

# REASON, EXPERIENCE, and GOD

John E. Smith in Dialogue

EDITED BY VINCENT M. COLAPIETRO

AMERICAN PHILOSOPHY SERIES

# Reason Experience And God

**Trevor Watts**

## **Reason Experience And God:**

Experience of God and the Rationality of Theistic Belief Jerome I. Gellman, 1997 Jerome I Gellman observes that the mystic experience of God's presence a sense of having direct contact with the divine often compels belief in God's existence On the basis of widely accepted principles connecting appearance with reality Gellman contends the claims people make of having experienced God show that belief in God is strongly rational meaning that such claims are sufficient in number and variety to support a line of reasoning making it rational to believe that God exists and irrational to deny God's existence Gellman considers challenges to his thinking based on epistemological grounds and challenges growing out of the diversity of religious experiences across the range of world religions He thoroughly evaluates reductionist explanations of apparent experiences of God and finds them incapable of invalidating his view Finally he directs his attention to the two most compelling arguments against the existence of God the charge that the idea of a perfect being is logically incoherent and the threat to theism based on the existence of evil in both its logical and probabilistic forms Until and unless stronger objections come along he concludes personal experiences of God constitute sufficient evidence of God's existence

**Dancing with God** Karen Baker-Fletcher, 2006-12-01 Dancing With God is an exploration of the divine gifts of courage and grace in the face of evil Moreover it is a doctrine of God as the source of that courage Baker Fletcher presents an understanding of the work of the Trinity with regard to the problem of crucifixion a metaphor she uses for unnecessary violence She develops a process of relational womanist theology that considers the empathetic omnipresence of God in the midst of unnecessary suffering and the healing power of God in movement of the Holy Spirit She engages the contributions of a diversity of theologians like Paul Tillich Karl Barth Gordon Kaufman John Cobb Jr Majorie Suchocki Charles Hartshorne Andrew Sung Park and Katie Cannon in her discussion of the dance of the Trinity in creation and the problem of sin evil and suffering Through creative works like that of Alice Walker's *The Color Purple* and journalist Joyce King's account of the James Byrd Jr murder in Jasper County Texas Baker Fletcher reveals the healing encouraging power of the Holy Spirit in the lives of survivors of unnecessary violence

*Mystical Experience of God* Jerome Gellman, 2017-11-01 This title was first published in 2001 Engaging contemporary discussion concerning the validity of mystical experiences of God Jerome Gellman presents the best evidential case in favor of validity and its implications for belief in God Gellman vigorously defends the coherence of the concept of a mystical experience of God against philosophical objections and evaluates attempts to provide alternative explanations from sociology and neuropsychology He then carefully examines feminist objections to male philosophers' treatments of mystical experience of God and to the traditional hierarchical concept of God Gellman finds none of the objections decisive and concludes that while the initial evidential case is not rationally compelling for some it can be rationally compelling for others Offering important new perspectives on the evidential value of experiences of God and the concept of God more broadly this book will appeal to a wide range of readers including those with an interest in philosophy of religion religious studies

