IT'S IMPOSSIBLE TO PLEASE GOD**

Reasons For Faith

John McDowell Leavitt

Reasons For Faith:

Reasons for Faith Mark Mittelberg, Chad V. Meister, 2007 Gives Christians the tools they need to stand firm in their faith and to share that faith with anyone who asks for a reason for the hope within them *Reasons for Faith (Foreword by Lee Strobel)*

Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to answer questions that others may ask of them First Peter 3 15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society

Reasons For Faith John H Gerstner, 2023-07-18 Explore the basis for belief and faith with this thought provoking treatise by John H Gerstner Drawing on theology philosophy and history Gerstner presents compelling arguments for the existence of God and the truth of Christianity This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Reasons for Faith, 18?? **Reasons for Faith and Other Contributions to Christian Evidence** Arthur Foley Winnington Ingram, 1907 *Reasons for Faith* John McDowell Leavitt, 2015-07-17 Excerpt from *Reasons for Faith In This Nineteenth Century* During the last nine years as President of a College the writer has held a Lectureship of Psychology and Christian Evidences for the instruction of a Senior Class From an extensive annual course he has selected this small volume Without enfeebling the argument he has sought to transfer it from the confined air of the recitation room to the wider auditory of the Great Public About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original

Dembski, Michael R. Licona, 2010-07-01 There have always been challenges to belief in God as he is revealed in the Bible and each new year seems to add more questions to the doubter's arsenal In Evidence for God leading apologists provide compelling arguments that address the most pressing questions of the day about God science Jesus the Bible and more including Is Intelligent Design really a credible explanation of the origins of our world Did Jesus really exist Is Jesus really the only way to God What about those who have never heard the gospel Is the Bible today what was originally written What about recently publicized gospels that aren't in the Bible and much more *Reasons for Faith, in a Letter to a Friend* Religious Tract Society (Great Britain), 18?? **Reasons to Reason** Nancy A. Almodovar, 2021-07-22 Apologetics What is that Isn't that for theologians and pastors These are the rebuttals one might receive when encouraging Christians to learn and engage in apologetics the defense of the Christian faith This book isn't about apologetics per se Instead it reviews the many benefits for Christians engaging in apologetics and learning about it Dr Almodovar reviews what aspects of the field helped strengthen her own faith and brought excitement in bringing the good news of the forgiveness of sins through Jesus Christ as she spoke with those who aren't Christians Over the past years Dr Almodovar has actively engaged in encouraging Christians to actually do apologetics and many have come back to her saying it not only helped them answer the questions of non-believers but strengthened their own faith knowing now the great amount of evidence there is for the Christian religion If you've never engaged in defending the faith now is the time to learn how it will benefit you in your walk with Christ and perhaps excite you to dig a little deeper so you too can answer their questions about Jesus his life death and resurrection for the forgiveness of all our sins *Reasons of Faith; Or, The Order of the Christian Argument Developed and Explained: with an Appendix* George Smith Drew, 1862 **Reasons for Faith** John Henry Gerstner, 1960 Presents a rational defense of the Christian faith making a strong case for orthodox Christianity without bypassing the mind or belittling genuine questions Gives objections to Christianity and answers those objections **Reasons for Faith** K. Scott Oliphint, 2006 Sets forth a Christian approach to thinking philosophically Identifies the Christian position as the consistent cogent and reasonable one offering solutions to the problems posed **Reasons for Faith**, 2007 Does Faith Need Reasons? Frank Ballard, 1912

Reasons We Believe (Foreword by John MacArthur) Nathan Busenitz, 2008-07-22 Reasons We Believe will reinforce your personal faith and will provide you with a clear concise evangelistic tool to help you share that faith with others In an age of cynics and skeptics Christianity is constantly under attack Believers need resources that defend the veracity of their faith They are searching for clear concise and credible answers to both doubts of their own and objections from their unbelieving friends Nathan Busenitz provides such resources to believers Reasons We Believe confirms and strengthens the

faith of believers by demonstrating the reliability of the twofold authority on which Christianity rests the Word of God and the person of Jesus Christ Reasons builds a biblical foundation for the authority of the Bible and then shows how extra biblical evidence corresponds with and thereby attests to what the Bible claims This study seeks to reinforce the faith of Christians while also providing them with a straightforward evangelistic tool for reaching non Christians **Why We're Catholic**

Trent Horn,2017-05 How can you believe all this stuff This is the number one question Catholics get asked and sometimes we ask ourselves Why do we believe that God exists that he became a man and came to save us that what looks like a wafer of bread is actually his body Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live Ever since he became Catholic Trent Horn has spent a lot of time answering these questions trying to explain to friends family and total strangers the reasons for his Catholic faith Some didn't believe in God or even in the existence of truth Others said they were spiritual but didn't think you needed religion to be happy Some were Christians who thought Catholic doctrines over complicated the pure gospel And some were fellow Catholics who had a hard time understanding everything they professed to believe on Sunday Why We're Catholic assembles the clearest friendliest most helpful answers that Trent learned to give to all these people and more Beginning with how we can know reality and ending with our hope of eternal life it's the perfect way to help skeptics and seekers or Catholics who want to firm up their faith understand the evidence that bolsters our belief and brings us joy **101 Good Reasons to Believe** James D.

Sideras,2018-01-04 This book presents a strong case for the Christian faith by using scientific evidence and philosophical reasoning Although an abundance of Christian apologetic textbooks exist most are not easily accessible because they offer long and scholarly treatments of subject matter that may not appeal to lay readers This book differs in two ways First it presents the case for Christianity in a friendly scholarly prose which enables readers to plainly understand each reason to believe Second these reasons are concisely structured so that within minutes readers can quickly examine each argument in light of the evidence presented 101 Good Reasons to Believe is essential reading for theists who wish to strengthen their faith in God and for nontheists who desire to critically investigate the truth claims of the Bible This book includes topics such as astronomical evidence for the existence of God evidence for creation and intelligent design refutation of Darwinian evolution the historicity of Jesus why there is human suffering if God exists the accuracy of the Bible and evidence for heaven and hell The 101 reasons presented make thought provoking and compelling reading for scholars and non scholars alike
