Group Bus Fleets** Jim Blake, 2016-10-19 This book looks at the wonderful variety of buses and coaches operated by British Electric Traction group fleets in the 1960s featuring previously unpublished photographs from Jim Blake's extensive archives Not only did these fleets which served most of England and Wales have a splendid variety of British built buses and coaches with chassis manufactured by the likes of AEC Crossley Daimler Dennis Guy and Leyland with bodywork by such firms as Park Royal Weymann Metro Cammell East Lancs Northern Counties Roe Duple Plaxton Willowbrook and Leyland again but they also had an array of distinctive liveries Many dated back to the early part of the century when the operators first started bus operation The smart maroon and cream of East Kent the dark green and cream of Maidstone District or the light green and cream of Southdown for example were supplemented by ornate fleet names often in gold lettering These three fleets were just a few of those that served seaside towns and will remind readers of holidays they spent in the 1950s and 60s Sadly the years covered by this book are the final years of the BET group which was taken over by the nationalised Transport Holding Company in late 1967 as a prelude to the creation of the National Bus Company under which the distinctive liveries of the BET group fleets and even some of the operators themselves would disappear The 1960s also saw the demise of many traditional types of bus that these fleets operated owing to the introduction of rear engined double deckers such as the Leyland Atlantean and Daimler Fleetline as well as the spread of one man operation Many of the photographs featured in this

book show the older types in their final days pure nostalgia for the transport enthusiast      **Scotland's Independent Coach Operators** David Devoy,2018-06-15 David Devoy looks at the independent coach operators of Scotland many of which are now just a memory      **The Buses and Coaches of Bristol and Eastern Coach Works** Nigel R B Furness,2014-03-31 The Buses and Coaches of Bristol and Eastern Coach Works outlines the history of Bristol Commercial Vehicles and Eastern Coach Works ECW two manufacturers that together developed some of the most familiar buses and coaches of the twentieth century The book covers the full production histories and specifications for the standard range of models produced from 1936 to 1983 The variety of engines used to power Bristol ECW is outlined and a mechanical specification for each chassis is provided along with a description of the different body styles produced by ECW for each chassis There is also a chapter on owners experiences and advice on buying a bus for preservation      Fife Buses From Alexanders (Fife) to Stagecoach Walter Burt,2012-07-15 The History of Fife buses from 1960 to the early 1990s      *The National Bus Company* Stephen Dowle,2017-03-15 Stephen Dowle presents a nostalgic look at the National Bus Company in the 1970s      **Arriva Serving Scotland** David Devoy,2018-11-15 David Devoy a former employee of Arriva in Scotland tells the story of another fascinating chapter of history in the Scottish bus scene with his superb collection of previously unpublished photographs      **Scottish Buses** Gavin Booth,2003-03 With a highly fragmented bus industry even though the major cities were dominated by the big four municipal operators and much else was controlled by the subsidaries of the Scottish Bus Group Scotland still managed to provide the bus enthusiast with an almost infinite variety of bus type and livery Part of this was the result of the very strong tradition of independent operators in places like Ayrshire but also the fact that whereas in England and Wales the National Bus Company imposed a rigid corporate style in Scotland the SBG allowed the constituent companies to retain much of their Individual identity Thus it was possible to see for example green buses from Lowland Scottish and yellow buses from Alexander Northern In towns and cities like Dundee and Edinburgh it was possible to see vehicles from the local municipal fleet alongside many of the different SBG liveries as well as those from noted independent operators standing on a major thoroughfare in any of these places you could see a huge variety of different coloured vehicles Following on from his earlier and hugely successful volume in the Heyday series covering Scottish bus operations Gavin Booth now provides a further exploration into the great variety of bus types and liveries to be found in Scotland over the past 30 years Although covering predominantly the era prior to deregulation and privatisation the book also examines the changes wrought in Scotland as a result of reforms from the mid 1970s onwards when names like Stagecoach came to the fore taking advantage of changed circumstances to launch new services As with the earlier Heyday volume the book includes over 80 vivid colour photographs showing bus operations in Scotland      North-East Scottish Independents Peter Findlay,2016-06-15 A wonderful collection of photographs showing the history and development of the independent bus and coach operators of north eastern Scotland      **National Bus Company Dual Purpose Vehicles** Michael Hitchen,2019-05-15 Previously unpublished photographs

documenting this fascinating and overlooked part of NBC vehicle history