mysticism and epistemology     John Oman and His Doctrine of God Stephen Bevans,1992-05-21 This book sets the Scottish theologian John Oman 1860 1939 in his historical and cultural context     **Does God Exist?** Stan W. Wallace,2020-09-23 This book presents the most recent debates by leading contemporary philosophers of enduring themes and issues concerning the question of God s existence William Craig and Antony Flew met on the 50th anniversary of the famous Copleston Russell debate to discuss the question of God s existence in a public debate The core of this book contains the edited transcript of that debate Also included are eight chapters in which other significant philosophers Paul Draper R Douglas Geivett Michael Martin Keith Parsons William Rowe William Wainwright Keith Yandell and David Yandell critique the debate and address the issues raised Their substantial and compelling insights complement and further the debate helping the reader delve more deeply into the issues that surfaced In the two final chapters Craig and Flew respond and clarify their positions taking the debate yet one step further The result of these many contributions is a book which provides the reader with a summary of the current discussion and allows one to enter into the dialogue on this central question in the philosophy of religion     *God, Science, and Reason* Michael Bunner,2013-04 Most persons have been led to believe there is a war between science and religion Over the past generation New Atheist icons such as Richard Dawkins Sam Harris Daniel Dennett and Christopher Hitchens have fueled this erroneous belief with provocative best selling books which herald the triumph of science over God To date the scientific and philosophical responses made by persons of faith to these New Atheist affronts have made only a little noise like warning shots fired across the bow of a ship No more In *God Science and Reason* Michael Bunner a scientist who also believes in God takes direct aim at the belief systems of the New Atheists and the world view they espouse He not only exposes the flaws in their own logic and rationale but also presents well reasoned and compelling scientific and philosophical arguments that reveal and decimate their belief systems In the process he demonstrates that the war between science and religion is nothing more than an illusion concocted and sustained by those who have rejected God He also makes a persuasive case that we can understand reality only when we view the world through the lenses of both science and religion     **The Truth about God** ,1911     100 reasons to be atheist Josep Valls Selga,2024-04-11 Discover the groundbreaking exploration of faith in 100 Reasons to be Atheist and Yet Finding Meaning in Life Journey through time from ancient myths to modern memes as the author unravels the mysteries of religious beliefs Challenge the status quo question the divine and dive deep into the human psyche This isnt just a book its an awakening As traditional theistic views are deconstructed a new path emerges a guide to finding purpose and profound meaning in a world beyond gods A must read for skeptics and seekers alike     *Brain, Consciousness, and God* Daniel A. Helminiak,2015-07-21 A constructive critique of neuropsychological research on human consciousness and religious experience that applies the thought of Bernard Lonergan *Brain Consciousness and God* is a constructive critique of neuroscientific research on human consciousness and religious experience An adequate epistemology a theory of knowledge is needed to address this topic but today there exists no

consensus on what human knowing means especially regarding nonmaterial realities Daniel A Helminiak turns to twentieth century theologian and philosopher Bernard Lonergan s breakthrough analysis of human consciousness and its implications for epistemology and philosophy of science Lucidly summarizing Lonergan s key ideas Helminiak applies them to questions about science psychology and religion Along with Lonergan eminent theorists in consciousness studies and neuroscience get deserved detailed attention Helminiak demonstrates the reality of the immaterial mind and addressing the Cartesian mind body problem explains how body and mind could make up one being a person Human consciousness is presented not only as awareness of objects but also as self presence the self conscious experience of human subjectivity a spiritual reality Lonergan s analyses allow us to say exactly what spiritual means and it need have nothing to do with God This book makes a seminal contribution to the psychology of religion and is on the cutting edge of the growing interest in the spiritual dimensions of human beings Daniel Helminiak writes knowledgeably about neurobiology psychotherapy philosophy and even psychedelic experience His chapter on the God concept is a tour de force and worth the price of the entire book Once I started this book I could barely put it down Stanley Krippner Saybrook University This is an amazing book It is both lucid and brilliant Deeply informed by Bernard Lonergan s systematic treatment of human knowing as a composite of experience understanding and judgment Daniel Helminiak masterfully places study of spirituality within the self transcending dimension of the human mind and in so doing differentiates and interrelates neuroscience psychology spirituality and theology Ralph W Hood University of Tennessee at Chattanooga In this book magnificently and comprehensively Helminiak struggles toward an integrated perspective on the unfolding of the universe Focused on humanity his topic is actually the origins and dynamics of human yearning As best he can he meets contemporary theorists on their own ground and repeatedly nudges their thinking toward a more coherent position The result cuts both ways It challenges students of Lonergan who underappreciate natural and social processes and it challenges natural and social scientists who seek a science of mind while subtly sidestepping their inquiring selves Yet Helminiak presents only a seedling Its full bloom would be Lonergan s new global omnidisciplinary science envisaged in Method It does indeed qualify as Patricia Churchland s sought real humdinger of a solution Philip McShane author of Randomness Statistics and Emergence Intense yet lucidly clear this work by Daniel Helminiak provides a sequel to Michael H McCarthy s The Crisis of Philosophy Helminiak turns a laser on the crisis and not only exposes significant counterpositions but also offers a solution using the intellectual epistemology of Bernard Lonergan Worth a read by anyone seeking real explanation rather than mere description this work invites readers to be weaned from picture thinking to claim the reality of their intelligence whatever their field Carla Mae Streeter Aquinas Institute of Theology *Problems of Evil and the Power of God* James A. Keller, 2007-01-01 Why do bad things happen even to good people If there is a God why aren t God s existence and God s will for humans more apparent And if God really does miracles for some people why not for others This book examines these three problems of evil suffering divine hiddenness and unfairness if miracles happen as believers claim

