The Ultimate History of Video Games, Volume 2 Steven L. Kent, 2021-08-24 The definitive behind the scenes history of video games explosion into the twenty first century and the war for industry power A zippy read through a truly deep research job You won't want to put this one down Eddie Adlum publisher RePlay Magazine As video games evolve only the fittest companies survive Making a blockbuster once cost millions of dollars now it can cost hundreds of millions but with a 160 billion market worldwide the biggest players are willing to bet the bank Steven L Kent has been playing video games since Pong and writing about the industry since the Nintendo Entertainment System In volume 1 of The Ultimate History of

Video Games he chronicled the industry's first thirty years. In volume 2 he narrates gaming's entrance into the twenty-first century as Nintendo, Sega, Sony, and Microsoft battle to capture the global market. The home console boom of the 90s turned hobby companies like Nintendo and Sega into Hollywood studio-sized business titans. But by the end of the decade they would face new, more powerful competitors. In boardrooms on both sides of the Pacific, engineers and executives began with enormous budgets and total secrecy to plan the next evolution of home consoles. The PlayStation 2, Nintendo GameCube, and Sega Dreamcast all made radically different bets on what gamers would want. And then, to the shock of the world, Bill Gates announced the development of the one console to beat them all, even if Microsoft had to burn a few billion dollars to do it. In this book, you will learn about the cutthroat environment at Microsoft as rival teams created console systems the day the head of Sega of America told the creator of Sonic the Hedgehog to f--- off. How lateral thinking with withered technology put Nintendo back on top and much more. Gripping and comprehensive. *The Ultimate History of Video Games Volume 2* explores the origins of modern consoles and of the franchises from Grand Theft Auto and Halo to Call of Duty and Guitar Hero that would define gaming in the new millennium. *The Best of the Best of Uncle John's Bathroom Reader* Bathroom Readers' Institute, 2012-09-01.
