Richer The Poorer Stories Sketches And Reminiscences:

The Richer, the Poorer Dorothy West, 1997 For almost seven decades Dorothy West has enriched America's literary tradition. Now the fruits of her fabled career are offered up in a luminous collection of stories and essays. Their themes are universal: the daily misunderstandings between old and young men and women rich and poor that can lead to tragedy and the ways in which bonds of family and community can bring us together and tear us asunder. West's essays explore the poles of her remarkable life from growing up black and middle class in Boston to her role in the Harlem Renaissance movement of the 1930s to her life on Martha's Vineyard. Together they form a triumphant celebration of the work of one of America's genuine treasures.

Dorothy West's Paradise Cherene Sherrard-Johnson, 2012-01-01 Dorothy West is best known as one of the youngest writers involved in the Harlem Renaissance. Subsequently her work is read as a product of the urban aesthetics of this artistic movement. But West was also intimately rooted in a very different milieu: Oak Bluffs, an exclusive retreat for African Americans on Martha's Vineyard. She played an integral role in the development and preservation of that community. In the years between publishing her two novels, 1948's *The Living is Easy* and the 1995 bestseller *The Wedding*, she worked as a columnist for the *Vineyard Gazette*. *Dorothy West's Paradise* captures the scope of the author's long life and career, reading it alongside the unique cultural geography of Oak Bluffs and its history as an elite African American enclave, a place that West envisioned both as a separatist refuge and as a space for interracial contact. An essential book for both fans of West's fiction and students of race, class, and American women's lives, *Dorothy West's Paradise* offers an intimate biography of an important author and a privileged glimpse into the society that shaped her work.

The Richer, the Poorer Dorothy West, 2010-05-12 On the heels of the bestseller success of her novel *The Wedding*, Dorothy West, the last surviving member of the Harlem Renaissance, presents a collection of essays and stories that explore both the realism of everyday life and the fantastical, extraordinary circumstances of one woman's life in a mythic time. Traversing the universal themes and conflicts between poverty and prosperity, men and women, and young and old, and compiling writing that spans almost seventy years, *The Richer, The Poorer* not only affords an unparalleled window into the African American middle class but also delves into the richness of experience of one of the finest writers produced in this country during the Roaring Twenties. Women and Literacy Beth Daniell, Peter Mortensen, 2020-08-17 Path-breaking research on women and literacy in the past decade established conventions and advanced innovative methods that push the making of knowledge into new spheres of inquiry. Taking these accomplishments as a point of departure, this volume emphasizes the diversity of approaches and subjects that characterizes the next generation of research on women and literacy. It builds on and critiques scholarship in literacy studies, composition studies, rhetorical theory, gender studies, postcolonial theory, and cultural studies to open new venues for future research. Contributors discuss what literacy is, more precisely, what literacies are, but their strongest interest is in documenting and theorizing women's lived experience of these literacies with particular attention to the

diversity of women's literacies within the U.S. including but not limited to the varying relations that exist among women literacy economic position class race sexuality and education relations among women literacy and economic contexts in the U.S. and abroad including but not limited to changes in women's private and domestic literacies the evolution of technologies of literacy and women's experience of the commodification of literacies and emergent roles of women and literacy in a globally interdependent world This broad significant work is a must read for researchers and graduate students across the fields of literacy studies composition studies rhetorical theory and gender studies

Color and Culture Ross Posnock, 2009-07-01 The coining of the term intellectuals in 1898 coincided with W.E.B. Du Bois's effort to disseminate values and ideals unbounded by the color line Du Bois's ideal of a higher and broader and more varied human culture is at the heart of a cosmopolitan tradition that Color and Culture identifies as a missing chapter in American literary and cultural history The book offers a much needed and startlingly new historical perspective on black intellectuals as a social category ranging over a century from Frederick Douglass to Patricia Williams from Du Bois Pauline Hopkins and Charles Chesnutt to Nella Larsen Zora Neale Hurston and Alain Locke from Ralph Ellison and James Baldwin to Samuel Delany and Adrienne Kennedy These writers challenge two durable assumptions that high culture is white culture and that racial uplift is the sole concern of the black intellectual The remarkable tradition that this book recaptures culminating in a cosmopolitan disregard for demands for racial authenticity and group solidarity is strikingly at odds with the identity politics and multicultural movements of our day In the Du Boisian tradition Ross Posnock identifies a universalism inseparable from the particular and open to ethnicity an approach with the power to take us beyond the provincialism of postmodern tribalism