to explore how different ideas of God's power relate to the problem of evil      Religion and the Challenges of Science Mr Richard Feist, Professor William Sweet, 2013-05-28 Does science pose a challenge to religion and religious belief This question has been a matter of long standing debate and it continues to concern not only scholars in philosophy theology and the sciences but also those involved in public educational policy This volume provides background to the current science and religion debate yet focuses as well on themes where recent discussion of the relation between science and religion has been particularly concentrated The first theme deals with the history of the interrelation of science and religion The second and third themes deal with the implications of recent work in cosmology biology and so called intelligent design for religion and religious belief The fourth theme is concerned with conceptual issues underlying or implied in the current debates such as Are scientific naturalism and religion compatible Are science and religion bodies of knowledge or practices or both Do religion and science offer conflicting truth claims By illuminating contemporary discussion in the science religion debate and by outlining the options available in describing the relation between the two this volume will be of interest to scholars and to members of the educated public alike      **Epistemics of Divine Reality** Domenic Marbaniang, 2017-08-18 What Knowledge Claims of God Involve This book investigates the various traditions like monism polytheism pantheism panentheism and approaches such as foundationalism fideism pragmatism and rational fideism This book was originally the PhD thesis of the writer submitted to ACTS Academy in 2007      Philosophy of Religion Keith E. Yandell, 2002-01-22 In this lucid introduction to the philosophy of religion Keith Yandell covers central issues and figures as well as representative views from Judaism Christianity Islam Hinduism Buddhism and Jainism      **The Cambridge History of Eighteenth-century Philosophy** Knud Haakonssen, 2006 This two volume set presents a comprehensive and up to date history of eighteenth century philosophy The subject is treated systematically by topic not by individual thinker school or movement thus enabling a much more historically nuanced picture of the period to be painted      **God's Fingerprints, Second Edition** Trevor Watts, 2013-02-20 God's Fingerprints seeks to show why Christianity is the only rational faith system appropriate to the universe we inhabit The super person of God the Holy Trinity alone will suffice Starting from scientific tools that we all may use and constraints to which we all are subject God's Fingerprints moves to the very simple evidence of everyone's experience arriving at the question of our origins possible religious and philosophical views we may adopt and the central questions of truth and morals      **The Oxford Handbook of Systematic Theology** John Webster, Kathryn Tanner, Iain Torrance, 2007-09-27 A set of original and authoritative accounts by an distinguished international team of authors of all the major areas of current research in Christian systematic theology offering a thorough survey of the state of the discipline and of its prospects for those undertaking research and teaching in the field      *Religious Experience and Religious Lives* Walter Scott Stepanenko, 2023-08-01 Religious Experience and Religious Lives An Epistemology defends a moderate approach to religious experiences in which they can contribute to the justification of central religious beliefs most importantly belief in God

Epistemologists of religion disagree about what evidential value religious experiences have. Some argue that religious experiences have no evidential value while others argue that religious experiences constitute proof of God's existence. However, Walter Scott Stepanenko argues that religious experiences can contribute to these justificatory cases in several distinct ways and that several justificatory cases are philosophically viable. This book contends that this joint justificatory viability is best explained by the diversity and development of religious lives as religious believers grow in a faith tradition: their access to an evidential base can develop and the contributory work religious experiences provide in defense of religious belief can change. This suggests that various epistemologies of religious experience implicitly emphasize different life stages or different prototypical religious believers and that a fully adequate epistemology of religious experience will be expansive, pluralistic, and responsive to the diversity of religious believers and their development in a religious tradition.

