its philosophy was the intellectual foundation of the American Revolution and Declaration of Independence 1776 Thus the work is a revolutionary alternative to the traditional Anglocentric view that freedom democracy and human rights descended only from John Locke and England of the 1600s The work is the first historical analysis to locate and document the origin of the doctrine of the consent of the governed in the medieval scholar John Duns Scotus c 1290s four centuries before Locke and the English Whigs and in the evolutionary progress of mankind The work contends that the Arbrogath Declaration 1320 and its philosophy was the intellectual foundation of the American Revolution and Declaration of Independence 1776 After showing the Scottish influence on the U S Constitution Bill of Rights and the new Federal government the Braudelian style work traces the development of Scottish style freedom and human rights through the French Declaration of the Rights of Man and of the Citizen influenced by Jefferson Lincoln s Gettysburg Address that transformed Jefferson s Declaration and Eleanor Roosevelt s role in creating the U N Universal Declaration of Human Rights the foundation of the modern human rights struggle More information about this book is available at the authors website www.braveheartssoul.com Scottish Ancestry Sherry Irvine,2003 The world of genealogical research has changed dramatically in the years since this book debuted In this revised second edition Sherry Irvine mixes her award winning methodology with up to date instruction on how to utilize the latest computer and internet sources for Scottish research She also broadens the scope from a guide for North Americans to a useful resource for researchers from all over the globe For family historians researching Scottish roots this book continues to be indispensable **Scotland** Jenny Wormald,2005 Literature and Music in the Atlantic World, 1767-1867 Catherine Jones,2014-07-16 This new study looks at the relationship of rhetoric and music in the era s intellectual discourses texts and performance cultures principally in Europe and North America Catherine Jones begins by examining the attitudes to music and its performance by leading figures of the American Enlightenment and Revolution notably Benjamin Franklin and Thomas Jefferson She also looks at the attempts of Francis Hopkinson William Billings and others to harness the Orphean power of music so that it should become a progressive force in the creation of a new society She argues that the association of rhetoric and music that reaches back to classical Antiquity acquired new relevance and underwent new theorisation and practical application in the American Enlightenment in light of revolutionary Atlantic conditions Jones goes on to consider changes in the relationship of rhetoric and music in the nationalising milieu of the nineteenth century the connections of literature music and music theory to changing models of subjectivity and Romantic appropriations of Enlightenment visions of the public ethical function of music Program of the Annual Meeting - American Historical Association American Historical Association, Some programs include also the programs of societies meeting concurrently with the association **The Life of Adam Smith** Ian Simpson Ross,2010-09-23 In this the first full scale biography of Adam Smith for a hundred years Ian Simpson Ross brings his subject into historical light as a thinker and author by examining his family circumstance education career and social and intellectual circle including David Hume and Francois Quesnay Smith s
