Scottsdale Prophecies:

The Scottsdale Prophecies Doug Brendel, 2003-09 What are the chances that your future could be accurately predicted in a book or that you were destined to read this book at exactly this point in your life or that God loved you so much that he made sure you would find just what you needed just when you needed it and it turns out he planted it in your path 20 centuries ago Teaching pastor Doug Brendel offers Scripture based predictions for your personal life as he walks through the apostle Paul's first epistle to Timothy This study probes our everyday choices in a fresh new way How do I sort out clashing priorities How has my thinking been branded How do I choose the worthwhile battles When do I cut off an argument Am I overdoing it in some areas of my life Who are my leaders and why am I following them And more **Prophecy and Reason**

Andrew Cooper Fix, 2014-07-14 During the second half of the seventeenth century the entire intellectual framework of educated Europe underwent a radical transformation A secularized view of humanity and nature was replacing faith in the direct operation of God's will in the temporal world while a growing confidence in human reason and the Scientific Revolution turned back the epistemological skepticism spawned by the Reformation By focusing on the Dutch Collegiants a radical Protestant group that flourished in Holland from 1620 to 1690 Andrew Fix explicates the mechanisms at work in this crucial intellectual transition from traditional to modern European worldview Starting from Rijnsburg near Leiden the Collegiants spread over the course of the century to every major Dutch city At the same time their thinking evolved from a millenarian spiritualism influenced heavily by the sixteenth century Radical Reformation to a philosophical rationalism similar to the ideas of Spinoza Fix has taken on an important topic in the history of ideas the circumstances under which natural reason came to be accepted as an autonomous source of truth for the individual conscience He also has fresh and concrete things to say about the relationship between religion and science in early modern European history Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *God, Trump, and the 2020 Election* Stephen E. Strang, 2020-01-14 From the best selling author of *God and Donald Trump* which was brandished by the president at the World Economic Forum in Davos What's at stake in this election EVERYTHING In 2016 God raised up Donald Trump to lead America at a pivotal time Evangelicals who recognized this backed him more than any other presidential candidate in history Heading into 2020 the stakes in his reelection are even higher This election nine months after this book releases is a new fight for the soul of America Stephen E Strang makes the case that God wants America to be great because God has raised up America beginning with our Founding Fathers to be a beacon of light and hope for the world We've been the nation with

religious liberty that has supported those who have spread the gospel around the world In this book Strang looks at the election Trump and America from a spiritual perspective and helps Christians and others see God s hand at work This book is as much about God and His purposes as about Donald Trump But it is also an articulate impassioned apologetic about why all Christians must support this imperfect president because he has God s blessing and because the destiny of America is riding on his reelection This book also explores why he might lose if his base is overconfident and doesn t vote or if his opponents are dishonest enough to steal the election God Trump and the 2020 Election is an inside look at how the political climate is affected by spiritual warfare an important subject for Bible believing Christians The satanic schemes are so brazen on key issues that the book was written to explain what s at stake Strang believes that the intersection of faith and politics needs to be part of the national discussion about the division in our country Other Books By Stephen E Strang *God and Donald Trump* 2017 ISBN 13 978 1629994864 *Trump Aftershock* 2018 ISBN 13 978 1629995557 *Prophecy and Power: Jeremiah in Feminist and Postcolonial Perspective* Christl M. Maier, Carolyn J. Sharp, 2014-03-27 This volume advances the scholarly discussion of Jeremiah via rigorous feminist and postcolonialist theorizing of texts and interpretive issues in that prophetic book The essays here by seasoned scholars of Jeremiah offer significant traction on the biblical book s construction of the persona of Jeremiah and the subjectivity of Judah as subaltern analysis of gendered imagery for the speaking subject in Jeremiah and for the Judean social body exploration of rhetorics of imperialism and resistance and theological implications of feminist critical perspectives on YHWH and other deities represented in Jeremiah Essays here deftly synthesize historical literary and ideological critical insights in service of nuanced inquiry into Jeremiah as complex cultural production The collection represents the growing edge of recent critical thinking on Jeremiah in the United States Europe and elsewhere It should prove invaluable in shaping the parameters of the continuing scholarly conversation on the Book of Jeremiah

Terrible Revolution Christopher James Blythe,2020 *Terrible Revolution* is the history of apocalyptic visions in the Mormon experience Christopher James Blythe follows how last days beliefs informed the Church of Jesus Christ of Latter day Saints relationship with the United States and how the role of lay visionaries in the tradition changed Blythe s work draws on hundreds of little known archival sources to capture for the first time in scholarship the 200 year history of Mormon apocalypticism

Prophecies of the End-Times,1992-05 *Reckless Christianity* Holly Pivec,R. Douglas Geivett,2025-01-01 Bethel Church California is one of the most popular and polarising churches in America With its own Christian music label reports of miraculous healings and the manifestation of a glittering Glory cloud the congregation of Bethel Church is ever growing Bethel Church situates itself in the global movement of the New Apostolic Reformation believing that present day apostles and prophets must govern the church Some praise the church for the clear manifestation of God s activity others see the integration of controversial and hazardous practices into the church In *Reckless Christianity* Holly Pivec and R Douglas Geivett provide meticulous research and an incisive critique of the Bethel movement Citing its charismatic senior leader Bill Johnson as promoting a reckless Christianity Pivec and Geivett return to Scripture the authoritative Word of God to provide guidance on the boundaries of practice and where these boundaries are crossed In its pursuit of experimentation *Reckless Christianity* argues that the leaders of Bethel are pulling its followers into a dangerously speculative and experience driven Faith

Michael Maiden,2020-08-18 God s Prophetic Voice is Our Only Hope As Christians if we are not careful we will allow our culture or circumstances to influence our perspective of reality rather than relying on the voice of God As we live in the last days it is crucial that we learn to listen to the Holy Spirit and speak forth His words As chaos [Dictionary of the Old Testament: Prophets](#) G MCCONVILLE,MARK J BODA,2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel s unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed

for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament
