10-21 This book presents a third way to envision the Creatorship of the Triune God who is both compassionate and eschatologically redemptive in providential presence rather than biasedly gravitating toward the openness of a self-limiting God or God's all-determining sovereignty Not only is God in with and under creation God's kenotic presence invites creatures to participate in the self-giving love of God through both general and special divine action in a top-down-through-bottom-up mode Creatio continua is God's own journey of fulfilling the eschatological promise for creation This redemptive presence of God in creation is a Trinitarian co-protesting against the power of death sin and evil considering the cosmic dimensions of the eschatological hope promised in the resurrection of Jesus The new creation is the ultimate fulfillment of creaturely freedom and contingency divinely granted in creatio ex nihilo In arguing this Shin engages in a comparative and critical study of natural and cosmic theodicy advanced by Catherine Keller Arthur Peacocke Wolfhart Pannenberg and Robert Russell

A Burning House Brandon Washington,2023-05-16 Despite the civil rights progress he fought for and saw on the horizon in the 1950s and 60s Martin Luther King Jr increasingly concerned by America's moral vision admitted I've come to believe that we are integrating into a burning house In A Burning House Brandon Washington contends that American Evangelicalism is a house ablaze burning in the destructive fires of discrimination and injustice The stain of segregation remains prevalent not only in our national institutions but also in our churches and this has long tarnished the witness of Christianity and hampered our progress toward a Christ-like vision of Shalom peace justice and wholeness in the world Common doctrine may unite black and white evangelicals but rifts such as social ethics and cultural influences still separate us Throughout this challenging but reconciliatory book Washington gives a historical and theological appraisal of American evangelicalism to understand how we came to be where we are and what our response should be Instead of calling the movement to become something new he challenges it to live into what it has always been in Christ and strive for deliberate and sacrificial integration the unity of believers of all ethnicities A Burning House is a rallying call to a waning movement whose most public leaders have often turned a blind eye to or even justified the sin of racism a movement whose theology is sometimes compromised by a secular anthropology This is a call to both white and black evangelicals to better understand our past so that we can better embrace the unifying and comprehensive message of the gospel we preach

Faith, Hope, and Love in the Kingdom of God Robert Hernan Cubillos,2017-04-27 We live in a world full of challenges The three graces can almost be seen as motors for Christian life in today's world but the words faith hope and love have so many everyday uses that their

technical theological meanings are for many difficult to appreciate Modern life also leaves many yearning for authenticity and meaning Many religions have answered that need by calling to mind the image of a path Always profound progressions religious paths tend to be motivated either by practices the act of walking the path or focal points Christianity has a focal point an object and it sees the three graces as distinctively content filled The heart of this book is about helping people find the Christian path and their intellectual emotional and spiritual balance an equilibrium that is sustained by a strong personal faith an enduring hope for the future and genuine love that will withstand the worst of times It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre

Modern Christian Thought: The twentieth century James C. Livingston, Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology

The Unity of Nature and History in Pannenberg's Theology Cornelius A. Buller, 1996 The Unity of Nature and History in Pannenberg's Theology addresses the problematic relationship of humans to the non human world by analyzing Wolfhart Pannenberg's theology and ethics

Letters of the Divine Word Robert B. Price, 2011-05-26 The Christian doctrine of God has traditionally been presented in two parts an account of the existence and attributes of God on the one hand and an account of God's triunity on the other The present study is an analysis of Karl Barth's doctrine of the divine attributes or perfections as it appears in his Church

Dogmatics II 1 Barth's doctrine of the divine perfections has received comparatively little attention and what attention it has received is typically very selective. Authors unaware of larger structural themes in Barth's account often misconstrue significant details of Barth's text. Others wrongly discount the implications of Barth's doctrine of the perfections for his theology as a whole. The aim of this study is primarily to clarify what Barth says about the perfections and secondarily to relate this to broader themes in Barth's theology.

T. T. Clark, *Studies in Systematic Theology* is a series of monographs in the field of Christian doctrine with a particular focus on constructive engagement with major topics through historical analysis or contemporary restatement.

Theologies of the 21st Century David L. Smith, 2014-10-02 What theologies are popular and formative of Christian thinking in the present day. How should they be assessed by those Christians who want to be in the world without being of the world? *Theologies of the 21st Century* begins with an overview of the historical roots from which current theological thinking has developed and then moves on to a detailed evaluation of the chief doctrinal and practical emphases taking an evangelical biblical perspective that seeks to be at once both critical and irenic.