*Between Dancing and Writing* Kimerer L. LaMothe, 2004. This book provides philosophical grounds for an emerging area of scholarship: the study of religion and dance. In the first part, LaMothe investigates why scholars in religious studies have tended to overlook dance or rhythmic bodily movement in favor of textual expressions of religious life. In close readings of Descartes, Kant, Schleiermacher, Hegel, and Kierkegaard, LaMothe traces this attitude to formative moments of the field in which philosophers relied upon the practice of writing to mediate between the study of religion on the one hand and theology on the other. In the second part, LaMothe revives the work of theologian, phenomenologist, and historian of religion Gerardus van der Leeuw for help in interpreting how dancing can serve as a medium of religious experience and expression. In so doing, LaMothe opens new perspectives on the role of bodily being in religious life and on the place of theology in the study of religion.

*Wrestling with God and with Evil* H. M. Vroom, 2007. The fact of evil continues to raise questions about the relationship between God and evil but also questions about human involvement in it. At the beginning of the twenty-first century, it is now time to see the existence of evil not just as a problem for belief in God; it is a problem for belief in humanity itself as well. For human involvement in evil is not simply a matter of coping with evil but also concerns the fact that humans themselves often seem to do wrong and evil inevitably. Human finitude, ignorance, and the unforeseeable consequences of good intentions as well as of neglect can often lead to tragedy. This volume contains contributions from an equal number of male and female scholars in Western Europe and America. It contains discussions of thinkers like Kant, Kierkegaard, Barth, Weil, Levinas, Naber, Caputo, and Johnson. It deals with issues like tragedy, finitude, critiques of Western culture, violence, and God, and the question of whether theodicies are needed or are even honest. This volume offers an interesting survey of wrestling with God and evil from a variety of perspectives in the philosophy of religion on both sides of the Atlantic.

Three Philosophies of Life Peter Kreeft, 1989. I've been a philosopher for all my adult life, and the three most profound books of philosophy that I have ever read are Ecclesiastes, Job, and Song of Songs. These are the opening lines of Kreeft's *Three Philosophies of Life*. He reflects that there are ultimately only three philosophies of life, and each one is represented by one of

these books of the Bible life is vanity life is suffering life is love In these three books Kreeft shows how we have Dante's great epic The Divine Comedy played out from Hell to Purgatory to Heaven But it is an epic played out in our hearts and lives here and now Just as there is movement in Dante's epic so there is movement in these books from Ecclesiastes to Job from Job to Song of Songs Love is the final answer to Ecclesiastes' quest the alternative to vanity and the true meaning of life Finally Kreeft sees in these books the epitome of theological virtues of faith hope and love and an essential summary of the spiritual history of the world

Uncover the mysteries within is enigmatic creation, Embark on a Mystery with **Reason Experience And God** . This downloadable ebook, shrouded in suspense, is available in a PDF format ( PDF Size: \*). Dive into a world of uncertainty and anticipation. ## **Reason Experience And God Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Reason Experience And God has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reason Experience And God has opened up a world of possibilities. Downloading Reason Experience And God provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reason Experience And God has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reason Experience And God. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reason Experience And God. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reason Experience And God, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reason Experience And God has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Reason Experience And God Books

1. Where can I buy Reason Experience And God books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reason Experience And God book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Reason Experience And God books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Reason Experience And God audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Reason Experience And God books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
