# THE SCOTTISH ENLIGHTENMENT AND HEGEL'S ACCOUNT OF "CIVIL SOCIETY"

BY

ROBERT M. HARRIS

RECEIVED: NOVEMBER 1998; REVISED: 1999

# Scottish Enlightenment And Hegels Account Of Civil Society

**Norbert Waszek**

## **Scottish Enlightenment And Hegels Account Of Civil Society:**

*The Scottish Enlightenment and Hegel's Account of 'Civil Society'* N. Waszek, 2012-12-06 The present study which investigates the influence of the Scottish Enlightenment on Hegel's account of civil society or bürgerliche Gesellschaft is based on my PhD thesis submitted to the University of Cambridge in September 1983 Its publication provides me with a welcome opportunity to acknowledge the help and encouragement I have received over the years from scholars friends and relations At the Ruhr University of Bochum where I began my studies I am indebted to Professor Otto Poggeler Director of the Hegel Archives to the other past and present members of staff at the Hegel Archives and to Professors Jiirgen Gebhardt Jiirgen von Kempfki Heinz Kimmerle and Leo Kofler It was my time at Bochum under the guidance of these scholars that kindled my love for the study of Hegel which proved to be a lasting romance In Scotland where I continued my studies and spent two fruitful and happy years I am indebted to George Elder Davie and Richard Gunn who first introduced me to the Scottish Enlightenment and to Professors R H Campbell and T D Campbell who supervised my research in that field At Cambridge where most of this study was prepared my greatest debt is to Duncan Forbes I am grateful for his supervision of my research but also beyond the scope of my research for what I have learned genuinely learned from the man

*The Scottish Enlightenment and Hegel's account of "civil society"* Norbert Waszek, 1988

**Paradoxes of Civil Society** Frank Trentmann, 2003-08-01 Civil Society has been experiencing a global renaissance among social movements and political thinkers during the last two decades This collection of original papers by junior and senior scholars offers an important comparative historical dimension to the debate by examining the historical roots of civil society in Germany and Britain from the seventeenth century revolutions to the beginning of the welfare state

**Ferguson: An Essay on the History of Civil Society** Adam Ferguson, 1996-02-01 Adam Ferguson's Essay on the History of Civil Society first published in 1767 is a classic of the Scottish and European Enlightenment Drawing on such diverse sources as classical authors and contemporary travel literature Ferguson offers a complex model of historical advance which challenges both Hume's and Smith's embrace of modernity and the primitivism of Rousseau Ferguson combines a subtle analysis of the emergence of modern commercial society with a critique of its abandonment of civic and communal virtues Central to Ferguson's theory of citizenship are the themes of conflict play political participation and military valour The Essay is a bold and novel attempt to reclaim the tradition of active virtuous citizenship and apply it to the modern state

*Civil Society* Sudipta Kaviraj, Sunil Khilnani, 2001-09-06 Civil society is one of the most used and abused concepts in current political thinking In this important collection of essays the concept is subjected to rigorous analysis by an international team of contributors all of whom seek to encourage the historical and comparative understanding of political thought The volume is divided into two parts the first section analyses the meaning of civil society in different theoretical traditions of Western philosophy In the second section contributors consider the theoretical and practical contexts in which the notion of civil society has been invoked in Asia

Africa and Latin America These essays demonstrate how an influential Western idea like civil society is itself altered and innovatively modified by the specific contexts of intellectual and practical life in the societies of the South

**Civil Society and Gender Justice** Karen Hagemann, Sonya Michel, Gunilla-Friederike Budde, 2008 Civil society and civic engagement have increasingly become topics of discussion at the national and international level The editors of this volume ask does the concept of civil society include gender equality and gender justice Or to frame the question differently is civil society a feminist concept Conversely does feminism need the concept of civil society This important volume offers both a revised gendered history of civil society and a program for making it more egalitarian in the future An interdisciplinary group of internationally known authors investigates the relationship between public and private in the discourses and practices of civil societies the significance of the family for the project of civil society the relation between civil society the state and different forms of citizenship and the complex connection between civil society gendered forms of protest and nongovernmental movements While often critical of historical instantiations of civil society all the authors nonetheless take seriously the potential inherent in civil society particularly as it comes to influence global politics They demand however an expansion of both the concept and project of civil society in order to make its political opportunities available to all

