Scope Of State Power In China

Lowell Dittmer, Samuel S. Kim

Scope Of State Power In China:

Civilization and the Chinese Body Politic Yongnian Zheng, 2022-11-22 In this important and hugely ambitious book one of the world's leading political scientists working on China demonstrates how Western views of China are flawed because the long tradition of Western scholarship studying China views China from the Western philosophical and intellectual perspective rather than viewing China on its own terms through the lens of China's own long established and reputable philosophical and intellectual tradition Providing a deep analysis of Western scholarship on China including work from Leibniz to Marx to Weber and then to Wittfogel and a thorough account of the evolution of China's own thinking about governance as expressed in the practices of successive Chinese dynasties the book goes on to examine how the current Chinese body politic fits with and is the natural outcome of China's own long well thought through and well practiced intellectual consideration of what the nature of civilized governance should be By focusing on philosophical and intellectual approaches rather than on theoretical or methodological ones the book shows how the huge and increasing disconnect between non Chinese views of China and Chinese ones has come about

The Scope of State Power in China Stuart Reynolds Schram, 1985 *Autocracy and China's Rebel Founding Emperors* Anita M. Andrew, John A. Rapp, 2000 What kind of ruler was Mao Zedong Utilizing a rich mix of analysis and new translations this book examines other imperial predecessors and the elements linking Mao and Ming Taizu the fourteenth century peasant rebel who founded the Ming dynasty as well as critiques of Western and Chinese scholarship The book then presents translations with commentary of PRC scholars on Taizu and Mao showing the evolution in Chinese thought toward both rulers from the Cultural Revolution to the Deng Xiaoping reform era

China's Quest for National Identity Lowell Dittmer, Samuel S. Kim, 2018-07-05 How to define a Chinese national identity remains as hotly contested a question among today's Chinese citizens as it has been among foreign observers This volume brings together ten new essays by an interdisciplinary group of leading sinologists and offers a comprehensive framework for understanding the nature of Chinese national identity in past and contemporary settings

Governance and Politics of China Tony Saich, 2017-09-07 The success or failure of China's development will impact not only its own citizens but also those of the world China is widely recognized as a global actor on the world stage and no global challenge can be resolved without its participation Thus it is important to understand how the country is ruled and what the policy priorities are of the new leadership Can China move to a more market based economy while controlling environmental degradation Can it integrate hundreds of millions of new migrants into the urban landscape The tensions between communist and capitalist identities continue to divide society as China searches for a path to modernization The People's Republic is now over 65 years old an appropriate juncture at which to reassess the state of contemporary Chinese politics In this substantially revised fourth edition and essential guide to the subject Tony Saich delivers a thorough introduction to all aspects of politics and governance in post Mao China taking full account of the changes of the 18th Party Congress and the 12th National

People's Congress Further the rise of Xi Jinping to power and his policies are examined as are important policy areas such as urbanization and the fight against corruption

Anthropology of Ascendant China Mayfair Yang, 2024-05-06 This volume represents the latest research in cultural anthropology on an ascendant and globalizing China covering the many different dimensions of China's ascendancy both within China itself and beyond It focuses not only on the real and perceived successes of China in the past four decades but also on the difficulties tensions and dangers that have emerged as a result of rapid economic development class polarization state expansion psychological distress and environmental degradation Including contributions by some of the most well known cultural anthropologists of China as well as rising innovative younger scholars this book documents and analyzes China's multifaceted transformations in the modern era both within Chinese society and in Chinese relations with the outside world It features the unique perspective of anthropology with its on the ground deep cultural immersion through long term fieldwork coupled with a macrolevel global perspective a strong historical perspective and theoretically engaged analyses to present a balanced account of China's ascendancy *Anthropology of Ascendant China* Histories Attainments and Tribulations is suitable for students and scholars in Anthropology Sociology History Political Science and East Asian Studies as well as those working on contemporary Chinese society and culture more broadly

The New Chinese Empire Ross Terrill, 2009-03-05 Some observers expect China to become an economic superpower Others expect it to fragment into pieces Is China nationalistic and on the march or is it a stumbling Communist dinosaur Is it already a billion citizen member of the global village Is it as the Clinton administration claimed a strategic partner of the U S Ross Terrill addresses the question upon which all these others depend Is the People's Republic of China whose polity is a hybrid of Chinese tradition and Western Marxism willing to become a modern nation or does it insist on remaining an empire Since the collapse of three thousand years of Confucian monarchy in 1911 China has neither established a successful political system nor adjusted to being a nation state Today it stands as the most contradictory of major powers hovering between an unsustainable tradition and a yet to be born political form that would support its new society and economy Hanging in the balance are the prospect for freedom within China for both Chinese and non Chinese citizens of the People's Republic the future of America's relations with China and the security of China's neighbors Drawing upon Terrill's long experience studying China as well as upon new research this enlightening and rigorous book will be a must read for everyone who has a stake in the future of the global world order

