*Women and the Cuban Insurrection* Lorraine Bayard de Volo, 2018-02-01 Using gender analysis and focusing on previously unexamined testimonies of women rebels political scientist Lorraine Bayard de Volo shatters the prevailing masculine narrative of the Cuban Revolution. Contrary to the Cuban War story's mythology of an insurrection single handedly won by bearded guerrillas Bayard de Volo shows that revolutions are not won and lost only by bullets and battlefield heroics. Focusing on women's multiple forms of participation in the insurrection especially those that occurred off the battlefield such as smuggling messages hiding weapons and distributing propaganda Bayard de Volo explores how gender both masculinity and femininity were deployed as tactics in the important though largely unexamined battle for the hearts and minds of the Cuban people. Drawing on extensive rarely examined archives including interviews and oral histories this author offers an entirely new interpretation of one of the Cold War's most significant events.

**The People's Army in the Spanish Civil War** Alexander Clifford, 2020-03-20 The author of *Fighting for Spain* delivers a military history focused on three major battles Brunete Belchite and Teruel meticulously researched Historical Novel Society. Why did the Spanish Republic lose the Spanish Civil War and could the Republic have won? These are the key questions Alexander Clifford addresses in this in depth study of the People's Army and the critical battles of Brunete Belchite and Teruel. These battles represented the Republic's best chance of military success but after bitter fighting its forces were beaten back. From then on the Republic facing the superior army of Franco and the Nationalists aided by Germany and Italy faced inevitable defeat. This tightly focused and perceptive account of the military history of the Republic and its army is fascinating reading. As well as providing a broad overview of the strategy and tactics of the People's Army and its Nationalist opponents Alexander Clifford quotes vivid eyewitness testimony to give the reader a direct insight into the experience of the frontline soldiers on both sides during these three critical battles. Their recollections reveal to the reader what it was like to fight in the scorching heat of the plains around Brunete in the shattered streets of Belchite still ruined to this day and in the frozen hills of Teruel.
