And Then There Are Bitches Josephine-De-France,2016-04-30 What Makes a Bitch or a Bully I have to ask the question The bitch versus the bully or are they one of the same thing So let s start to think take a moment and assess what s it all about well here we go the bitch the one big thing that gives a bitch away is the huddles in the corner of the room or office whispering and looking across at you making you feel intimidated dont you just hate that As an individual you become paranoid for a while however I was slightly deaf when I was younger I had learnt a little skill of lip reading so I could tell every word the huddles were saying Not many people know I can do this and sometimes it is an advantage but actually on this occasion it was not as what I heard was a lot crueller than what I could have ever imagined This is what inspires me to write this book and include some descriptions of bullies because I really feel that the bitch is a form of bullying in disguise You will see that I sense that bullying does not have to be physical as you will hopefully become aware as it can be mental and or verbal causing much more upset not just at the time but for some time going forward into the future **Sagittarius**
