Don't Blame the Parents: Corrective Scripts and the Development of Problems in Families Rudi Dallos,2019-10-07 This invaluable contribution to working with families whether as a family therapist clinician or parent offers insight into how problems for families and children arise and what can help Don t Blame the Parents explores the ubiquitous issue of blame and responsibility in families especially of parents feeling blamed for causing or exacerbating problems The book examines problems that we all encounter in family relationships whether with children s behaviour marital anxiety or not feeling like we are the effective parent that we intend

to be Blame can restrict our ability as therapists clinicians and family members to explore family dynamics and responsibility for emerging problems in a constructive and progressive way It can prevent exploration of family dynamics and of finding workable options for long term positive change and better understanding the role of the family unit The book draws on attachment and systemic perspectives on family therapy to support the view that parents generally intend to repeat or correct positive childhood experiences while exploring why these intentions may become derailed Seminal and contemporary research as well as clinical cases feature all with an eye to fostering positive and responsible families Rudi Dallos offers us a thoughtful and helpful deconstruction of the crucial ethical and therapeutic differences between blame and responsibility in family life Drawing on his integration of trauma theory and attachment theory with systemic theory and practice he explores the vexed questions of causality context and intergenerational influences in the understanding and alleviation of distress in close relationships Arlene Vetere Professor of Family Therapy and Systemic Practice VID Specialized University Oslo Norway

The Writing Classroom Janet Evans, 2013-07-04 This book brings together a collection of essays on the teaching of writing It is a companion to Prue Goodwin's *The Literate Classroom* and *The Articulate Classroom* and aims to augment our existing knowledge about the teaching and learning of writing stimulate thought and provoke discussion about writing offer a blend of theory and practice give food for thought and ideas for teaching writing to primary age children The topic of writing is one which is under the spotlight with increasing regularity as politicians and policy makers move on from reading as an issue This has already happened in England where the National Literacy Strategy is urging more emphasis on the teaching of writing to remedy weaknesses in this area *Skeletons in the Closet* Jan E. Trost, 2011-01-17 *Skeletons in the Closet* consists of ten essays about unresolved or unresolvable family conflicts The contributors start from the assumption that families whether legal marriage families common law marriage families single parent families multiple generation families same sex partnerships or adoptive families are cradles of intense emotion That intensity they argue may translate into conflict competition domination abuse exploitation or even hate This book explores those areas most likely to grip family members in unresolved interpersonal strife as well as the strategies people use to solve the issues and the shame and isolation that conflict brings in societies that normatively expect family life to be one of joy mutual sharing and caring

Handbook of Early Childhood Literacy Nigel Hall, Joanne Larson, Jackie Marsh, 2003-12-06 This volume examines early literacy research on a global scale and puts social cultural and historical analyses in the front seat without losing sight of individual and family level matters in the process It is comprehensive ground breaking and provocative and should help literacy researchers to think differently about the field Marjorie Faulstich Orellana School of Education and Social Policy Northwestern University No other publication that I am aware of brings together views from such diverse disciplines contributing to a comprehensive statement about early childhood literacy The Handbook not only reviews the current field of situated literacy but presents some important and exciting new research It is a significant resource which promises to

become a landmark text Eve Bearn University of Cambridge Faculty of Education This Handbook brings together an astonishing array of writers who explore contemporary political cultural and cognitive understandings of early childhood literacy Literacy and literacy acquisition are broadly defined here to encompass not just traditional notions of reading and writing but multimodalities multiliteracies and critical literacies It is rich and comprehensive an invaluable resource for scholars educators and students of early childhood literacy Elsa Auerbach Professor of English University of Massachusetts Boston This book is unique in its broad consideration of topics and its global focus I particularly appreciate how the Editors have situated current research in an historical context They have also included development issues pedagogy research and the newest areas of interest critical literacy and popular culture Diane Barone University of Nevada Reno The editors and their contributors place a strong emphasis on literacy as a social practice that occurs outside school settings This broad interpretation is a healthy counter blast to the current political views and legislation in many developed countries and should be welcomed by practitioners Another very welcome dimension is the can do approach that celebrates young children s literacy achievements This is an informative and insightful text for researchers and students to dip into and think about for some years to come Marian Whithead writing in Nursery World An inspired and stimulating read aimed at researchers academics professionals and students in the fields of early years education and research and early childhood literacy It will also be of interest to those working in other disciplines such as cultural studies and sociology I think this collection of work by the range of authors some of which are the most distinguished and renowned in the field not only represents real value for money but also makes an essential in depth perceptive and invaluable contribution to this relatively new and dynamic field It offers some cutting edge contemporary and exciting material combined with well founded wisdom and indeed excellent sources for further reading British Journal of Educational Studies In recent years there has been a virtual revolution in early childhood studies with a mass of books and papers seeking to re examine and reposition childhood At the same time an equally significant area has developed within literacy studies reflecting a growing interest in the nature of literacy as a socially situated phenomenon There is increased interest in literacy as a multimodal concept in which symbolic meaning is a central concept rather than more conventional and narrower notions of literacy The Handbook of Early Childhood Literacy is central in providing access to all these different perspectives The Handbook offers a way through the vast diversity of publications on early childhood literacy by providing comprehensive and up to date reviews of research and thinking in early childhood literacy The arrangement of chapters reflects a contemporary perspective on research into early childhood literacy Major sections include the global world of early childhood literacy childhood literacy and family community and culture the development of literacy in early childhood pedagogy and early childhood literacy and researching early childhood literacy Contributions by leading authorities focus on literacy as a socially situated and global experience one that is evolving in relation to changes in contemporary culture and technological innovation