The Death Penalty in China Bin Liang, Hong Lu, 2015-12-01 Featuring experts from Europe Australia Japan China and the United States this collection of essays follows changes in the theory and policy of China's death penalty from the Mao era 1949 1979 through the Deng era 1980 1997 up to the present day Using empirical data such as capital offender and offense profiles temporal and regional variations in capital punishment and the impact of social media on public opinion and reform contributors relay both the character of China's death penalty practices and the incremental changes that indicate reform They then compare the Chinese experience to other countries throughout Asia and

the world showing how change can be implemented even within a non democratic and rigid political system but also the dangers of promoting policies that society may not be ready to embrace **The Thought of Mao Tse-Tung** Stuart

Reynolds Schram,1989-07-13 Professor Schram offers a fascinating and sure footed analysis of Mao s intellectual itinerary

Limits to Autocracy Alan T. Wood,1995-08-01 Alan T Wood examines the cultural identity of modern China in the context of authoritarianism in the Chinese political tradition Taking on issues of key importance in the understanding of Chinese history Wood leads readers to a reconsideration of neo Confucian thinkers of the Northern Sung dynasty Modern scholars have accused Sung neo Confucians of advocating a doctrine of unconditional obedience to the ruler of revering the emperor and expelling the barbarian and thereby inhibiting the rise of democracy in China Wood refutes this dominant view by arguing that Sung neo Confucians intended to limit the power of the emperor not enhance it Sung political thinkers believed passionately in the existence of a moral cosmos governed by universal laws that transcended the ruler and could be invoked to set limits on his power Wood makes a striking comparison of this view with a similar one of universal morality or natural law that developed in late Medieval Europe By drawing attention to a much neglected Confucian text he contributes significantly to the wider dialog of human rights in China and brings forth fresh philosophical insights in his comparative view of Chinese and Western history *Contemporary China* Yongnian Zheng,2013-01-29 Using new research and

considering a multidisciplinary set of factors Contemporary China offers a comprehensive exploration of the making of contemporary China Provides a unique perspective on China incorporating newly published materials from within and outside China in English and Chinese Discusses both the societal and economic aspects of China s development and how these factors have affected Chinese elite politics Includes coverage of recent political scandals such as the dismissal of Bo Xilai and the intrigue surrounding the 18th National Congress elections in late 2012 Discusses the reasons for and ramifications of the gap that exists between western perceptions of China and China itself Rome and China Walter

Scheidel,2009-02-05 This volume brings together experts in the history of the ancient Mediterranean and early China and presents a series of comparative case studies on clearly defined aspects of state formation in early eastern and western

Eurasia focusing on the process of initial developmental convergence Conference on the Evolution of Democracy in China

Carnegie Council on Ethics & International Affairs,1990

Chineseness And Modernity In A Changing China: Essays

In Honour Of Professor Wang Gungwu Yongnian Zheng,Litao Zhao,2020-02-13 This book is a collection of essays in honour of Professor Wang Gungwu Professor Wang is not only a great historian on Chinese history in general and the Chinese overseas in particular but has much wider influence through remarkable domain crossing namely spatial crossing characterised by geographical straddling between inside and outside of China temporal crossing from the ancient past to the contemporary inter disciplinary crossing from history to the social sciences and intellectual crossing from the academia to public activism He has been a long lasting source of inspiration for understanding some of the most pressing and complex

issues in our times including the nature of China's rise and its implications for the regional and world order. In a nutshell, this book presents Wang as a highly active educator-scholar who has achieved the highest academic standard as well as far-reaching influence over issues that concern all walks of life. By focusing on the theme of Chineseness and China's modernity, this book adds depth to the analysis of China's rise and its implications for the region and the world. It contains a chapter providing the most comprehensive and updated review of Wang's scholarship thus far. Another chapter demonstrates how Wang, based on his deep understanding of Chinese civilisation and history, articulates a distinct view of the world order that differs from either the thesis of Thucydides's trap or the advocacy of mutual accommodation. Interestingly, this book also includes a chapter that highlights Wang's Southeast Asian-ness, suggesting that Wang's scholarship cautions against not only western-centric views towards China but also Sino-centric views towards Southeast Asia. In short, this edited volume is both a reference book for understanding Wang's scholarship and an extension of his scholarship to the analysis of China's growing international influence and its implications for the world order.