Introducing Theological Method Mary M. Veeneman, 2017-11-07 Sound theological method is a necessary prerequisite for good theological work. This accessible introduction surveys contemporary theological methodology by presenting leading thinkers of the 20th and 21st centuries as models. The book presents the strengths and weaknesses in each of the major options. Rather than favoring one specific position, it helps students of theology think critically so they can understand and develop their own theological method.

The Trinitarian Theology of Stanley J. Grenz Jason S. Sexton, 2013-09-12 Exploring one of the most controversial figures in recent evangelical theology, this book thoroughly examines core features of Stanley J. Grenz's Trinitarian vision.

Scripture in the Theologies of W. Pannenberg and D.G. Bloesch Frank M. Hasel, 2004-03-01 Scripture has always played an important role in Christian theology. This study provides an issue-oriented overview of the concepts of Scripture in Protestant theology from the 16th century Reformation onward. It then sets forth the concepts of Scripture in the theologies of two contemporary systematic theologians, W. Pannenberg and D. G. Bloesch. It analyzes, compares, and evaluates the theological and anthropological presuppositions that have influenced their concept of Scripture. Despite fundamentally different starting points and other significant distinctions, Pannenberg and Bloesch reveal surprising similarities. This seems to suggest that for both, the concept of Scripture is determined ultimately by presuppositions that are derived and shaped extra scripturam.

The One God Michael L. Chiavone, 2011-07-28 In what sense is God one? How can those who worship Jesus Christ, his Father, and the Holy Spirit claim to be monotheists? These questions were answered by the early church, and their answering analogies, models, and language have come down to the church today. However, theology is not stagnant, and the twentieth century has seen several new models of the Trinity emerge. Many of these models have focused on the three persons without adequately considering the consequences for the unity of God. *The One God* seeks to develop an understanding of the unity of the Triune God by examining the positions put forward by Karl Rahner, Millard Erickson, John

Zizioulas and Wolfhart Pannenberg After carefully presenting and critically examining each of these positions this book offers a synthesis an understanding of the unity of God that is historically informed theologically adequate internally coherent and able to explain Christian monotheism in a new century By affirming both the singular divine essence of God and the genuine eternal interdependence of distinct divine persons in God The One God affirms the personal and the natural levels of ontology both crucial for understanding God humanity and the world **A New Handbook of Christian Theologians** Donald W.

Musser,1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith *Hope and Otherness: Christian Eschatology and Interreligious Hospitality*

Jakob W. Wirén,2017-11-01 In *Hope and Otherness* Jakob Wirén analyses the place and role of the religious Other in contemporary eschatology In connection with this theme he examines and compares different levels of inclusion and exclusion in Christian Muslim and Jewish eschatologies He argues that a distinction should be made in approaches to this issue between soteriological openness and eschatological openness By going beyond Christian theology and also looking to Muslim and Jewish sources and by combining the question of the religious Other with eschatology Wirén explores ways of articulating Christian eschatology in light of religious otherness and provides a new and vital slant to the threefold paradigm of exclusivism inclusivism and pluralism that has been prevalent in the theology of religions Jakob Wirén's study pushes forward the frontiers of three disciplines all at the same time theology of religions comparative religions and eschatology This is a challenging and important book Gavin D Costa University of Bristol Professor of Catholic Theology 2017 This book explores of the status of religious others in Christian eschatology and of eschatology itself as a privileged place for reflecting on religious otherness Wirén mines not only Christian but also Jewish and Muslim sources to develop an inclusive eschatology *Hope and Otherness* thus represents an important contribution to both theology of religions and comparative theology Catherine Cornille Boston College Professor of Comparative Theology 2017 **Reason for Hope** Stanley James

Grenz,1990 First associated in the 1960s with the theology of hope German scholar Wolfhart Pannenberg has since become a major interdisciplinary thinker and a highly respected voice in the theological community In *Reason for Hope* Stanley Grenz a former student of Pannenberg and a noted theologian himself provides a valuable complete exposition of Pannenberg's Systematic Theology The book examines Pannenberg's dogmatics in the context of his other works particularly those in
