International Handbook of Higher Education James J.F. Forest, Philip G. Altbach, 2008-01-18 This book provides a central authoritative source of reference on the most essential topics of higher education The International Handbook of Higher Education combines a rich diversity of scholarly perspectives with a wide range of internationally derived descriptions and analyses Chapters in the first volume cover central themes in the study of higher education while contributors to the second volume focuses on contemporary higher education issues within specific countries or regions Together these volumes provide a centralized easily accessible yet scholarly source of information

Remapping Africa in the Global Space Edward Shizha, 2014-11-26 What are the benefits and risks for Africa s participation in the globalisation nexus Remapping Africa in the Global Space is a visionary and interdisciplinary volume that restores Africa s image using a multidisciplinary lens It incorporates disciplines such as sociology education global studies economics development studies political science and philosophy to explore and theorise Africa s reality in the global space and to deconstruct the misperceptions and narratives that often infantilise Africa s internal and international relations The contributions to this volume are a hybrid of both outsider and insider perspectives that create a balanced critical discourse that can provide standard paradigms that can adequately explain predict or prevent Africa s current misperceptions and myths about the African crisis and failure status The authors provide a holistic and perhaps anticolonial and anti hegemonic perspective that can benefit a wide spectrum of academics scholars students development agents policy makers in both governmental and non governmental organisations and engage some alternative analyses and possibilities for socio politico and economic advancement in Africa The book provides up to date scholarly research on continental trends on various subjects and concerns of paramount importance to globalisation and development in Africa The book is brilliant

Remapping Africa in the Global Space Propositions for Change explores Africa from the perspective of

academics specialised in subject matters pertaining to the continent In this age of globalisation I find this book invaluable It is a good read as it dissects analyses and presents issues affecting the continent in an articulate and cogent way I highly recommend its use in academic institutions Magnus Mfoafo M Carthy Assistant Professor Lyle S Hallman Faculty of Social Work Fellow of Tshepo Institute for the Study of Contemporary Africa Wilfrid Laurier University Kitchener Canada More than anything else Remapping Africa in the Global Space Propositions for Change speaks to the complex multifaceted and interfused character of the development challenges and prospects of Africa Indeed few books have examined contemporary Africa as comprehensively and insightfully as this edited volume it is widely welcomed in the African academic scholarly and research arena Joseph Mensah Professor of Geography York University Toronto

International Faculty in Higher Education Maria Yudkevich, Philip G. Altbach, Laura E. Rumbley, 2016-11-25 In an interconnected and globally competitive environment faculty mobility across countries has become widespread yet is little understood Grounded in qualitative methodology this volume offers a cutting edge examination of internationally mobile academics today and explores the approaches and strategies that institutions pursue to recruit and integrate international teachers and scholars into local universities Providing a range of research based insights from case studies in key countries this resource offers higher education scholars and administrators a comparative perspective helping to explain the impact that international faculty have on the local university as well as issues of retention promotion salaries and the challenges faced by these internationally mobile academics Adaptation of Western Economics by Russian Universities Tatiana Suspitsyna, 2005-08-23 This book examines an intercultural translation of economics as an academic field from Western to post Soviet university settings

The Women's Movement and the Politics of Change at a Women's College David A. Greene, 2004-05 This study analyzes how Jill Ker Conway first woman president of Smith College implemented programmatic initiatives and changes to Smith's institutional culture that fit with her vision for higher education

Tradition and Transition Philip G. Altbach, 2007-01-01 A global and comparative perspective is central to understanding the rapidly changing world of higher education Tradition and Transition analyzes many of the key themes of academic change in the 21st century It brings a unique comparative approach citing examples from many national contexts to illustrate themes Among the topics considered are the logic of mass higher education globalization and inequality the role of research universities academic freedom private higher education and the academic profession and its problems These topical chapters are accompanied by in depth discussions of Asia and Africa