The Political Economy of China's Economic Zones George T. Crane, 2019-07-04. In 1979, China launched a new international economic policy with the establishment of four Special Economic Zones (SEZs): Shenzhen, Zhuhai, and Shantou in Guangdong Province, and Xiamen in Fujian Province. Modelled loosely on export processing zones and free trade zones found in other less developed countries, the SEZs offer a variety of financial inducements to foreign investors in order to harness international business for national economic advantage. Designed to be a cornerstone of China's economic reforms, by 1985 the SEZs in the mid-80s zone-like policies were extended to fourteen coastal cities. These cities were scandal-ridden and fraught with serious problems. This work is the first book-length analysis in English of China's SEZs, examining the problems and promise of this innovative approach to structural economic reform and the comparative significance of the SEZs.

Paradoxes Of China's Prosperity: Political Dilemmas And Global Implications Guoguang Wu, 2015-01-15. The world seems divided to either applaud or fear the rise of China, but this book probes deeper by investigating three aspects of the phenomenon in detail: 1) the institutional dilemmas of the prosperity as it integrates Asian authoritarianism with globalizing capitalism to create economic accomplishments; 2) the political struggles alongside the prosperity as Chinese citizens begin to demand equality rights and justice that might be viewed to disturb the continuity of stability and development; and 3) the global implications entailed by the prosperity, not only in power politics, war and peace, or competitions among nations, but especially on global public goods termed human security. Articles included here combine political-economic analyses with historical depth and global concerns to add a perspective that highlights the paradoxes of prosperity surrounding the ongoing debate on the rise of China and its global ramifications. Readers will find an analysis that goes beyond the dichotomy of viewing the rise of China either in positive or negative perspectives. Investigations on the internal dilemmas and the global implications of the rise of China are well

situated in the historical context of China's own search for modernization since the late 19th century. This is one of the few books in which China's rise is examined from a global perspective rather than from a national perspective of China, the United States or any other specific nation, a global perspective that addresses the challenges facing all human societies with the rise of China.

China's Political System Ning Fang, 2020-09-30. This book includes collective research by the Institute of Political Science of the Chinese Academy of Social Sciences, which is an important research institution of political science and a think tank in China. The book was completed by the expert team of China's Political System headed by Director Fang Ning for several years and after several changes in their manuscripts. This book covers the core political systems of China, such as the leadership system of the Communist Party of China, the decision-making system of the Party and government in Chinese politics, the system of the people's congress, the relationship between the central and local authorities, the system of officials training and selection, the system of discipline inspection and supervision, the system of consultative democracy, and the system of community-level self-governance, etc. This book aims to build a new paradigm of empirical research and introduction of the contemporary Chinese political system by using the description and research method of materialization and dynamics of the political system.

Construction Of Democracy, The: China's Theory, Strategy And Agenda Shangli Lin, 2021-02-05. The book expounds on the role played by democracy in China's revolution and modernization led by the Communist Party of China (CPC) and how the CPC in both its party building and state building has constantly sought to leverage democracy's positive functions while avoiding its shortcomings. Special attention is paid to reconstructing and explaining the historical contexts from which the Party's theoretical innovations have emerged, thus offering readers insights into the inner political logic that has shaped China's development. The author, a member of the Party's senior policy panel, offers a perceptive analysis of the modernization of the country and its governing capacity and provides a clear assessment of how democracy in China has developed with the times. Always bearing the big picture in mind, the author has not shied away from some of the more controversial parts of China's recent history, and his deep understanding of relevant Party documents and historical facts give strong support to his analyses. He concludes that the Party is central to leading the nation to explore its path of socialism with Chinese characteristics and that the country has always emerged stronger after setbacks.

Comprehensive Deepening of Reforms in China Peilin Li, 2020-04-22. This book covers key issues related to comprehensive reform in China in a broad range of areas, such as the economy, politics, culture, social management, the environment, and CPC Party building. The insightful analyses will appeal to social science researchers interested in reform-era contemporary China, as well as both undergraduate and graduate students trying to understand this country better. Lawmakers and policymakers at different levels of government will find in the well-informed policy recommendations following the analyses a valuable source of reference and inspiration.

Scope Of State Power In China Introduction

In today's digital age, the availability of Scope Of State Power In China books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Scope Of State Power In China books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Scope Of State Power In China books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Scope Of State Power In China versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Scope Of State Power In China books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Scope Of State Power In China books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Scope Of State Power In China books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Scope Of State Power In China books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Scope Of State Power In China books and manuals for download and embark on your journey of knowledge?

FAQs About Scope Of State Power In China Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Scope Of State Power In China is one of the best book in our library for free trial. We provide copy of Scope Of State Power In China in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Scope Of State Power In China. Where to download Scope Of State Power In China online for free? Are you looking for Scope Of State Power In China PDF? This is definitely going to save you time and cash in something you should think about.