Property and Civil Society in South-Western Germany 1820-1914 Jonathan Sperber, 2005-09-22 Historians have often employed the concept of civil society an intermediary realm between the family and the state to analyse nineteenth century Europe and North America They have concentrated on voluntary associations the press and public meetings the constituent elements of Jürgen Habermas's public sphere in doing so overlooking a central element of nineteenth century civil society property and its disposition whether within the family or in the marketplace This book examines the place of property in the society of south western Germany during property's nineteenth century golden age It analyses the culture of property ownership and property transactions within families among business partners and competitors and among creditors and debtors The work considers the boundaries of property outlining relationships between neighbouring property owners and showing how property ownership helped shape social distinctions between men and women Christians and Jews the upper and lower classes the sane and the insane and between honourable and dishonourable actions It traces the development of property relations and property transactions from the end of the Napoleonic era to the eve of the First World War The book's conclusion compares conditions in south western Germany with those elsewhere in Europe and North America and considers changes in property relations occurring in Germany during the age of total war and in the post 1945 period in the light of structures and developments in the nineteenth century Based on extensive documentation from civil court records *Property and Civil Society in South Western Germany* presents its results through the recounting of intriguing sometimes bizarre but always revealing stories of legal disputes A reconsideration of the nature of civil society an analysis of nineteenth century social development and social conflict a study of the nature and action of the law in everyday life the book is also an ironic

and bemused look at the past human condition      **Hegel's Political Philosophy** Thom Brooks, Sebastian Stein, 2017-05-05 Hegel famously argues that his speculative method is a foundation for claims about socio political reality within a wider philosophical system This systematic approach is thought a superior alternative to all other ways of philosophical thinking Hegel's method and system have normative significance for understanding everything from ethics to the state Hegel's approach has attracted much debate among scholars about key philosophical questions and controversy about his proposed answers to them Is his method and system open to the charge of dogmatism Are his claims about the rationality of monarchy unequal gender relations an unelected second parliamentary chamber and a corporation based economy beyond revision This ground breaking collection of new essays by leading interpreters of Hegel's philosophy is dedicated to the questions that surround Hegel's philosophical method and its relationship to the conclusions of his political philosophy It contributes to the on going debate about the importance of a systematic context for political philosophy the relationship between theoretical and practical philosophy and engages with contemporary discussions about the shape of a rational social order      *Marx's Discourse with Hegel* N. Levine, 2012-02-21 The end of Stalinist Russia China's change under Deng Xiaoping and the publication of previously unexplored documents of Marx in the MEGA2 opened a new epoch in the analysis of Marx Marx's Discourse With Hegel is both a product and contribution to this rebirth of Marxism by its reformulation of the relationship between Hegel and Marx      Art, Myth and Society in Hegel's Aesthetics David James, 2011-11-03 Art Myth and Society in Hegel's Aesthetics returns to the student transcripts of Hegel's lectures on aesthetics which have yet to be translated into English and in some cases remain unpublished David James develops the idea that these transcripts show that Hegel was primarily interested in understanding art as an historical phenomenon and more specifically in terms of its role in the ethical life of various peoples This involves relating Hegel's aesthetics to his philosophies of right and history rather than to his logic or metaphysics The book thus offers a thorough re evaluation of Hegel's aesthetics and its relation to his theory of objective spirit exposing the ways in which Hegel's views on this subject are anchored in his reflections on history and on different forms of ethical life      **Hegel's Civic Republicanism** Kenneth Westphal, 2019-11-11 In this book Westphal offers an original interpretation of Hegel's moral philosophy Building on his previous study of the role of natural law in Hume's and Kant's accounts of justice Westphal argues that Hegel developed and justified a robust form of civic republicanism Westphal identifies for the first time the proper genre to which Hegel's Philosophical Outlines of Justice belongs and to which it so prodigiously contributes which he calls Natural Law Constructivism an approach developed by Hume Rousseau Kant and Hegel He brings to bear Hegel's adoption and augmentation of Kant's Critique of rational judgment and justification in all non formal domains to his moral philosophy in his Outlines Westphal argues that Hegel's justification for the standards of political legitimacy successfully integrates Rousseau's Independence Requirement into the role of public reason within a constitutional republic In these regards Hegel's moral and political principles are progressive not only in principle but also in