The Decline of the Guru P. Altbach, 2003-05-01 The academic profession faces new challenges everywhere The pressures of mass higher education accountability fiscal constraints distance education and the new technologies and changing attitudes concerning academic work have combined to place unprecedented strains on the professoriate There is no country that has avoided these challenges although the changes vary This book brings together some of the best analysts of the academic profession in a wide ranging comparative analysis of the changing academic

workplace The stress here is on middle income and developing countries but the issues discussed are relevant everywhere This book precisely because of its comparative and international perspective is useful worldwide Among the topics considered in the case study chapters are The changing demographics of the academic profession including the role of gender in the professoriate New developments in academic appointments including the terms of academic work evaluation of professors and the tenure system External pressures on the academic profession including demands for accountability threats to academic freedom and others The changing nature of academic work including patterns of teaching and evaluation of students and increases in teaching responsibilities The role of research in a changing academic environment The impact of the new technologies and distance education Future prospects for the professoriate

Funding Higher Education in Sub-Saharan Africa D. Teferra, 2013-10-08 Virtually all countries in the world are struggling to provide the necessary resources to Higher Education The challenges are particularly complex for economically poor countries in Africa which have recorded massive expansion in the past decade This book analyzes the state of funding and financing higher education in Sub Saharan Africa

Higher Education in Africa Damtew Teferra, Jane Knight, 2008 The first of its kind this book documents and analyzes the international dimension of higher education in Africa based on country case studies and a consideration of relevant historical and contemporary themes It identifies trends developments and challenges related to the international dimension of higher educational at the institutional national and regional levels It explores the institutional the opportunities and probes the risks while it responds to the growing need for information and analysis of internationalization of higher education in Africa On the basis of this book project an effort is underway to establish the African Network for Internationalization of Education ANIE This network aims to develop research capacity and expertise to meet the professional and practical needs of individuals institutions and organizations interested in the international dimension of higher education in Africa

Inhabiting the Borders Robin Matross Helms, 2020-10-14 This book focuses on the experience of foreign language faculty in American colleges and universities the challenges they face and ways that academia can better support language faculty and marginalized faculty in other fields in their important work

World Yearbook of Education 2007 Lesley Farrell, Tara Fenwick, 2007-03-12 The 2007 edition of this respected international volume considers the challenges facing work related education arising from the rapid expansion of the global economy and the impact of this on labour markets and individual workers Including perspectives from the US UK Canada Australia Africa Eastern Europe Central Asia South America India and South Africa the 2007 volume is split into four clear sections covering key topics such as the current global context when all work even local is influenced by global economic activity workers are expected to engage in lifelong learning but also be mobile and deal with rapidly changing working knowledge work related education must prepare workers for the global economy and specific contexts where governments attract global companies by promoting education and literate workforces how the responsibility for providing work education is distributed between

schools vocational education HE professional bodies local and global companies governments the private sector and individuals the pressures on formal education and training institutions to produce graduates with certain kinds of knowledge skills and personal attributes

Coming of Age Francesca Purcell, 2005-07-14 In view of the increasing number of Third World countries considering the establishment of women's colleges to meet the demand for the higher education of women presenting a case study of two key women's colleges in the Philippines Within the context of global national and local changes since the fall of Ferdinand Marcos in 1986 academic and administrative leaders at two prestigious women's colleges candidly discuss how their respective institutions adapted to their environments and how the colleges will fare in the future Preferences for large coeducational institutions the emergence of less expensive tertiary institutions and the downward spiral of a weak national economy combined to destabilized the enrollment base of these colleges Factors unique to the Philippines including an increasing number of female overseas contract workers struggles with national language preferences and the growth of feminism also affected the colleges In response the colleges expanded their curricula chose high profile presidents focused on faculty development and acquired technology Decision makers at these colleges will have to continue in their efforts at solidifying their positions in the Philippine higher education system The book that women's colleges worldwide must articulate their unique purposes and collaborate with other institutions to strengthen their organizations
