technology transfer capacities while at the same time mobilizing public support from labor businesses foundations and other entrepreneurial stakeholders to provide assistance with the city s economic recovery City in Transition is a landmark testimonial assessment of tried and true economic development strategies of Youngstown mayors visionary leaderships to revive and grow the city s declining economy following its steel mill closings in the late 1970s Economic development strategies together with city size reclassification into a smaller post industrial city created a classic leadership story of foresight that transcended the city s economic regeneration per se to garner both national recognition and international attention The State and Local Industrial Policy Question Harvey A. Goldstein,1987 **Property, Power, and American**

Democracy David Andrew Schultz,1992-01-01 One legacy of the Reagan and post Reagan years has been a questioning by both liberals and conservatives of recent eminent domain and property rights decisions by the Supreme Court This timely volume examines the changing political and constitutional status of these concepts Schultz argues that we need to rethink the nature of property rights by asking what purpose they serve in American society and whether they deserve special legal and judicial protection against legislative interference Property Power and American Democracy is founded on a searching reexamination of the role of property in early and contemporary American legal and political thought From this perspective Schultz shows that the meaning of property is currently in flux as a result of a failure to sustain those values that property was originally supposed to protect in our society individual liberty limited government and minority rights In keeping with the moral and political values associated with property in the writings of John Locke James Harrington and other classical theorists the author contends that property should not be viewed merely as a thing we possess or an entity we may dispose of at will Instead it is to be seen as an important social relationship to which the law gives special protection thereby furthering a sense of autonomy self identity and community This volume demonstrates that once we view property in this light we can then ask which relations or values are so important in our society that they deserve to be called property Drawing upon both liberal and conservative points of view Property Power and American Democracy is a powerful argument for the reinvigoration of property rights It will be of special interest to political scientists urban planners and specialists in American constitutional history and political thought

Racial Politics And Urban Planning Robert A. Catlin,2014-10-17 When Richard G Hatcher became the first black mayor of Gary Indiana in 1967 the response of Gary s white businessmen was to move the entire downtown to the suburbs thereby weakening the city core Meanwhile white business and institutional leaders in Atlanta Detroit and Newark worked with black mayors heading those majority black cities to rebuild their downtowns and neighborhoods Why not Gary Robert A Catlin who served as Mayor Hatcher s planning advisor from 1982 to 1987 here analyzes the racial conflicts that tore Gary apart He asserts that two types of majority black cities exist Type I including Atlanta Baltimore Detroit and Newark have Fortune 500 corporate headquarters major universities and large medical centers institutions that are placebound and their leaders must work with black mayors Type II cities like Gary lack

these resources thus their white leaders feel less compelled to cooperate with black mayors Unfortunately in Gary's case black politicians and white executives fell victim to pettiness and mistrust and as a result Gary and the entire northwest Indiana region suffered Racial Politics and Urban Planning is required reading for citizens interested in urban affairs Leaders in cities such as Albany and Macon Georgia Monroe Louisiana Mount Vernon New York and Pine Bluff Arkansas should also take note Those cities have just become majority black and are in the Type II category Will they learn from Gary or are they doomed to repeat its mistakes

Downtown, Inc. Bernard J. Frieden, Lynne B.