practice Hegel's Civic Republicanism will be of interest to scholars of moral philosophy social and political philosophy philosophy of law Hegel eighteenth and nineteenth century philosophy      **The Palgrave Hegel Handbook** Marina F. Bykova, Kenneth R. Westphal, 2020-04-29 This handbook presents the conceptions and principles central to every aspect of Hegel's systematic philosophy In twenty eight thematically linked chapters by leading international experts The Palgrave Hegel Handbook provides reliable scholarly overviews of each subject illuminates the main issues and debates and details concisely the considered views of each contributor Recent scholarship challenges traditional largely anti Kantian readings of Hegel focusing instead on Hegel's appropriation of Kantian epistemology to reconcile idealism with the rejection of foundationalism coherentism and skepticism Focused like Kant on showing how fundamental unities underlie the profusion of apparently independent events Hegel argued that reality is rationally structured so that its systematic structure is manifest to our properly informed thought Accordingly this handbook re assesses Hegel's philosophical aims methods and achievements and re evaluates many aspects of Hegel's enduring philosophical contributions ranging from metaphysics epistemology and dialectic to moral and political philosophy and philosophy of history Each chapter and The Palgrave Hegel Handbook as a whole provides an informed authoritative understanding of each aspect of Hegel's philosophy      **Heinrich Von Kleist** Jeffrey L. High, Rebecca Stewart, Rebecca Stewart-Gray, Elaine Chen, 2022 WINNER of the 2023 CHOICE Outstanding Academic Title Award Volume of new essays investigating Kleist's influences and sources both literary and philosophical their role as paradigms and the ways in which he responded to and often shattered them Heinrich von Kleist 1777 1811 was a rebel who upset canonization by employing his predecessors and contemporaries as what Steven Howe calls inspirational foils It was precisely a keen awareness of literary and philosophical traditions that allowed Kleist to shatter prevailing paradigms Though little is known about what specifically Kleist read the frequent allusions in his enduringly modern oeuvre indicate fruitful dialogues with both canonical and marginal works of European literature spanning antiquity The Old Testament Sophocles the Early Modern Period Shakespeare De Zayas the late Enlightenment Wieland Goethe Schiller and the first eleven years of the nineteenth century Mereau Brentano Collin Kleist's works also evidence encounters with his philosophical precursors and contemporaries including the ancient Greeks Aristotle and representatives of all phases of Enlightenment thought Montesquieu Rousseau Ferguson Spalding Fichte Kant Hegel economic theories Smith Kraus and developments in anthropology sociology and law This volume of new essays sheds light on Kleist's relationship to his literary and philosophical influences and on their function as paradigms to which his writings respond      The Cambridge Companion to Hegel Frederick C. Beiser, 1993-01-29 This volume considers all the major aspects of Hegel's work epistemology logic ethics political philosophy aesthetics philosophy of history and philosophy of religion      **Adam Ferguson: Philosophy, Politics and Society** Eugene Heath, 2015-09-30 Unique among the leading figures of the Scottish Enlightenment Ferguson saw two eighteenth century revolutions the American and the French This monograph contains a

set of essays that analyse Ferguson's philosophical political and sociological writings and the discourse which they prompted between Ferguson and other important figures      **Savage Economics** David L. Blaney, Naeem Inayatullah, 2010-01-04

Challenges the powerful and pervasive ideas concerning political economy international relations and ethics in the modern world This title provides a fundamental cultural critique of political economy and critically describes the nature of the mainstream understanding of economics      **The Concept of Property in Kant, Fichte, and Hegel** Jacob

Blumenfeld, 2023-12-12 This book provides a detailed account of the role of property in German Idealism It puts the concept of property in the center of the philosophical systems of Kant Fichte and Hegel and shows how property remains tied to their conceptions of freedom right and recognition The book begins with a critical genealogy of the concept of property in modern legal philosophy followed by a reconstruction of the theory of property in Kant's Doctrine of Right Fichte's Foundations of Natural Right and Hegel's Jena Realphilosophie By turning to the tradition of German Rechtsphilosophie as opposed to the more standard libertarian and utilitarian frameworks of property it explores the metaphysical normative political and material questions that make property intelligible as a social relation The book formulates a normative theory of property rooted in practical reason mutual recognition and social freedom This relational theory of property inspired by German Idealism brings a fresh angle to contemporary property theory Additionally it provides crucial philosophical background to 19th century debates on private property inequality labor socialism capitalism and the state The Concept of Property in Kant Fichte and Hegel will appeal to scholars and advanced students interested in 19th century German philosophy social and political philosophy philosophy of law political theory and political economy      **The Philosophy of Hegel** Allen

Speight, 2014-12-05 Few philosophers can induce as much puzzlement among students as Hegel His works are notoriously dense and make very few concessions for a readership unfamiliar with his systematic view of the world Allen Speight's introduction to Hegel's philosophy takes a chronological perspective on the development of Hegel's system In this way some of the most important questions in Hegelian scholarship are illuminated by examining in their respective contexts works such as the Phenomenology and the Logic Speight begins with the young Hegel and his writings prior to the Phenomenology focusing on the notion of positivity and how Hegel's social economic and religious concerns became linked to systematic and logical ones He then examines the Phenomenology in detail including its treatment of scepticism the problem of immediacy the transition from consciousness to self consciousness and the emergence of the social and historical category of Spirit The following chapter explores the Logic paying particular attention to a number of vexed issues associated with Hegel's claims to systematicity and the relation between the categories of Hegel's logic and nature or spirit Geist The final chapters discuss Hegel's ethical and political thought and the three elements of his notion of absolute spirit art religion and philosophy as well as the importance of history to his philosophical approach as a whole      **Inventing the Market** Lisa Herzog, 2013-04-25

Inventing the Market Smith Hegel and Political Theory analyses the constructions of the market in the thought of Adam

Smith and Georg Wilhelm Friedrich Hegel and discusses their relevance for contemporary political philosophy Combining the history of ideas with systematic analysis it contrasts Smith's view of the market as a benevolently designed contrivance of nature with Hegel's view of the market as a relic of the state of nature The differences in their views of the market are then connected to four central themes of political philosophy identity justice freedom and history The conceptualization of the labour market as an exchange of human capital or as a locus for the development of a professional identity has an impact on how one conceptualizes the relation between individual and community Comparing Smith's and Hegel's views of the market also helps to understand how social justice can be realized through or against markets and under what conditions it makes sense to apply a notion of desert to labour market outcomes For both authors markets are not only spaces of negative liberty but are connected to other aspects of liberty such as individual autonomy and political self government in subtle and complex ways Seeing Smith's and Hegel's account of the market as historical accounts however reminds us that markets are not a historical phenomena but depend on cultural and social preconditions and on the theories that are used to describe them The book as a whole argues for becoming more conscious of the pictures of the market that have shaped our understanding which can open up the possibility of alternative pictures and alternative realities Hegel and Right Philip J.

Kain, 2018-07-11 In this book Philip J Kain introduces Hegel's Philosophy of Right by focusing on disagreements both with standard interpretations of his work and with Hegel himself Arguing that Hegel's justification for punishment ultimately fails Kain shows how this failure brings into focus the inherent difficulties in justifying punishment at all thus producing a valuable Hegelian argument against punishment Whereas many of Hegel's critics have argued that he misunderstands Kant's categorical imperative Kain argues the opposite that Hegel has a sophisticated understanding of it and simply attempts to provide a broader ethical context for Kant's position In addressing these and other questions such as whether Hegel's theory of recognition properly understood can provide philosophical support for same sex marriage and whether supporting monarchy over democracy means that Hegel seeks less rather than greater power for the state Kain makes Hegel's work more approachable by drawing out philosophical points of independent importance

This is likewise one of the factors by obtaining the soft documents of this **Scottish Enlightenment And Hegels Account Of Civil Society** by online. You might not require more era to spend to go to the book establishment as skillfully as search for them. In some cases, you likewise reach not discover the revelation Scottish Enlightenment And Hegels Account Of Civil Society that you are looking for. It will enormously squander the time.

However below, gone you visit this web page, it will be for that reason no question simple to get as competently as download guide Scottish Enlightenment And Hegels Account Of Civil Society

It will not resign yourself to many get older as we explain before. You can accomplish it even though do something something else at home and even in your workplace. in view of that easy! So, are you question? Just exercise just what we find the money for below as capably as review **Scottish Enlightenment And Hegels Account Of Civil Society** what you subsequent to to read!

### **Scottish Enlightenment And Hegels Account Of Civil Society Introduction**

In today's digital age, the availability of Scottish Enlightenment And Hegels Account Of Civil Society books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Scottish Enlightenment And Hegels Account Of Civil Society books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Scottish Enlightenment And Hegels Account Of Civil Society books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Scottish Enlightenment And Hegels Account Of Civil Society versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Scottish Enlightenment And Hegels Account Of Civil Society books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Scottish Enlightenment And Hegels Account Of Civil Society books and manuals, several platforms offer an extensive collection of resources. One such platform is Project

Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Scottish Enlightenment And Hegels Account Of Civil Society books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Scottish Enlightenment And Hegels Account Of Civil Society books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Scottish Enlightenment And Hegels Account Of Civil Society books and manuals for download and embark on your journey of knowledge?

### **FAQs About Scottish Enlightenment And Hegels Account Of Civil Society Books**

1. Where can I buy Scottish Enlightenment And Hegels Account Of Civil Society books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
